# AMERICAN JOURNAL OF VETERINARY RESEARCH

Index for Volume 62
No. 1 – 12 January – December 2001

**Published by**

**AMERICAN VETERINARY MEDICAL ASSOCIATION**

**1931 N MEACHAM RD, SUITE 100, SCHAUMBURG, IL 60173-4360**

# Index to News

## A

**Academy of Veterinary Dentistry (AVD)**
Dentistry academy seeks grant proposals, 822

**Accreditation/Approval**
Task force to study AVMA's role in global accreditation, 152
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
WesternU granted letter of reasonable assurance, 650
WesternU drops antitrust lawsuit against AVMA, 820
Changes in accreditation standards drafted, 821
Foreign schools to receive site visits, 821
Site visits scheduled, 1186, 1837

**Adoption**
Maddie's Fund to give $2.2 million to UC-Davis for shelter medicine, research, 285

**Agriculture**
Science funding booming–except in agricultural research, 651

**Alabama**
Two oncology professorships announced at Auburn, 284
Researchers receive ARS honors, 821
Companies collaborate on animal vaccines, 822
Twelve veterinary schools awarded $350,000 in grants, 822

**Alternative and Complementary Therapies**
$3 million gift to Colorado State for natural therapies, 6

**American Academy of Veterinary Dermatology (AAVD)**
TAMU team receives dermatology, 1186

**American Animal Hospital Association (AAHA)**
Task force invites feline sarcoma research proposals, 1837

**American Association of Avian Pathologists (AAAP)**
Induced molting resolution fails, but delegate support for alternatives grows, 1342

**American Association of Equine Practitioners (AAEP)**
Equine research funded, 822

**American Association of Feline Practitioners (AAFP)**
Task force invites feline sarcoma research proposals, 1837

**American Association of Swine Practitioners (AASP)** *see* **American Association of Swine Veterinarians (AASV)**

**American Association of Swine Veterinarians (AASV)**
Swine association changes name to reflect diversity, 5

**American Association of Veterinary Clinicians (AAVC)**
Judy recognized by veterinary clinicians, 989
Delegates clarify eligibility for reduced dues, 1342

**American Association of Veterinary Immunologists (AAVI)**
CRWAD dedicated to Coggins, 4

**American Association of Veterinary Medical Colleges (AAVMC)**
Florida professor wins Iverson Bell Award, 1185

**American Association of Veterinary State Boards (AAVSB)**
PAVE program targeted in one of six resolutions, 989
AVMA, AAVSB talks "productive," 1838

**American Board of Veterinary Specialties (ABVS)**
ECFVG program modified for board certified candidates, 650

**American College of Laboratory Animal Medicine (ACLAM)**
Government evaluates distress of laboratory animals, 465

**American College of Veterinary Behaviorists (ACVB)**
Executive Board members win top spots, 1341

**American College of Veterinary Microbiologists (ACVM)**
CRWAD dedicated to Coggins, 4

**American College of Veterinary Nutrition (ACVN)**
Residents recognized for nutrition research, 285

**American College of Veterinary Pathologists (ACVP)**
Veterinary pathologists present awards, announce diplomates, 283

**American College of Veterinary Preventive Medicine (ACVPM)**
CRWAD dedicated to Coggins, 4

**American College of Veterinary Radiology (ACVR)**
Veterinary radiologists announce diplomates, resident award, 465

**American College of Veterinary Surgeons (ACVS)**
Research grants awarded to veterinary surgeons in training, 651
ACVS announces new diplomates, 822

**American Jersey Cattle Association**
Research proposals sought by Jersey cattle association, 1518

**American Journal of Veterinary Research (AJVR) Calls for Reviewers**
Be an *AJVR* reviewer, 821, 989

**American Society for Veterinary Clinical Pathology (ASVCP)**
Veterinary pathologists present awards, announce diplomates, 283

**American Society of Tropical Medicine and Hygiene (ASTMH)**
Tropical medicine, hygiene society issues call for papers, awards, 466

**American Veterinary Medical Foundation (AVMF)**
AVMF to release $740,000 in 2001, 6
Congressional Fellow to assist House Science Committee, 283
AVMF accepting research award nominations, 990
AVMF to release $150,000 in research grants, 1677
Foundation mounts appeal to aid animal victims of terrorist attack, 1677

**Anaplasmosis**
Collaboration aids Moroccan, American livestock producers, 990

**Animal Health**
Morris Animal Foundation announces 2002 funding, 1838

**Animal Health Institute (AHI)**
Task force invites feline sarcoma research proposals, 1837

**Animal Welfare**
Government evaluates distress of laboratory animals, 465
PHS animal welfare policy reprinted, 466

**Animal Welfare Act**
AVMA to take lead role on troubled appropriations committee, 152

**Antimicrobials**
Colorado research group to conduct antimicrobial use survey, 464

Bacteriophages a possible alternative to antimicrobials in animal production, 1839

**Appointments**
USP announces members of expert committees, 153
Jarboe to head Army research institute, 284
Iowa State names pathology leader as interim dean, 285
Paul named chief research officer at University of Nebraska, 650
Virginia-Maryland names research dean, 650
Be an *AJVR* reviewer, 821
Bayly named dean at Washington State, 988
Gelberg accepts deanship at Oregon State, 988
Whiteley to return to Illinois as dean, 988
Be an *AJVR* reviewer, 989
Alexander receives research appointment, 1343
Colorado State celebrates new dean, 1518
Fossum named to new cardiothoracic surgery chair, 1678
DeHaven promoted to acting associate administrator, 1838
Ackermann named to endowed chair at ISU, 1839

**Aquaculture**
International aquaculture award given, 989
USDA aquaculture center gets new home, 1677

**Arkansas**
USDA launches Web site on food safety research programs, 1518
USPOULTRY funds new research projects, 1838
Bacteriophages a possible alternative to antimicrobials in animal production, 1839

**Association of American Veterinary Medical Colleges (AAVMC)**
Executive Board pushes research initiative forward, 821

**Association of Avian Veterinarians (AAV)**
Avian veterinarians call for preproposals, 153
Induced molting resolution fails, but delegate support for alternatives grows, 1342

**Association of Teachers of Veterinary Public Health and Preventive Medicine (ATVPHPM)**
CRWAD dedicated to Coggins, 4

**Association of Veterinarians for Animal Rights (AVAR)**
PAVE program targeted in one of six resolutions, 989
Induced molting resolution fails, but delegate support for alternatives grows, 1342

**Australia**
Foreign schools to receive site visits, 821

**AVMA Animal Agriculture Liaison Committee (AALC)**
Biotechnology position adopted, 152

**AVMA Animal Welfare Forum**
Government evaluates distress of laboratory animals, 465

**AVMA Annual Convention**
Veterinarians honored at AVMA Annual Convention, 1341
Senator Kennedy: Need for veterinary medicine never greater, 1342
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343
Share your expertise; speak at 2003 AVMA convention, 1677

**AVMA/AVMF Congressional Science Fellowship Program**
Congressional Fellow to assist House Science Committee, 283
Becker to speak to Swiss scientists, 821
PAVE program targeted in one of six resolutions, 989
Recruitment for three Congressional Fellowships is on, 1837

**AVMA/AVMF Veterinary Medical Assistance Teams (VMATs)**
Foundation mounts appeal to aid animal victims of terrorist attack, 1677

**AVMA Committee on Veterinary Medical Informatics (CVMI)**
Board supports SNOMED, other informatics activities, 152

**AVMA Constitution and Bylaws**
Delegates approve dues increase and redistricting plan, 1341
Delegates clarify eligibility for reduced dues, 1342
Delegates vote against restructuring council, 1342

**AVMA Convention Management and Program Committee (CMPC)**
Share your expertise; speak at 2003 AVMA convention, 1677

**AVMA Council on Biologic and Therapeutic Agents (COBTA)**
PAVE program targeted in one of six resolutions, 989
Council members elected, 1342
Delegates vote against restructuring council, 1342

**AVMA Council on Education (COE)**
Task force to study AVMA's role in global accreditation, 152
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
ECFVG program modified for board certified candidates, 650
WesternU granted letter of reasonable assurance, 650
WesternU drops antitrust lawsuit against AVMA, 820
Changes in accreditation standards drafted, 821
Foreign schools to receive site visits, 821
Site visits scheduled, 1186
Council members elected, 1342
Site visits scheduled, 1837

**AVMA Council on Research (COR)**
Be an *AJVR* reviewer, 821, 989
AVMF accepting research award nominations, 990
Council members elected, 1342

**AVMA Councils and Committees**
Council members elected, 1342
Council, committee, trust nominations invited, 1518

**AVMA Dues**
Delegates clarify eligibility for reduced dues, 1342

**AVMA Educational Commission for Foreign Veterinary Graduates (ECFVG)**
ECFVG program modified for board certified candidates, 650
AVMA, AAVSB talks "productive," 1838

**AVMA Executive Board Districts**
Delegates approve dues increase and redistricting plan, 1341

**AVMA Executive Board**
Horner, Cook elected to Executive Board, 466
Executive Board pushes research initiative forward, 821
Foreign schools to receive site visits, 821
Pain management position adopted, 821
Executive Board members win top spots, 1341
Council, committee, trust nominations invited, 1518
AVMA, AAVSB talks "productive," 1838

**AVMA Governmental Relations Division**
Recruitment for three Congressional Fellowships is on, 1837

**AVMA House of Delegates (HOD)**
PAVE program targeted in one of six resolutions, 989
Delegates approve dues increase and redistricting plan, 1341
Executive Board members win top spots, 1341

Council members elected, 1342
Delegates clarify eligibility for reduced dues, 1342
Delegates vote against restructuring council, 1342
Induced molting resolution fails, but delegate support for alternatives grows, 1342
Council, committee, trust nominations invited, 1518

**AVMA Legislative Advisory Committee (LAC)**
AVMA to take lead role on troubled appropriations committee, 152
Executive Board pushes research initiative forward, 821

**AVMA Member Benefits**
Visit the AVMA Veterinary Career Center, 1837

**AVMA Panel on Euthanasia**
Reports published on euthanasia, vaccine-associated feline sarcomas in March 1 *JAVMA*, 283

**AVMA Political Action Committee (PAC)**
Senator Kennedy: Need for veterinary medicine never greater, 1342

**AVMA Position Statements**
AVMA clarifies position on surgical procedures by nonveterinary students, 152
Biotechnology position adopted, 152
Pain management position adopted, 821

**AVMA Resolutions**
PAVE program targeted in one of six resolutions, 989
Delegates vote against restructuring council, 1342
Induced molting resolution fails, but delegate support for alternatives grows, 1342

**AVMA Staff**
Scarfe joins AVMA Scientific Activities Division, 6

**AVMA Task Force on Veterinary Research**
Executive Board pushes research initiative forward, 821

**AVMA Web Site**
Changes in accreditation standards drafted, 821

**Awards**
CRWAD dedicated to Coggins, 4
Nephrology research awards conferred, 5
U of I professor recognized at highest level, 5
Moon in agricultural research hall of fame, 6
Veterinary pathologists present awards, announce diplomates, 283
Mebus receives honorary doctorate degree, 465
Veterinary radiologists announce diplomates, resident award, 465
Tropical medicine, hygiene society issues call for papers, awards, 466
Researchers receive ARS honors, 821
ARS scientists win top honors, 989
Judy recognized by veterinary clinicians, 989
PAVE program targeted in one of six resolutions, 989
AVMF accepting research award nominations, 990
Florida professor wins Iverson Bell Award, 1185
University of Minnesota honors pioneering veterinarians, 1185
Veterinarians honored at AVMA Annual Convention, 1341
Scientists crack code of chicken virus, 1343
WSU immunologist accepts international award, 1678
Awards nomination reminder, 1837

## B

**Babesiosis**
Collaboration aids Moroccan, American livestock producers, 990

**Bacteriophages**
Bacteriophages a possible alternative to antimicrobials in animal production, 1839

**Bayer Animal Health**
Veterinarians honored at AVMA Annual Convention, 1341
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343
Task force invites feline sarcoma research proposals, 1837

**Biocor**
Task force invites feline sarcoma research proposals, 1837

**Biologics**
USDA to hold public meeting on veterinary biologics, 285
Companies collaborate on animal vaccines, 822
Merial opens new North American headquarters, 1186

**Birds**
AVMA to take lead role on troubled appropriations committee, 152
Avian veterinarians call for preproposals, 153
Scientists crack code of chicken virus, 1343

**Blindness**
Gene therapy restores vision to blind dogs, 820

**Board Certification**
ECFVG program modified for board certified candidates, 650, 820

## C

**California**
Maddie's Fund to give $2.2 million to UC-Davis for shelter medicine, research, 285
WesternU granted letter of reasonable assurance, 650
WesternU drops antitrust lawsuit against AVMA, 820
New program aims at encouraging veterinary students into academic, research careers, 1185
Executive Board members win top spots, 1341

**Calls for Nominations**
Awards nomination reminder, 1837

**Calls for Papers**
Tropical medicine, hygiene society issues call for papers, awards, 466
Working dog presentations invited, 651
Research papers invited for CRWAD meeting, 1186

**Calls for Proposals**
Avian veterinarians call for preproposals, 153
Poultry research funds available, 651
Dentistry academy seeks grant proposals, 822
Share your expertise; speak at 2003 AVMA convention, 1677
Task force invites feline sarcoma research proposals, 1837

**Cardiology**
Fossum named to new cardiothoracic surgery chair, 1678

**Careers**
New program aims at encouraging veterinary students into academic, research careers, 1185
Veterinary students learn about biomedical research careers, 1678
Visit the AVMA Veterinary Career Center, 1837

**Cattle**
A new look at dystocia, 1517

**Cell Biology**
Pig liver cell line cultured, 1839

**Chile**
Corporate, trade issues unfold at Chile summit [C Brown], 1186

**Cloning**
FDA exploring safety aspects of cloned animals, 1517

**Coalition to Advance Animal and Human Health (CAAHH)**
Executive Board pushes research initiative forward, 821

**Colorado**
$3 million gift to Colorado State for natural therapies, 6
Voss to retire; Colorado begins search for new dean, 285
Colorado research group to conduct antimicrobial use survey, 464
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
Site visits scheduled, 1186
Colorado State celebrates new dean, 1518

**Conference of Research Workers in Animal Diseases (CRWAD)**
CRWAD dedicated to Coggins, 4
Research papers invited for CRWAD meeting, 1186

**Curriculum**
New program aims at encouraging veterinary students into academic, research careers, 1185
Corporate, trade issues unfold at Chile summit [C Brown], 1186

## D

**Dentistry**
Dentistry academy seeks grant proposals, 822

**Dermatology**
TAMU team receives dermatology, 1186

**Diplomates**
Veterinary pathologists present awards, announce diplomates, 283
Veterinary radiologists announce diplomates, resident award, 465
ACVS announces new diplomates, 822

**Disasters**
Foundation mounts appeal to aid animal victims of terrorist attack, 1677

**District of Columbia**
Becker to speak to Swiss scientists, 821

**Dogs**
Gene therapy restores vision to blind dogs, 820

**Dues**
Delegates approve dues increase and redistricting plan, 1341

**Dystocia**
A new look at dystocia, 1517

## E

**Elections**
Horner, Cook elected to Executive Board, 466
Executive Board members win top spots, 1341
Council members elected, 1342

**Employment**
APHIS recruiting veterinarians for deployment during a foreign animal disease outbreak, 153
Visit the AVMA Veterinary Career Center, 1837

**Endowments**
Ackermann named to endowed chair at ISU, 1839

**Epidemiology**
Collaboration aids Moroccan, American livestock producers, 990

***Escherichia coli***
*E coli* genome could lead to animal vaccines, 464
ARS develops ways to reduce *Salmonella* and *E coli*, 651
Bacteriophages a possible alternative to antimicrobials in animal production, 1839

**Euthanasia**
Reports published on euthanasia, vaccine-associated feline sarcomas in March 1 *JAVMA*, 283

**Externships**
Corporate, trade issues unfold at Chile summit [C Brown], 1186

## F

**Fellowships**
Research fellowships created at Iowa State, 1343
Recruitment for three Congressional Fellowships is on, 1837

**Fish**
International aquaculture award given, 989

**Florida**
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
Gene therapy restores vision to blind dogs, 820
Florida professor wins Iverson Bell Award, 1185
Site visits scheduled, 1186

**Food and Drug Administration - Center for Veterinary Medicine (FDA-CVM)**
FDA exploring safety aspects of cloned animals, 1517

**Food and Drug Administration (FDA)**
USDA launches Web site on food safety research programs, 1518

**Food Production**
Corporate, trade issues unfold at Chile summit [C Brown], 1186

**Food Safety**
ARS develops ways to reduce *Salmonella* and *E coli*, 651
USDA Agricultural Research Service maps *Listeria* genome, 1185
Corporate, trade issues unfold at Chile summit [C Brown], 1186
FDA exploring safety aspects of cloned animals, 1517
USDA launches Web site on food safety research programs, 1518
Bacteriophages a possible alternative to antimicrobials in animal production, 1839

**Foreign Animal Diseases**
APHIS recruiting veterinarians for deployment during a foreign animal disease outbreak, 153
Collaboration aids Moroccan, American livestock producers, 990

**Foreign Veterinary Graduates**
ECFVG program modified for board certified candidates, 650
AVMA, AAVSB talks "productive," 1838

**Fort Dodge Animal Health**
Corporate, trade issues unfold at Chile summit [C Brown], 1186
Research fellowships created at Iowa State, 1343
Task force invites feline sarcoma research proposals, 1837

**Funding**
AVMF to release $740,000 in 2001, 6
$3 million gift to Colorado State for natural therapies, 6
Maddie's Fund to give $2.2 million to UC-Davis for shelter medicine, research, 285
Equine research projects funded, 651
Science funding booming—except in agricultural research, 651
Dentistry academy seeks grant proposals, 822
Equine research funded, 822
Twelve veterinary schools awarded $350,000 in grants, 822
A close call for the National Zoo's Conservation and Research Center, 988
AVMF to release $150,000 in research grants, 1677
Task force invites feline sarcoma research proposals, 1837
Morris Animal Foundation announces 2002 funding, 1838
US POULTRY funds new research projects, 1838
Manufacturer helps college recover from fire, 1839

## G

**Galencia Pharmaceuticals Inc**
Companies collaborate on animal vaccines, 822

**Genetics**
*E coli* genome could lead to animal vaccines, 464
Microbial Genomics Workshop to help US take lead in sequencing animal pathogens, 464
Gene therapy restores vision to blind dogs, 820
A new look at dystocia, 1517

**Georgia**
Twelve veterinary schools awarded $350,000 in grants, 822
Corporate, trade issues unfold at Chile summit [C Brown], 1186
Merial opens new North American headquarters, 1186
Veterinary students learn about biomedical research careers, 1678
USPOULTRY funds new research projects, 1838

**Grants**
AVMF to release $740,000 in 2001, 6
$3 million gift to Colorado State for natural therapies, 6
Equine research projects funded, 651
Mastitis foundation invites research grant applications, 651
Research grants awarded to veterinary surgeons in training, 651
Dentistry academy seeks grant proposals, 822
Equine research funded, 822
Twelve veterinary schools awarded $350,000 in grants, 822
A close call for the National Zoo's Conservation and Research Center, 988
Research proposals sought by Jersey cattle association, 1518
Winn Feline Foundation seeks grant proposals, 1518
AVMF to release $150,000 in research grants, 1677
Task force invites feline sarcoma research proposals, 1837
Morris Animal Foundation announces 2002 funding, 1838
USPOULTRY funds new research projects, 1838

**Grayson-Jockey Club**
Equine research projects funded, 651

## H

**Hartz Mountain Corporation**
Veterinarians honored at AVMA Annual Convention, 1341
Manufacturer helps college recover from fire, 1839

**Herpesvirus**
Scientists crack code of chicken virus, 1343

**Hill's Pet Nutrition Inc**
Veterinarians honored at AVMA Annual Convention, 1341

**Horses**
Equine research projects funded, 651
Equine research funded, 822

**Human-Animal Bond**
AVMF to release $150,000 in research grants, 1677

**Humane Society of the United States (HSUS)**
Government evaluates distress of laboratory animals, 465

## I

**Illinois**
U of I professor recognized at highest level, 5
Whiteley to return to Illinois as dean, 988
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343
USPOULTRY funds new research projects, 1838

**Immunology**
WSU immunologist accepts international award, 1678

**Income**
Delegates approve dues increase and redistricting plan, 1341
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

**Indiana**
Twelve veterinary schools awarded $350,000 in grants, 822
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343
DeHaven promoted to acting associate administrator, 1838

**Induced Molting**
PAVE program targeted in one of six resolutions, 989
Induced molting resolution fails, but delegate support for alternatives grows, 1342

**Infectious Disease**
Research fellowships created at Iowa State, 1343

**Informatics**
Board supports SNOMED, other informatics activities, 152

**Institute for Genomic Research (IGR)**
USDA Agricultural Research Service maps *Listeria* genome, 1185

**Institutional Animal Care and Use Committees (IACUCs)**
Government evaluates distress of laboratory animals, 465

**International Renal Interest Society (IRIS)**
Nephrology research awards conferred, 5

**International Veterinary Medicine**
Task force to study AVMA's role in global accreditation, 152

**Internet**
Corporate, trade issues unfold at Chile summit [C Brown], 1186
Visit the AVMA Veterinary Career Center, 1837

**Intervet**
Task force invites feline sarcoma research proposals, 1837

**Iowa**
Iowa State names pathology leader as interim dean, 285
Twelve veterinary schools awarded $350,000 in grants, 822
Corporate, trade issues unfold at Chile summit [C Brown], 1186
Research fellowships created at Iowa State, 1343
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343
USDA launches Web site on food safety research programs, 1518
Ackermann named to endowed chair at ISU, 1839

## J

***Journal of the American Veterinary Medical Association (JAVMA)***
Reports published on euthanasia, vaccine-associated feline sarcomas in March 1 *JAVMA*, 283

## K

**Kansas**
USDA launches Web site on food safety research programs, 1518
Manufacturer helps college recover from fire, 1839

**KPMG-LLP Study**
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

## L

**Laboratory Animals**
AVMA to take lead role on troubled appropriations committee, 152
Government evaluates distress of laboratory animals, 465
PHS animal welfare policy reprinted, 466

**Legislation**
PHS animal welfare policy reprinted, 466

**Leishmaniasis**
Researchers hone in on leishmaniasis vaccine, 1517

**Licensure**
ECFVG program modified for board certified candidates, 650

***Listeria* spp**
USDA Agricultural Research Service maps *Listeria* genome, 1185

**Litigation**
WesternU granted letter of reasonable assurance, 650
WesternU drops antitrust lawsuit against AVMA, 820

**Liver**
Pig liver cell line cultured, 1839

**Livestock**
Collaboration aids Moroccan, American livestock producers, 990

**Louisiana**
Twelve veterinary schools awarded $350,000 in grants, 822

## M

**Maddie's Fund**
Maddie's Fund to give $2.2 million to UC-Davis for shelter medicine, research, 285

**Marek's Disease**
Scientists crack code of chicken virus, 1343

**Maryland**
Virginia-Maryland names research dean, 650
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

**Massachusetts**
Companies collaborate on animal vaccines, 822
Senator Kennedy: Need for veterinary medicine never greater, 1342

**Mastitis**
Mastitis foundation invites research grant applications, 651

**Meetings**
CRWAD dedicated to Coggins, 4
USDA to hold public meeting on veterinary biologics, 285
Working dog presentations invited, 651
Corporate, trade issues unfold at Chile summit [C Brown], 1186

**Merck**
Veterinary students learn about biomedical research careers, 1678

**Merial**
Corporate, trade issues unfold at Chile summit [C Brown], 1186
Merial opens new North American headquarters, 1186
Veterinary students learn about biomedical research careers, 1678
Task force invites feline sarcoma research proposals, 1837

**Michigan**
Equine research funded, 822
Twelve veterinary schools awarded $350,000 in grants, 822
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343
USPOULTRY funds new research projects, 1838

**Microbiology**
Microbial Genomics Workshop to help US take lead in sequencing animal pathogens, 464
Research fellowships created at Iowa State, 1343

**Military Veterinarians**
Jarboe to head Army research institute, 284

**Minnesota**
University of Minnesota honors pioneering veterinarians, 1185
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

**Minority Groups**
Florida professor wins Iverson Bell Award, 1185

**Mississippi**
Twelve veterinary schools awarded $350,000 in grants, 822
USDA aquaculture center gets new home, 1677

**Model Veterinary Practice Act**
AVMA, AAVSB talks "productive," 1838

**Montana**
A new look at dystocia, 1517

**Morocco**
Collaboration aids Moroccan, American livestock producers, 990

**Morris Animal Foundation**
Morris Animal Foundation announces 2002 funding, 1838

## N

**National Academy of Sciences (NAS)**
Executive Board pushes research initiative forward, 821

**National Commission on Veterinary Economic Issues (NCVEI)**
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

**National Human Genome Research Institute (NHGRI)**
*E coli* genome could lead to animal vaccines, 464

**National Institute for Biomedical Research (NABR)**
Government evaluates distress of laboratory animals, 465

**National Institute of Allergy and Infectious Diseases (NIAID)**
*E coli* genome could lead to animal vaccines, 464

**National Institutes of Health (NIH)**
PHS animal welfare policy reprinted, 466
Science funding booming–except in agricultural research, 651
Executive Board pushes research initiative forward, 821

**National Mastitis Council (NMC)**
Mastitis foundation invites research grant applications, 651

**National Research Council (NRC)**
Government evaluates distress of laboratory animals, 465

**National Science Foundation (NSF)**
Science funding booming–except in agricultural research, 651

**National Zoological Park**
A close call for the National Zoo's Conservation and Research Center, 988

**Nebraska**
Mebus receives honorary doctorate degree, 465
Paul named chief research officer at University of Nebraska, 650
Researchers receive ARS honors, 821

**New York**
Gene therapy restores vision to blind dogs, 820
Twelve veterinary schools awarded $350,000 in grants, 822
Task force invites feline sarcoma research proposals, 1837

**New Zealand**
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
Foreign schools to receive site visits, 821
Site visits scheduled, 1186

**Nominations**
AVMF accepting research award nominations, 990
Council, committee, trust nominations invited, 1518

**Novartis**
Task force invites feline sarcoma research proposals, 1837

**Nutritional Therapy**
Residents recognized for nutrition research, 285

## O

**Ohio**
Equine research funded, 822
Twelve veterinary schools awarded $350,000 in grants, 822
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343
Task force invites feline sarcoma research proposals, 1837

**Oklahoma**
Twelve veterinary schools awarded $350,000 in grants, 822
Alexander receives research appointment, 1343
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

**Oncology**
Two oncology professorships announced at Auburn, 284

**Oregon**
Dentistry academy seeks grant proposals, 822
Twelve veterinary schools awarded $350,000 in grants, 822
Gelberg accepts deanship at Oregon State, 988

## P

**Pain**
Government evaluates distress of laboratory animals, 465
Pain management position adopted, 821

**Pasteur Institute**
USDA Agricultural Research Service maps *Listeria* genome, 1185

**Pathology**
Microbial Genomics Workshop to help US take lead in sequencing animal pathogens, 464

**Pennsylvania**
Equine research funded, 822
Twelve veterinary schools awarded $350,000 in grants, 822

**Personnel Decisions International (PDI)**
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

**Pet Rescue**
Maddie's Fund to give $2.2 million to UC-Davis for shelter medicine, research, 285

**Pfizer Inc**
Companies collaborate on animal vaccines, 822
Task force invites feline sarcoma research proposals, 1837

**Pigs**
Pig liver cell line cultured, 1839

**Poultry**
Poultry research funds available, 651
USPOULTRY funds new research projects, 1838

**Program for the Assessment of Veterinary Education Equivalence (PAVE)**
PAVE program targeted in one of six resolutions, 989
AVMA, AAVSB talks "productive," 1838

**Public Health**
Colorado research group to conduct antimicrobial use survey, 464

## R

**Redistricting** *see* **AVMA Executive Board Districts**

**Regulations**
AVMA to take lead role on troubled appropriations committee, 152
Corporate, trade issues unfold at Chile summit [C Brown], 1186

**Research**
Nephrology research awards conferred, 5

AVMF to release $740,000 in 2001, 6
Moon in agricultural research hall of fame, 6
Jarboe to head Army research institute, 284
Two oncology professorships announced at Auburn, 284
Paul named chief research officer at University of Nebraska, 650
Equine research projects funded, 651
Poultry research funds available, 651
Executive Board pushes research initiative forward, 821
Research papers invited for CRWAD meeting, 1186
Veterinary students learn about biomedical research careers, 1678
Task force invites feline sarcoma research proposals, 1837
Morris Animal Foundation announces 2002 funding, 1838
USPOULTRY funds new research projects, 1838
Pig liver cell line cultured, 1839

**Residency Programs**
Residents recognized for nutrition research, 285

**Resources**
PHS animal welfare policy reprinted, 466

**Rotavirus**
Mebus receives honorary doctorate degree, 465

## S

***Salmonella* spp**
ARS develops ways to reduce *Salmonella* and *E coli*, 651

**Sarcomas**
Task force invites feline sarcoma research proposals, 1837

**Scheie Eye Institute**
Gene therapy restores vision to blind dogs, 820

**Schering-Plough**
Task force invites feline sarcoma research proposals, 1837

**Scholarships**
Residents recognized for nutrition research, 285
TAMU team receives dermatology, 1186

**Scotland**
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
Foreign schools to receive site visits, 821
Site visits scheduled, 1186

**Service Dogs**
Working dog presentations invited, 651

**Shelter Medicine**
Maddie's Fund to give $2.2 million to UC-Davis for shelter medicine, research, 285

**Smithsonian Institution**
A close call for the National Zoo's Conservation and Research Center, 988

**Standards**
Changes in accreditation standards drafted, 821

**Surgery**
AVMA clarifies position on surgical procedures by nonveterinary students, 152

**Surveys**
Colorado research group to conduct antimicrobial use survey, 464

**Switzerland**
Becker to speak to Swiss scientists, 821

**Symposia**
Veterinary students learn about biomedical research careers, 1678

**Synbiotics**
Task force invites feline sarcoma research proposals, 1837

**Systematized Nomenclature of Medicine (SNOMED)**
Board supports SNOMED, other informatics activities, 152

## T

**Tennessee**
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
Senator Kennedy: Need for veterinary medicine never greater, 1342

**Texas**
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
Site visits scheduled, 1186
TAMU team receives dermatology, 1186
Executive Board members win top spots, 1341
Fossum named to new cardiothoracic surgery chair, 1678

**Theileriosis**
Collaboration aids Moroccan, American livestock producers, 990

**Theriogenology**
A new look at dystocia, 1517

**Ticks**
Collaboration aids Moroccan, American livestock producers, 990

**Trade**
Corporate, trade issues unfold at Chile summit [C Brown], 1186

**Tropical Medicine**
Tropical medicine, hygiene society issues call for papers, awards, 466

**Turkeys**
Scientists crack code of chicken virus, 1343

## U

**US Army**
Jarboe to head Army research institute, 284

**US Congress**
Congressional Fellow to assist House Science Committee, 283
Senator Kennedy: Need for veterinary medicine never greater, 1342

**US Department of Agriculture - Agricultural Research Service (USDA-ARS)**
Moon in agricultural research hall of fame, 6
ARS develops ways to reduce *Salmonella* and *E coli*, 651
Researchers receive ARS honors, 821
ARS scientists win top honors, 989
Collaboration aids Moroccan, American livestock producers, 990
USDA Agricultural Research Service maps *Listeria* genome, 1185
Scientists crack code of chicken virus, 1343

A new look at dystocia, 1517
USDA launches Web site on food safety research programs, 1518
USDA aquaculture center gets new home, 1677
Bacteriophages a possible alternative to antimicrobials in animal production, 1839
Pig liver cell line cultured, 1839

**US Department of Agriculture - Animal and Plant Health Inspection Service (USDA-APHIS)**
AVMA to take lead role on troubled appropriations committee, 152
APHIS recruiting veterinarians for deployment during a foreign animal disease outbreak, 153
USDA to hold public meeting on veterinary biologics, 285
Government evaluates distress of laboratory animals, 465
Task force invites feline sarcoma research proposals, 1837
DeHaven promoted to acting associate administrator, 1838

**US Department of Agriculture - Cooperative State Research, Education, and Extension Service (USDA-CSREES)**
U of I professor recognized at highest level, 5
USDA launches Web site on food safety research programs, 1518

**US Department of Agriculture (USDA)**
Microbial Genomics Workshop to help US take lead in sequencing animal pathogens, 464
Science funding booming–except in agricultural research, 651
Corporate, trade issues unfold at Chile summit [C Brown], 1186
USDA launches Web site on food safety research programs, 1518

**US Department of Defense (DOD)**
Corporate, trade issues unfold at Chile summit [C Brown], 1186

**US Department of Education (DOE)**
Corporate, trade issues unfold at Chile summit [C Brown], 1186

**US Pharmacopoeia (USP)**
USP announces members of expert committees, 153

**US Poultry & Egg Association (USPEA)**
Poultry research funds available, 651
USPOULTRY funds new research projects, 1838

**US Public Health Service (USPHS)**
PHS animal welfare policy reprinted, 466

**US Senate**
Senator Kennedy: Need for veterinary medicine never greater, 1342

## V

**Vaccination**
*E coli* genome could lead to animal vaccines, 464
Microbial Genomics Workshop to help US take lead in sequencing animal pathogens, 464
Companies collaborate on animal vaccines, 822
Scientists crack code of chicken virus, 1343
Researchers hone in on leishmaniasis vaccine, 1517
AVMF to release $150,000 in research grants, 1677

**Vaccine-Associated Feline Sarcoma Task Force (VAFSTF)**
Reports published on euthanasia, vaccine-associated feline sarcomas in March 1 *JAVMA*, 283
Task force invites feline sarcoma research proposals, 1837

**Vaccine Site-associated Sarcoma**
Reports published on euthanasia, vaccine-associated feline sarcomas in March 1 *JAVMA*, 283

**Veterinary Cancer Society (VCS)**
Task force invites feline sarcoma research proposals, 1837

**Veterinary Colleges and Schools**
U of I professor recognized at highest level, 5
$3 million gift to Colorado State for natural therapies, 6
Two oncology professorships announced at Auburn, 284
Iowa State names pathology leader as interim dean, 285
Maddie's Fund to give $2.2 million to UC-Davis for shelter medicine, research, 285
Voss to retire; Colorado begins search for new dean, 285
Colorado research group to conduct antimicrobial use survey, 464
*E coli* genome could lead to animal vaccines, 464
Mebus receives honorary doctorate degree, 465
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
Virginia-Maryland names research dean, 650
WesternU granted letter of reasonable assurance, 650
Gene therapy restores vision to blind dogs, 820
WesternU drops antitrust lawsuit against AVMA, 820
Changes in accreditation standards drafted, 821
Foreign schools to receive site visits, 821
Twelve veterinary schools awarded $350,000 in grants, 822
Bayly named dean at Washington State, 988
Gelberg accepts deanship at Oregon State, 988
Whiteley to return to Illinois as dean, 988
Florida professor wins Iverson Bell Award, 1185
New program aims at encouraging veterinary students into academic, research careers, 1185
Site visits scheduled, 1186
TAMU team receives dermatology, 1186
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343
Colorado State celebrates new dean, 1518
Fossum named to new cardiothoracic surgery chair, 1678
Veterinary students learn about biomedical research careers, 1678
WSU immunologist accepts international award, 1678
Site visits scheduled, 1837
Task force invites feline sarcoma research proposals, 1837
Ackermann named to endowed chair at ISU, 1839
Manufacturer helps college recover from fire, 1839

**Veterinary Education**
Florida professor wins Iverson Bell Award, 1185
New program aims at encouraging veterinary students into academic, research careers, 1185
Corporate, trade issues unfold at Chile summit [C Brown], 1186

**Veterinary Practice**
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

**Veterinary Students**
New program aims at encouraging veterinary students into academic, research careers, 1185
Veterinary students learn about biomedical research careers, 1678

**Virginia**
Virginia-Maryland names research dean, 650
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

## W

**Washington**
Researchers receive ARS honors, 821
Bayly named dean at Washington State, 988
Veterinarians honored at AVMA Annual Convention, 1341
WSU immunologist accepts international award, 1678

**Websites**
Visit the AVMA Veterinary Career Center, 1837

**West Virginia**
USDA aquaculture center gets new home, 1677

**Winn Feline Foundation**
Winn Feline Foundation seeks grant proposals, 1518

**Wisconsin**
*E coli* genome could lead to animal vaccines, 464
The AVMA Council on Education has scheduled site visits to colleges of veterinary medicine at seven universities for 2001, 466
Site visits scheduled, 1186
Veterinary colleges to identify skills necessary for economic success; NCVEI will also use data, 1343

## Z

**Zoological Parks**
A close call for the National Zoo's Conservation and Research Center, 988

**Zoonoses**
Collaboration aids Moroccan, American livestock producers, 990

Zwick, Laura S, 284

# Index to Subjects

## A

**Abomasum**
Effect of orally administered cimetidine and ranitidine on abomasal luminal pH in clinically normal milk-fed calves [AF Ahmed et al], 1531

**Absorptiometry**
Use of dual energy x-ray absorptiometry for noninvasive body composition measurements in clinically normal dogs [SD Lauten et al], 1295
Correction, 1775

**Acetylpromazine**
Effects of acetylpromazine or morphine on urine production in halothane-anesthetized dogs [SA Robertson et al], 1922

**Actin**
Evaluation of the cardiac actin gene in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 33

***Actinobacillus pleuropneumoniae***
Relationship between mean body surface temperature measured by use of infrared thermography and ambient temperature in clinically normal pigs and pigs inoculated with *Actinobacillus pleuropneumoniae* [JA Loughmiller et al], 676

**Acupuncture**
Electroacupuncture-induced neural activation detected by use of manganese-enhanced functional magnetic resonance imaging in rabbits [J-H Chiu et al], 178

**Adenosine Triphosphate**
In vitro responses of equine colonic arterial and venous rings to adenosine triphosphate [J Tetens et al], 1928

**α-Adrenoceptors**
Cardiovascular effects of romifidine in dogs [BH Pypendop et al], 490
Characterization of α-adrenoceptor subtypes in smooth muscle of equine ileum [G Re et al], 1370

**Age**
Age-related quantitative alterations in lymphocyte subsets and immunoglobulin isotypes in healthy horses [D McFarlane et al], 1413
Effects of age, body weight, and heart rate on transmitral and pulmonary venous flow in clinically normal dogs [KE Schober et al], 1447
Effect of age and body weight on neurohumoral variables in healthy Cavalier King Charles Spaniels [AS Eriksson et al], 1818

**Albuterol**
Effects of aerosolized albuterol on physiologic responses to exercise in Standardbreds [MR Mazan et al], 1812

**Aleutian Disease**
Effect of a valine residue at codon 352 of the VP2 capsid protein on in vivo replication and pathogenesis of Aleutian disease parvovirus in mink [MAM Stevenson et al], 1658

**Allergy**
Characterization of house dust mite and scabies mite allergens by use of canine serum antibodies [RJ Schumann et al], 1344

**Alpacas**
Glucose tolerance testing in llamas and alpacas [CK Cebra et al], 682
Analysis of aqueous humor obtained from normal eyes of llamas and alpacas [ML Aubin et al], 1060
Seasonal changes in serum calcium, phosphorus, and vitamin D concentrations in llamas and alpacas [BB Smith et al], 1187
Effects of exogenous insulin on glucose tolerance in alpacas [CK Cebra et al], 1544

***American Journal of Veterinary Research (AJVR)* Instructions For Authors**
142, 456, 979, 1507, 1670, 1995

***American Journal of Veterinary Research (AJVR)* Reviewers**, 280

**β-Aminopropionitrile**
Effects of β-aminopropionitrile on equine tendon metabolism in vitro and on effects of insulin-like growth factor-I on matrix production by equine tenocytes [LA Dahlgren et al], 1557

**Amino Acids**
Metabolism of amino acids in cats with severe cobalamin defiency [CG Ruaux et al], 1852

**Amniotic Fluid**
Cytologic and biochemical changes associated with inoculation of amniotic fluid and meconium into lungs of neonatal rats [J Martínez-Burnes et al], 1636

**Analytic & Diagnostic Techniques**
Evaluation of a polyvalent enzyme-linked immunosorbent assay incorporating a recombinant p44 antigen for diagnosis of granulocytic ehrlichiosis in dogs and horses [LA Magnarelli et al], 29
Use of intraosseous blood for repeated hematologic and biochemical analyses in healthy pigs [SC Greco et al], 43
Use of western immunoblot for evaluation of myocardial dystrophin, α-sarcoglycan, and β-dystroglycan in dogs with idiopathic dilated cardiomyopathy [AW Spier et al], 67
Soluble scute proteins of healthy and ill desert tortoises (*Gopherus agassizii*) [BL Homer et al], 104
Use of an orally administered combined sugar solution to evaluate intestinal absorption and permeability in cats [KL Johnston et al], 111
Polymerase chain reaction analysis for viruses in paraffin-embedded myocardium from dogs with dilated cardiomyopathy or myocarditis [TR Maxson et al], 130
Results of cystometry and urethral pressure profilometry in dogs sedated with medetomidine or xylazine [CA Rawlings et al], 167
Comparison of number of *Streptococcus uberis* calculated on a volume or weight basis in sand and sawdust bedding [MT Gabler et al], 171
Results of intradermal tests in horses without atopy and horses with chronic obstructive pulmonary disease [G Lorch et al], 389
Determination of differential cell counts in feline bone marrow by use of flow cytometry [DJ Weiss], 474
Clinical signs, evaluation of bronchoalveolar lavage fluid, and assessment of pulmonary function in horses with inflammatory respiratory disease [LL Couëtil et al], 538
Use of a polymerase chain reaction assay to detect and differentiate two strains of *Haemobartonella felis* in naturally infected cats [WA Jensen et al], 604
Optimization of coagulometric tests that incorporate human plasma for determination of coagulation factor activities in canine plasma [R Mischke], 625
Determination of reference values for glucose tolerance, insulin tolerance, and insulin sensitivity tests in clinically normal cats [DJ Appleton et al], 630
Comparison of four methods for determination of total protein concentrations in pleural and peritoneal fluid from dogs [J-P Braun et al], 294
Letter [JW George], 648
Response, 648

Assessment of a point-of-care instrument for identification of primary hemostatic disorders in dogs [MB Callan et al], 652
Spectrum analysis of respiratory sounds in exercising horses with experimentally induced laryngeal hemoplegia or dorsal displacement of the soft palate [FJ Derksen et al], 659
Relationship between mean body surface temperature measured by use of infrared thermography and ambient temperature in clinically normal pigs and pigs inoculated with *Actinobacillus pleuropneumoniae* [JA Loughmiller et al], 676
Development of a technique for the in vivo assessment of flatulence in dogs [SB Collins et al], 1014
Results of intradermal tests in horses without atopy and horses with atopic dermatitis or recurrent urticaria [G Lorch et al], 1051
Thyroid function testing in Greyhounds [KR Gaughan et al], 1130
Treadmill study of the range of back movement at the walk in horses without back pain [TF Licka et al], 1173
Use of monoclonal antibodies to refine flow cytometric differential cell counting of canine bone marrow [DJ Weiss], 1273
Use of capillary electrophoresis to quantitate carbamylated hemoglobin concentrations in dogs with renal failure [R Heiene et al], 1302
Evaluation of plasma clearance of inulin in clinically normal and partially nephrectomized cats [K Miyamoto], 1332
Evaluation of a point-of-care coagulation analyzer for measurement of prothrombin time, activated partial thromboplastin time, and activated clotting time in dogs [LW Tseng et al], 1455
Correlation of QT dispersion with indices used to evaluate the severity of familial ventricular arrhythmias in Boxers [AW Spier et al], 1481
Development and evaluation of a highly sensitive and specific blocking enzyme-linked immunosorbent assay and polymerase chain reaction assay for diagnosis of bovine leukemia virus infection in cattle [SE Gutiérrez et al], 1571
Telomerase activity as a marker for malignancy in feline tissues [CD Cadile et al], 1578
Assessment of lithium dilution cardiac output as a technique for measurement of cardiac output in dogs [DJ Mason et al], 1255
Correction, 1611
Development of a functional scoring system in dogs with acute spinal cord injuries [NJ Olby et al], 1624
Comparison of ultrasonography and pharmacokinetic analysis of creatine kinase release for quantitative assessment of postinjection muscle damage in sheep [PJ Ferré et al], 1698
Repeatability of dorsolateral subluxation scores in dogs and correlation with macroscopic appearance of hip osteoarthritis [G Lust et al], 1711
Reliability of three bulk-tank antimicrobial residue detection assays used to test individual milk samples from cows with mild clinical mastitis [SN Gibbons-Burgener et al], 1716
Pressure profilometry of the lumbosacral disk in dogs [RAS Mitchell et al], 1734
Flow cytometric analysis of intracellular complexity and CD45 expression for use in rapid differentiation of leukocytes in bovine blood samples [LS Pelan-Mattocks et al], 1740
Validation of a novel high-sensitivity radioimmunoassay procedure for measurement of total thyroxine concentration in psittacine birds and snakes [CB Greenacre et al], 1750
In vitro effects of cyclooxygenase inhibitors in whole blood of horses, dogs, and cats [C Brideau et al], 1755
Evaluation of accuracy and reliability of indirect calorimetry for the measurement of resting energy expenditure in healthy dogs [E O'Toole et al], 1761
Use of dual energy x-ray absorptiometry for noninvasive body composition measurements in clinically normal dogs [SD Lauten et al], 1295
Correction, 1775
In vitro efficacy of chemotherapeutics as determined by 50% inhibitory concentrations in cell cultures of mammary gland tumors obtained from dogs [D Simon et al], 1825
Use of the 13C-octanoic acid breath test for assessment of solid-phase gastric emptying in dogs [CA Wyse et al], 1939

**Anatomy**
Comparison of bending modulus and yield strength between outer stratum medium and stratum medium zona alba in equine hooves [IP Wagner et al], 745
Myofibroblasts in the accessory ligament (distal check ligament) and the deep digital flexor tendon of foals [DK Hartzel et al], 823
Morphometric and anatomic study of the hind limb of a dog [R Shahar et al], 928
Morphologic stages of the equine embryo proper on days 17 to 40 after ovulation [DA Acker et al], 1358
Computed tomographic study of the effect of a tongue-tie on hyoid apparatus position and nasopharyngeal dimensions in anesthetized horses [CJ Cornelisse et al], 1865

**Anemia**
Antioxidant prevention of Heinz body formation and oxidative injury in cats [AS Hill et al], 370
Use of a polymerase chain reaction assay to detect and differentiate two strains of *Haemobartonella felis* in naturally infected cats [WA Jensen et al], 604

**Anesthesiology**
Pharmacodynamics and pharmacokinetics of ketoprofen enantiomers in sheep [AK Arifah et al], 77
Determination of optimal immobilizing doses of a medetomidine hydrochloride and ketamine hydrochloride combination in captive reindeer [KA Ryeng et al], 119
Arrhythmogenic effect of hypercapnia in ducks anesthetized with halothane [K Naganobu et al], 127
Respiratory reflexes in spontaneously breathing anesthetized dogs in response to nasal administration of sevoflurane, isoflurane, or halothane [T Mutoh et al], 311
Comparative efficacy of tricaine methanesulfonate and clove oil for use as anesthetics in red pacu *(Piaractus brachypomus)* [KK Sladky et al], 337
Comparison of detomidine and romifidine as premedicants before ketamine and halothane anesthesia in horses undergoing elective surgery [PM Taylor et al], 359
Clinical evaluation of established optimal immobilizing doses of medetomidine-ketamine in captive reindeer *(Rangifer tarandus tarandus)* [KA Ryeng et al], 406
Cardiovascular effects of romifidine in dogs [BH Pypendop et al], 490
Infusion of a combination of propofol and medetomidine for long-term anesthesia in ponies [R Bettschart-Wolfensberger et al], 500
Effects of diazepam and flumazenil on minimum alveolar concentrations for dogs anesthetized with isoflurane or a combination of isoflurane and fentanyl [PW Hellyer et al], 555
Sedative, analgesic, and cardiovascular effects of levomedetomidine alone and in combination with dexmedetomidine in dogs [E Kuusela et al], 616
Safety and efficacy of preoperative administration of meloxicam, compared with that of ketoprofen and butorphanol in dogs undergoing abdominal surgery [KA Mathews et al], 882
Analgesic, hemodynamic, and respiratory effects induced by caudal epidural administration of meperdine hydrochloride in mares [RT Skarda et al], 1001
Barrier pressure at the gastroesophageal junction in anesthetized dogs [KM Pratschke et al], 1068
Comparison of medetomidine and dexmedetomidine as premedicants in dogs undergoing propofol-isoflurane anesthesia [E Kuusela et al], 1073
Effects of dexamethasone on emesis in cats sedated with xylazine hydrochloride [C-M Ho et al], 1218

Cardiopulmonary effects of prolonged anesthesia via propofol-medetomidine infusion in ponies [R Bettschart-Wolfensberger et al], 1428
Effect of topical anesthesia of the laryngeal mucosa on upper airway mechanics in exercising horses [SJ Holcombe et al], 1706
Effects of nitrous oxide on mask induction of anesthesia with sevoflurane or isoflurane in dogs [T Mutoh et al], 1727
Cardiopulmonary evaluation of the use of medetomidine hydrochloride in cats [LA Lamont et al], 1745
Cardiopulmonary function in horses during anesthetic recovery in a hydropool [MC Richter et al], 1903
Effects of acetylpromazine or morphine on urine production in halothane-anesthetized dogs [SA Robertson et al], 1922

**Angiotensin**
Effects of the angiotensin converting enzyme inhibitor benazepril in cats with induced renal insufficiency [SA Brown et al], 375

**Animal Models**
Use of a murine xenograft model for canine transmissible venereal tumor [A Harmelin et al], 907

**Antibodies**
Use of an antineoepitope antibody for identification of type-II collagen degradation in equine articular cartilage [RC Billinghurst et al], 1031
Evaluation of monoclonal antibodies for identification of subpopulations of myeloid cells in bone marrow obtained from dogs [DJ Weiss], 1229
Use of monoclonal antibodies to refine flow cytometric differential cell counting of canine bone marrow [DJ Weiss], 1273
Adsorption of colostral antibodies against classical swine fever, persistence of maternal antibodies, and effect on response to vaccination in pigs [J Vandeputte et al], 1805

**Antimicrobial Residues**
Reliability of three bulk-tank antimicrobial residue detection assays used to test individual milk samples from cows with mild clinical mastitis [SN Gibbons-Burgener et al], 1716

**Antimicrobials**
Evaluation of polymyxin B in an ex vivo model of endotoxemia in horses [AK Parviainen et al], 72
Molecular epidemiologic features and antimocrobial susceptibility profiles of various ribotypes of *Pseudomonas aeruginosa* isolated from humans and ruminants [AL Rivas et al], 864
Effects of antibiotics on morphologic characteristics and migration of canine corneal epithelial cells in tissue culture [DVH Hendrix et al], 1664
Pharmacokinetics of azithromycin and concentration in body fluids and bronchoalveolar cells in foals [S Jacks et al], 1870
Pharmacokinetics and pharmacodynamics of danfloxacin in serum and tissue fluids of goats following intravenous and intramuscular administration [FS Aliabadi et al], 1979

**Antioxidants**
Antioxidant prevention of Heinz body formation and oxidative injury in cats [AS Hill et al], 370
Serum lipid peroxide and α-tocopherol concentrations and superoxide dismutase activity in captive bottle-nosed dolphins [M Kasamatsu et al], 1952

**Apoptosis**
Effects of *Mannheimia haemolytica* leukotoxin on apoptosis and oncosis of bovine neutrophils [LA Cudd et al], 136

**Aqueous Humor**
Fluorophotometric determination of aqueous humor flow rate in clinically normal dogs [DA Ward et al], 853
Effects of topical application of a 2% solution of dorzolamide on intraocular pressure and aqueous humor flow rate in clinically normal dogs [MA Cawrse et al], 859
Analysis of aqueous humor obtained from normal eyes of llamas and alpacas [ML Aubin et al], 1060

**Arrhythmias**
Correlation of QT dispersion with indices used to evaluate the severity of familial ventricular arrhythmias in Boxers [AW Spier et al], 1481

**Arthrocentesis**
Arthrocentesis of the temporomandibular joint in adult horses [DS Rosenstein et al], 729

**Aspirator**
Effects of changes in power setting of an ultrasonic aspirator on amount of damage to the cerebral cortex of healthy dogs [RS Bagley et al], 248

**Atopy**
Evaluation of the safety of an abbreviated course of injections of allergen extracts (rush immunotherapy) for the treatment of dogs with atopic dermatitis [RS Mueller et al], 307
Results of intradermal tests in horses without atopy and horses with chronic obstructive pulmonary disease [G Lorch et al], 389
Results of intradermal tests in horses without atopy and horses with atopic dermatitis or recurrent urticaria [G Lorch et al], 1051

**ATP-$MgCl_2$**
Alterations in systemic and local colonic hemodynamic variables associated with intravenous infusion of ATP-$MgCl_2$ in healthy anesthetized horses [J Tetens et al], 1240

**Atrial Natriuretic Peptide**
Effects of dilated cardiomyopathy on the renin-angiotensin-aldosterone system, atrial natriuretic peptide activity, and thyroid hormone concentrations in dogs [A Tidholm et al], 961

**Azithromycin**
Inoculation of two genotypes of *Hemobartonella felis* (California and Ohio variants) to induce infection in cats and the response to treatment with azithromycin [DS Westfall et al], 687
Pharmacokinetics of azithromycin and concentration in body fluids and bronchoalveolar cells in foals [S Jacks et al], 1870

## B

**Back Movement**
Treadmill study of the range of back movement at the walk in horses without back pain [TF Licka et al], 1173

**Bacteriology**
Bacteriologic and histologic features in mice after intranasal inoculation of *Brucella melitensis* [MG Mense et al], 398
Correction: 642

**Bass**
Prevalence of *Streptococcus iniae* in tilapia, hybrid striped bass, and channel catfish on commercial fish farms in the United States [CA Shoemaker et al], 174

**Beagles**
Use of plasma creatine kinase pharmacokinetics to estimate the amount of exercise-induced muscle damage in Beagles [GP Chanoit et al], 1375

**Bedding**
Comparison of number of *Streptococcus uberis* calculated on a volume or weight basis in sand and sawdust bedding [MT Gabler et al], 171

**Benazepril**
Effects of the angiotensin converting enzyme inhibitor benazepril in cats with induced renal insufficiency [SA Brown et al], 375

**Biomechanics**
Biomechanical properties of braided polyester tapes intended for use as intra-articular cranial cruciate ligament prostheses in dogs [H de Rooster et al], 48
Morphometric and anatomic study of the hind limb of a dog [R Shahar et al], 928

**Birds**
Development of the refractive state in eyes of ostrich chicks (*Struthio camelus*) [R Ofri et al], 812
Validation of a novel high-sensitivity radioimmunoassay procedure for measurement of total thyroxine concentration in psittacine birds and snakes [CB Greenacre et al], 1750

**Body Composition**
Use of dual energy x-ray absorptiometry for noninvasive body composition measurements in clinically normal dogs [SD Lauten et al], 1295
Correction, 1775

**Body Condition**
Maternal expression of functional lipoprotein lipase and effects on body fat mass and body condition scores of mature cats with lipoprotein lipase deficiency [RC Backus et al], 264

**Bone Marrow**
Determination of differential cell counts in feline bone marrow by use of flow cytometry [DJ Weiss], 474
Expression and distribution of the Kit receptor in bovine bone marrow cells [H Hikono et al], 974
Evaluation of monoclonal antibodies for identification of subpopulations of myeloid cells in bone marrow obtained from dogs [DJ Weiss], 1229
Use of monoclonal antibodies to refine flow cytometric differential cell counting of canine bone marrow [DJ Weiss], 1273

**Bone**
Evaluation of dual energy x-ray absorptiometry for in situ measurement of bone mineral density of equine metacarpi [SR McClure et al], 752
Site-specific adaptive remodeling of Greyhound metacarpal cortical bone subjected to asymmetrical cyclic loading [KA Johnson et al], 787

**Book Reviews**
IACUC Handbook, edited by Jerald Silverman, Mark A Suckow, and Sreekant Murthy [DM Moore], 978
Pathology of Laboratory Rodents & Rabbits, by Dean H Percy and Stephen W Barthold [E Blomme], 978

***Boophilus microplus***
Pathogenicity of four strains of entomopathogenic fungi against the bovine tick *Boophilus microplus* [SB Onofre et al], 1478

***Bordetella bronchiseptica***
Effects of intranasal inoculation with *Bordetella bronchiseptica*, porcine reproductive and respiratory syndrome virus, or a combination of both organisms on subsequent infection with *Pasteurella multocida* in pigs [SL Brockmeier et al], 521

***Borrelia burgdorferi***
Experimental induction of chronic borreliosis in adult dogs exposed to *Borrelia burgdorferi*-infected ticks and treated with dexamethasone [Y-F Chang et al], 1104

**Bovine Coronavirus**
Evaluation of concurrent shedding of bovine coronavirus via the respiratory tract and enteric route in feedlot cattle [K-O Cho et al], 1436

**Bovine Leukemia Virus**
Development and evaluation of a highly sensitive and specific blocking enzyme-linked immunosorbent assay and polymerase chain reaction assay for diagnosis of bovine leukemia virus infection in cattle [SE Gutiérrez et al], 1571

**Bovine Papillomavirus**
Bovine papillomavirus DNA in neoplastic and nonneoplastic tissues obtained from horses with and without sarcoids in the western United States [EA Carr et al], 741

**Bovine Viral Diarrhea Virus**
Relationship between degree of viremia and disease manifestations in calves with experimentally induced bovine viral diarrhea virus infection [PH Walz et al], 1095

**Boxers**
Heritability estimations for diseases, coat color, body weight, and height in a birth cohort of Boxers [ALJ Nielen et al], 1198
Correlation of QT dispersion with indices used to evaluate the severity of familial ventricular arrhythmias in Boxers [AW Spier et al], 1481

**Bronchus**
Comparative responses of bronchial rings to mediators of airway hyperreactivity in healthy horses and those affected with summer pasture-associated obstructive pulmonary disease [CS Venugopal et al], 259

***Brucella* spp**
Bacteriologic and histologic features in mice after intranasal inoculation of *Brucella melitensis* [MG Mense et al], 398
Correction, 642
Oral vaccination of sexually mature pigs with *Brucella abortus* vaccine strain RB51 [MD Edmonds et al], 1328
Attenuation of a *Brucella abortus* mutant lacking a major 25kDa outer membrane protein in cattle [MD Edmonds et al], 1461

**Bufexamac**
Effects of intra-articular injections of bufexamac suspension in healthy horses [MM Suominen et al], 1629

**Butorphanol**
Pharmacokinetics and adverse effects of butorphanol administered by single intravenous injection or continuous intravenous infusion in horses [DC Sellon et al], 183
Safety and efficacy of preoperative administration of meloxicam, compared with that of ketoprofen and butorphanol in dogs undergoing abdominal surgery [KA Mathews et al], 882

## C

**Calcium**
Prevalence and prognostic importance of hypomagnesemia and hypocalcemia in horses that have colic surgery [JM Garcia-Lopez et al], 7
Comparison of serum parathyroid hormone and ionized calcium and magnesium concentrations and fractional urinary clearance of calcium and phosphorus in healthy horses and horses with enterocolitis [RE Toribio et al], 938
Seasonal changes in serum calcium, phosphorus, and vitamin D concentrations in llamas and alpacas [BB Smith et al], 1187
Calcium sensitivity of force production and myofibrillar ATPase activity in muscles from Thoroughbreds with recurrent exertional rhabdomyolysis [JA Mlekoday et al], 1647

**Calcium Oxalate**
Ultrastructure of selected calcium oxalate-containing urinary calculi from dogs [RA Domingo-Neumann et al], 237

**California**
Spatial distribution of seropositivity to the causative agent of granulocytic ehrlichiosis in dogs in California [JE Foley et al], 1599

**Calorimetry**
Metabolic alterations in dogs with osteosarcoma [EM Mazzaferro et al], 1234
Evaluation of accuracy and reliability of indirect calorimetry for the measurement of resting energy expenditure in healthy dogs [E O'Toole et al], 1761

***Campylobacter jejuni***
Epidemiologic features of *Campylobacter jejuni* isolated from poultry broiler houses and surrounding environments as determined by use of molecular strain typing [EG Nesbit et al], 190

**Carbohydrates**
Effect of increased dietary protein and decreased dietary carbohydrate on performance and body composition in racing Greyhounds [RC Hill et al], 440

**Carbon Dioxide**
Arrhythmogenic effect of hypercapnia in ducks anesthetized with halothane [K Naganobu et al], 127

**Carboplatin**
In vitro efficacy of chemotherapeutics as determined by 50% inhibitory concentrations in cell cultures of mammary gland tumors obtained from dogs [D Simon et al], 1825

**Cardiomyopathy**
Evaluation of the cardiac actin gene in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 33
Use of western immunoblot for evaluation of myocardial dystrophin, α-sarcoglycan, and β-dystroglycan in dogs with idiopathic dilated cardiomyopathy [AW Spier et al], 67
Polymerase chain reaction analysis for viruses in paraffin-embedded myocardium from dogs with dilated cardiomyopathy or myocarditis [TR Maxson et al], 130
Correlations among time and frequency measures of heart rate variability recorded by use of a Holter monitor in overtly healthy Doberman Pinschers with and without echocardiographic evidence of dilated cardiomyopathy [CA Calvert et al], 1787

**Cardiovascular System**
Evaluation of the cardiac actin gene in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 33
Spectral analysis of circadian rhythms in heart rate variability of dogs [T Matsunaga et al], 37
Use of western immunoblot for evaluation of myocardial dystrophin, α-sarcoglycan, and β-dystroglycan in dogs with idiopathic dilated cardiomyopathy [AW Spier et al], 67
Arrhythmogenic effect of hypercapnia in ducks anesthetized with halothane [K Naganobu et al], 127
Polymerase chain reaction analysis for viruses in paraffin-embedded myocardium from dogs with dilated cardiomyopathy or myocarditis [TR Maxson et al], 130
In vitro pharmacologic effect of two endothelin-1 antagonists on equine colic arteries and veins [CS Venugopal et al], 154
Effects of intraluminal distention and decompression on microvascular permeability and hemodynamics of the equine jejunum [RM Dabareiner et al], 225
Reduction of diameter of the left ventricle of dogs by plication of the left ventricular free wall [JNBM de Andrade et al], 297
Effects of the angiotensin converting enzyme inhibitor benazepril in cats with induced renal insufficiency [SA Brown et al], 375
Usefulness of dobutamine stress tests for detection of cardiac abnormalities in dogs with experimentally induced early left ventricular dysfunction [K Mc Entee et al], 448
Cardiovascular effects of romifidine in dogs [BH Pypendop et al], 490
Sedative, analgesic, and cardiovascular effects of levomedetomidine alone and in combination with dexmedetomidine in dogs [E Kuusela et al], 616
Comparison of heartworm extract-induced shock and endotoxin-induced shock in dogs by determination of serum tumor necrosis factor concentrations [K Kitoh et al], 765
Role of histamine in heartworm extract-induced shock in dogs [K Kitoh et al], 770
Metabolic and structural abnormalities in dogs with early left ventricular dysfunction induced by incessant tachycardia [K Mc Entee et al], 889
Effects of dilated cardiomyopathy on the renin-angiotensin-aldosterone system, atrial natriuretic peptide activity, and thyroid hormone concentrations in dogs [A Tidholm et al], 961
Analgesic, hemodynamic, and respiratory effects induced by caudal epidural administration of meperdine hydrochloride in mares [RT Skarda et al], 1001
Effects of enalaprilat on cardiorespiratory, hemodynamic, and hematologic variables in exercising horses [WW Muir, III et al], 1008
Evaluation of hoof wall surface temperature as an index of digital vascular perfusion during the prodromal and acute phases of carbohydrate-induced laminitis in horses [DM Hood et al], 1167
Alterations in systemic and local colonic hemodynamic variables associated with intravenous infusion of ATP-MgCl2 in healthy anesthetized horses [J Tetens et al], 1240
Cardiopulmonary effects of prolonged anesthesia via propofol-medetomidine infusion in ponies [R Bettschart-Wolfensberger et al], 1428
Effects of age, body weight, and heart rate on transmitral and pulmonary venous flow in clinically normal dogs [KE Schober et al], 1447
Correlation of QT dispersion with indices used to evaluate the severity of familial ventricular arrhythmias in Boxers [AW Spier et al], 1481
Assessment of lithium dilution cardiac output as a technique for measurement of cardiac output in dogs [DJ Mason et al], 1255
Correction, 1611
Evaluation of ultrastructural changes associated with encephalomyocarditis virus in the myocardium of experimentally infected piglets [V Psychas et al], 1653
Cardiopulmonary evaluation of the use of medetomidine hydrochloride in cats [LA Lamont et al], 1745
Correlations among time and frequency measures of heart rate variability recorded by use of a Holter monitor in overtly healthy Doberman Pinschers with and without echocardiographic evidence of dilated cardiomyopathy [CA Calvert et al], 1787
Additive effects of a sodium chloride restricted diet and furosemide administration in healthy dogs [CS Lovern et al], 1793
Effect of age and body weight on neurohumoral variables in healthy Cavalier King Charles Spaniels [AS Eriksson et al], 1818
Cardiopulmonary function in horses during anesthetic recovery in a hydropool [MC Richter et al], 1903
In vitro responses of equine colonic arterial and venous rings to adenosine triphosphate [J Tetens et al], 1928
Effects of dietary fat and L-carnitine on plasma and whole blood taurine concentrations and cardiac function in healthy dogs

fed protein-restricted diets [SL Sanderson et al], 1616
Correction, 1968

L-carnitine
Effects of dietary fat and L-carnitine on plasma and whole blood taurine concentrations and cardiac function in healthy dogs fed protein-restricted diets [SL Sanderson et al], 1616
Correction, 1968

β-Carotene
Uptake of β-carotene by ovarian and uterine tissues and effects on steroidogenesis during the estrous cycle in cats [BP Chew et al], 1063

Carp
Induction of specific cytotoxic T-cell activity against xenogeneic target cells in carp *(Cyprinus carpio)* [K Yamamoto et al], 599

Carprofen
Effect of carprofen on hemostatic variables in dogs [FH Hickford et al], 1642

Cartilage
Effects of enrofloxacin and magnesium deficiency on matrix metabolism in equine articular cartilage [CLM Davenport et al], 160
Effect of contact stress in bones of the distal interphalangeal joint on microscopic changes in articular cartilage and ligaments [RM Bowker et al], 414
Concentrations of chondroitin sulfate epitopes 3B3 and 7D4 in synovial fluid after intra-articular and extracapsular reconstruction of the cranial cruciate ligament in dogs [KA Johnson et al], 581
Biochemical characterization of cartilage affected by osteochondritis dissecans in the humeral head of dogs [JL Tomlinson et al], 876
Use of an antineoepitope antibody for identification of type-II collagen degradation in equine articular cartilage [RC Billinghurst et al], 1031
Changes in molecular expression of aggrecan and collagen types I, II, and X, insulin-like growth factor-I, and transforming growth factor-b1 in articular cartilage obtained from horses with naturally-acquired osteochondrosis [SA Semevolos et al], 1088
Synovial fluid gelatinase concentrations and matrix metalloproteinase and cytokine expression in naturally occurring joint disease in horses [TN Trumble et al], 1467
Effects of oral administration of phenylbutazone to horses on in vitro articular cartilage metabolism [LA Beluche et al], 1916

Catfish
Prevalence of *Streptococcus iniae* in tilapia, hybrid striped bass, and channel catfish on commercial fish farms in the United States [CA Shoemaker et al], 174

Cats
Use of an orally administered combined sugar solution to evaluate intestinal absorption and permeability in cats [KL Johnston et al], 111
Evaluation of glycoprotein Ib expression on feline platelets [F Tablin et al], 195
Maternal expression of functional lipoprotein lipase and effects on body fat mass and body condition scores of mature cats with lipoprotein lipase deficiency [RC Backus et al], 264
Influence of age and sex on plasma lipid and lipoprotein concentrations and associated enzyme activities in cats [RF Butterwick et al], 331
Antioxidant prevention of Heinz body formation and oxidative injury in cats [AS Hill et al], 370
Effects of the angiotensin converting enzyme inhibitor benazepril in cats with induced renal insufficiency [SA Brown et al], 375
Determination of differential cell counts in feline bone marrow by use of flow cytometry [DJ Weiss], 474
Evaluation of a nonradioactive colorimetric assay for analysis of lymphocyte proliferation in healthy cats [KE Saker et al], 567
Use of plasma clearance of iohexol for estimating glomerular filtration rate in cats [K Miyamoto], 572
In vitro characterization of FIV-pPPR, a pathogenic molecular clone of feline immunodeficiency virus, and two drug-resistant *pol* gene mutants [MA McCrackin Stevenson et al], 588
Use of a polymerase chain reaction assay to detect and differentiate two strains of *Haemobartonella felis* in naturally infected cats [WA Jensen et al], 604
Determination of reference values for glucose tolerance, insulin tolerance, and insulin sensitivity tests in clinically normal cats [DJ Appleton et al], 630
Inoculation of two genotypes of *Hemobartonella felis* (California and Ohio variants) to induce infection in cats and the response to treatment with azithromycin [DS Westfall et al], 687
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for polyomavirus DNA and antigen [BA Kidney et al], 828
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for papillomavirus DNA and antigen [BA Kidney et al], 833
Selenium status of cats in four regions of the world and comparison with reported incidence of hyperthyroidism in cats in those regions [DJ Foster et al], 934
Uptake of b-carotene by ovarian and uterine tissues and effects on steroidogenesis during the estrous cycle in cats [BP Chew et al], 1063
Effects of dexamethasone on emesis in cats sedated with xylazine hydrochloride [C-M Ho et al], 1218
Evaluation of plasma clearance of inulin in clinically normal and partially nephrectomized cats [K Miyamoto], 1332
Establishment of two vaccine-associated feline sarcoma cell lines and determination of in vitro chemosensitivity to doxorubicin and mitoxantrone [LE Williams et al], 1354
Chronic ingestion of high concentrations of cholecalciferol in cats [TR Sih et al], 1500
Telomerase activity as a marker for malignancy in feline tissues [CD Cadile et al], 1578
Cardiopulmonary evaluation of the use of medetomidine hydrochloride in cats [LA Lamont et al], 1745
In vitro effects of cyclooxygenase inhibitors in whole blood of horses, dogs, and cats [C Brideau et al], 1755
Metabolism of amino acids in cats with severe cobalamin defiency [CG Ruaux et al], 1852
Experimental infection of cats with *Tritrichomonas foetus* [JL Gookin et al], 1690
Correction, 1951
Comparison of endogenous feline leukemia virus RNA content in feline vaccine and nonvaccine site-associated sarcomas [BA Kidney et al], 1990

Cattle
Effects of the synthetic selectin inhibitor TBC1269 on tissue damage during acute *Mannheimia haemolytica*-induced pneumonia in neonatal calves [ZA Radi et al], 17
Effects of *Mannheimia haemolytica* leukotoxin on apoptosis and oncosis of bovine neutrophils [LA Cudd et al], 136
Comparison of number of *Streptococcus uberis* calculated on a volume or weight basis in sand and sawdust bedding [MT Gabler et al], 171
Use of long-term vaccination with a killed vaccine to prevent fecal shedding of *Mycobacterium avium* subsp *paratuberculosis* in dairy herds [CHJ Kalis et al], 270
Cytotoxic effects of peroxynitrite, polymorphonuclear neutrophils, free-radical scavengers, inhibitors of myeloperoxidase, and inhibitors of nitric oxide synthase on bovine mammary secretory epithelial cells [TK Ledbetter et al], 286

Screening method for identification of β-lactams in bovine urine by use of liquid chromatography and a microbial inhibition test [JMB Musser et al], 326
Impact of doramectin treatment at the time of feedlot entry on the productivity of yearling steers with natural nematode infections [DS MacGregor et al], 622
Comparison of bronchoalveolar lavage fluid obtained from *Mannheimia haemolytica*-inoculated calves with and without prior treatment with the selectin inhibitor TBC1269 [JM Caverly et al], 665
Effects of long-term administration of recombinant bovine tumor necrosis factor-α on glucose metabolism and growth hormone secretion in steers [S Kushibiki et al], 794
Blood oxygen binding in calves with naturally occurring diarrhea [C Cambier et al], 799
Development of an ex vivo model to study adherence of *Mannheimia haemolytica* serovar 1 to mucosal tissues of the respiratory tract of cattle [JM Clarke et al], 805
Molecular epidemiologic features and antimocrobial susceptibility profiles of various ribotypes of *Pseudomonas aeruginosa* isolated from humans and ruminants [AL Rivas et al], 864
Effects of oral vitamin E supplementation during late gestation in beef cattle that calved in late winter and late summer [RT Bass II et al], 921
Expression and distribution of the Kit receptor in bovine bone marrow cells [H Hikono et al], 974
Use of a monovalent leptospiral vaccine to prevent renal colonization and urinary shedding in cattle exposed to *Leptospira borgpetersenii* serovar hardjo [CA Bolin et al], 995
Relationship between degree of viremia and disease manifestations in calves with experimentally induced bovine viral diarrhea virus infection [PH Walz et al], 1095
Characteristics and management practices associated with milk production in dairy herds in Ohio enrolled in official Dairy Herd Improvement Association programs [MJ Khaitsa et al], 1262
Water quality in cattle feedyard playas :n winter and summer [CW Purdy et al], 1402
Evaluation of concurrent shedding of bovine coronavirus via the respiratory tract and enteric route in feedlot cattle [K-O Cho et al], 1436
Attenuation of a *Brucella abortus* mutant lacking a major 25kDa outer membrane protein in cattle [MD Edmonds et al], 1461
Direct and indirect contact rates among beef, dairy, goat, sheep, and swine herds in three California counties, with reference to control of potential foot-and-mouth disease transmission [TW Bates et al], 1121
Correction, 1477
Involvement of microbial respiratory pathogens in acute interstitial pneumonia in feedlot cattle [GH Loneragan et al], 1519
Association of 3-methyleneindolenine, a toxic metabolite of 3-methylindole, with acute interstitial pneumonia in feedlot cattle [GH Loneragan et al], 1525
Effect of orally administered cimetidine and ranitidine on abomasal luminal pH in clinically normal milk-fed calves [AF Ahmed et al], 1531
Development and evaluation of a highly sensitive and specific blocking enzyme-linked immunosorbent assay and polymerase chain reaction assay for diagnosis of bovine leukemia virus infection in cattle [SE Gutiérrez et al], 1571
Number of *Cryptosporidium parvum* oocysts or *Giardia* spp cysts shed by dairy calves after natural infection [DV Nydam et al], 1612
Reliability of three bulk-tank antimicrobial residue detection assays used to test individual milk samples from cows with mild clinical mastitis [SN Gibbons-Burgener et al], 1716
Flow cytometric analysis of intracellular complexity and CD45 expression for use in rapid differentiation of leukocytes in bovine blood samples [LS Pelan-Mattocks et al], 1740
Activation-induced mobilization of secretory vesicles in bovine neutrophils [SD Swain et al], 1776
Expression of CD3 and CD11b antigens on blood and mammary gland leukocytes and bacterial survival in milk of cows with experimentally induced *Staphylococcus aureus* mastitis [AL Rivas et al], 1840
Comparison of deposition images obtained by use of an ultrafine 99m-technetium-labeled carbon dry aerosol with ventilation images obtained by use of 81m-krypton gas for evaluation of pulmonary dysfunction in calves [DM Votion et al], 1881
Evaluation of an autogenous *Salmonella* bacterin and a modified live *Salmonella* serotype Choleraesuis vaccine on a commercial dairy farm [JK House et al], 1897
Effects of vitamin E on urokinase-plasminogen activator receptor expression by bovine neutrophils [I Politis et al], 1934

**Cavalier King Charles Spaniels**
Effect of age and body weight on neurohumoral variables in healthy Cavalier King Charles Spaniels [AS Eriksson et al], 1818

**CD45**
Flow cytometric analysis of intracellular complexity and CD45 expression for use in rapid differentiation of leukocytes in bovine blood samples [LS Pelan-Mattocks et al], 1740

**Centrosomes**
Results of hyperamplification of centrosomes in naturally developing tumors of dogs [A Setoguchi et al], 1134

**Chemotherapy**
In vitro efficacy of chemotherapeutics as determined by 50% inhibitory concentrations in cell cultures of mammary gland tumors obtained from dogs [D Simon et al], 1825

**Chestnut**
Cytokeratins of the matrices of the chestnut (torus carpeus) and periople in horses with acute laminitis [OS Wattle], 425

**Cholecalciferol**
Chronic ingestion of high concentrations of cholecalciferol in cats [TR Sih et al], 1500

**Chondrocytes**
Effects of enrofloxacin and ciprofloxacin hydrochloride on canine and equine chondrocytes in culture [M Egerbacher et al], 704

**Chondroitin Sulfate**
Concentrations of chondroitin sulfate epitopes 3B3 and 7D4 in synovial fluid after intra-articular and extracapsular reconstruction of the cranial cruciate ligament in dogs [KA Johnson et al], 581

**Chromatography**
Screening method for identification of β-lactams in bovine urine by use of liquid chromatography and a microbial inhibition test [JMB Musser et al], 326

**Chronic Obstructive Pulmonary Disease (COPD)**
Results of intradermal tests in horses without atopy and horses with chronic obstructive pulmonary disease [G Lorch et al], 389
Evaluation of collagenase activity, matrix metalloproteinase-8, and matrix metalloproteinase-13 in horses with chronic obstructive pulmonary disease [SM Raulo et al], 1142
Plasma and bronchalveolar fluid concentrations of nitric oxide and localization of nitric oxide synthesis in the lungs of horses with summer pasture-associated obstructive pulmonary disease [LRR Costa et al], 1381

*Continued on next page.*

**Cimetidine**
Effect of cimetidine on pharmacokinetics of orally administered cyclosporine in healthy dogs [JC Daigle et al], 1046
Effect of orally administered cimetidine and ranitidine on abomasal luminal pH in clinically normal milk-fed calves [AF Ahmed et al], 1531

**Ciprofloxacin**
Effects of enrofloxacin and ciprofloxacin hydrochloride on canine and equine chondrocytes in culture [M Egerbacher et al], 704

**Circadian Rhythms**
Spectral analysis of circadian rhythms in heart rate variability of dogs [T Matsunaga et al], 37

**Cisplatin**
In vitro efficacy of chemotherapeutics as determined by 50% inhibitory concentrations in cell cultures of mammary gland tumors obtained from dogs [D Simon et al], 1825

**Clinical Pathology**
Prevalence and prognostic importance of hypomagnesemia and hypocalcemia in horses that have colic surgery [JM Garcia-Lopez et al], 7
Effect of repetitive bronchoalveolar lavage on cytologic findings in healthy dogs [MM Rajamäki et al], 13
Use of intraosseous blood for repeated hematologic and biochemical analyses in healthy pigs [SC Greco et al], 43
Influence of age and sex on plasma lipid and lipoprotein concentrations and associated enzyme activities in cats [RF Butterwick et al], 331
Role of excessive maternal iron in the pathogenesis of congenital leukoencephalomalacia in captive black rhinoceroses *(Diceros bicornis)* [DE Paglia et al], 343
von Willebrand disease phenotype and von Willebrand factor marker genotype in Doberman Pinschers [MB Brooks et al], 364
Antioxidant prevention of Heinz body formation and oxidative injury in cats [AS Hill et al], 370
Determination of differential cell counts in feline bone marrow by use of flow cytometry [DJ Weiss], 474
Effects of sodium citrate, low molecular weight heparin, and prostaglandin E1 on aggregation, fibrinogen binding, and enumeration of equine platelets [JK Kingston et al], 547
Evaluation of a nonradioactive colorimetric assay for analysis of lymphocyte proliferation in healthy cats [KE Saker et al], 567
Amidolytic heparin activity and values for several hemostatic variables after repeated subcutaneous administration of high doses of a low molecular weight heparin in healthy dogs [R Mischke et al], 595
Optimization of coagulometric tests that incorporate human plasma for determination of coagulation factor activities in canine plasma [R Mischke], 625
Comparison of four methods for determination of total protein concentrations in pleural and peritoneal fluid from dogs [J-P Braun et al], 294
Letter [JW George], 648
Response, 648
Assessment of a point-of-care instrument for identification of primary hemostatic disorders in dogs [MB Callan et al], 652
Glucose tolerance testing in llamas and alpacas [CK Cebra et al], 682
Effect of storage conditions on hemostatic parameters of canine plasma obtained for transfusion [C Iazbik et al], 734
Effects of long-term administration of recombinant bovine tumor necrosis factor-α on glucose metabolism and growth hormone secretion in steers [S Kushibiki et al], 794
Blood oxygen binding in calves with naturally occurring diarrhea [C Cambier et al], 799
Comparison of serum parathyroid hormone and ionized calcium and magnesium concentrations and fractional urinary clearance of calcium and phosphorus in healthy horses and horses with enterocolitis [RE Toribio et al], 938
Seasonal changes in serum calcium, phosphorus, and vitamin D concentrations in llamas and alpacas [BB Smith et al], 1187
Evaluation of monoclonal antibodies for identification of subpopulations of myeloid cells in bone marrow obtained from dogs [DJ Weiss], 1229
Use of monoclonal antibodies to refine flow cytometric differential cell counting of canine bone marrow [DJ Weiss], 1273
Evaluation of plasma clearance of inulin in clinically normal and partially nephrectomized cats [K Miyamoto], 1332
Estimation of the probability for exceeding thresholds of urine specific gravity and plasma concentration of furosemide at various intervals after intravenous administration of furosemide in horses [KK Chu et al], 1349
Effect of carprofen on hemostatic variables in dogs [FH Hickford et al], 1642
Flow cytometric analysis of intracellular complexity and CD45 expression for use in rapid differentiation of leukocytes in bovine blood samples [LS Pelan-Mattocks et al], 1740
Comparison of urine composition of healthy Labrador Retrievers and Miniature Schnauzers [AE Stevenson et al], 1782
Additive effects of a sodium chloride restricted diet and furosemide administration in healthy dogs [CS Lovern et al], 1793

**Cloprostenol**
Luteal and clinical response following administration of dinoprost tromethamine or cloprostenol at standard intramuscular sites or at the lumbosacral acupuncture point in mares [GJ Nie et al], 1285

**Clove Oil**
Comparative efficacy of tricaine methanesulfonate and clove oil for use as anesthetics in red pacu *(Piaractus brachypomus)* [KK Sladky et al], 337

**Coagulation**
Amidolytic heparin activity and values for several hemostatic variables after repeated subcutaneous administration of high doses of a low molecular weight heparin in healthy dogs [R Mischke et al], 595
Optimization of coagulometric tests that incorporate human plasma for determination of coagulation factor activities in canine plasma [R Mischke], 625
Evaluation of a point-of-care coagulation analyzer for measurement of prothrombin time, activated partial thromboplastin time, and activated clotting time in dogs [LW Tseng et al], 1455
Molecular and genetic basis for thrombasthenic thrombopathia in Otterhounds [MK Boudreaux et al], 1797
Anticoagulant effects of repeated subcutaneous injections of high doses of unfractionated heparin in healthy dogs [RH Mischke et al], 1887

**Cobalamin**
Metabolism of amino acids in cats with severe cobalamin defiency [CG Ruaux et al], 1852

**13C-Octanoic Acid**
Use of the 13C-octanoic acid breath test for assessment of solid-phase gastric emptying in dogs [CA Wyse et al], 1939

**Colic**
Prevalence and prognostic importance of hypomagnesemia and hypocalcemia in horses that have colic surgery [JM Garcia-Lopez et al], 7
Effects of intraluminal distention and decompression on microvascular permeability and hemodynamics of the equine jejunum [RM Dabareiner et al], 225

Alterations in systemic and local colonic hemodynamic variables associated with intravenous infusion of ATP-MgCl2 in healthy anesthetized horses [J Tetens et al], 1240
In vitro evaluation of a customized solution for use in attenuating effects of ischemia and reperfusion in the equine small intestine [LM Van Hoogmoed et al], 1679

**Collagen**
Effects of exercise on the diameter of collagen fibrils in the central core and periphery of the superficial digital flexor tendon in foals [W Cherdchutham et al], 1563

**Collagenase**
Evaluation of collagenase activity, matrix metalloproteinase-8, and matrix metalloproteinase-13 in horses with chronic obstructive pulmonary disease [SM Raulo et al], 1142

**Colostrum**
Adsorption of colostral antibodies against classical swine fever, persistence of maternal antibodies, and effect on response to vaccination in pigs [J Vandeputte et al], 1805

**Computed Tomography**
Computed tomographic study of the effect of a tongue-tie on hyoid apparatus position and nasopharyngeal dimensions in anesthetized horses [CJ Cornelisse et al], 1865
Computed tomography of the tarsal joint in clinically normal dogs [IM Gielen et al], 1911

**Congestive Heart Failure**
Usefulness of dobutamine stress tests for detection of cardiac abnormalities in dogs with experimentally induced early left ventricular dysfunction [K Mc Entee et al], 448

**Contact Stress**
Effect of contact stress in bones of the distal interphalangeal joint on microscopic changes in articular cartilage and ligaments [RM Bowker et al], 414

**Copper**
Effect of chronic exposure to excess dietary copper and dietary selenium supplementation on liver specimens from rats [EM Aburto et al], 1423

**Cornea**
Density of corneal endothelial cells and corneal thickness in eyes of euthanatized horses [SE Andrew et al], 479
Effects of antibiotics on morphologic characteristics and migration of canine corneal epithelial cells in tissue culture [DVH Hendrix et al], 1664

**Corrections**
Norepinephrine kinetics in dogs with experimentally induced renal vascular hypertension (*AJVR*, 2000;61:1538), 608
Bacteriologic and histologic features in mice after intranasal inoculation of *Brucella melitensis* (*AJVR*, 2001;62:328), 642
Effect of maternal immunity on the immune response to oral vaccination against rabies in young foxes (*AJVR*, 2001;62:1154), 1401
Effects of subclinical pregnant toxemia on immune responses in sheep (*AJVR*, 2001;62:1020), 1446
Direct and indirect contact rates among beef, dairy, goat, sheep, and swine herds in three California counties, with reference to control of potential foot-and-mouth disease transmission (*AJVR*, 2001;62:1121), 1477
Assessment of lithium dilution cardiac output as a technique for measurement of cardiac output in dogs (*AJVR*, 2001;62:1255), 1611
Use of dual energy x-ray absorptiometry for noninvasive body composition measurements in clinically normal dogs (*AJVR*, 2001;1295), 1775
Use of a sample size for estimating efficacy of a vaccine against an infectious disease (*AJVR*, 2001;62:1582), 1902
Experimental infection of cats with *Tritrichomonas foetus* (*AJVR*, 2001;62:1690), 1951
Effects of dietary fat and L-carnitine on plasma and whole blood taurine concentrations and cardiac function in healthy dogs fed protein-restricted diets (*AJVR*, 2001;62:1616), 1968

**Creatine Kinase**
Use of plasma creatine kinase pharmacokinetics to estimate the amount of exercise-induced muscle damage in Beagles [GP Chanoit et al], 1375
Comparison of ultrasonography and pharmacokinetic analysis of creatine kinase release for quantitative assessment of postinjection muscle damage in sheep [PJ Ferré et al], 1698

***Cryptosporidium* spp**
Fecal shedding of *Giardia duodenalis*, *Cryptosporidium parvum*, *Salmonella* organisms, and *Escherichia coli* O157:H7 from llamas in California [FC Rulofson et al], 637
Number of *Cryptosporidium parvum* oocysts or *Giardia* spp cysts shed by dairy calves after natural infection [DV Nydam et al], 1612
Experimental infection of cats with *Tritrichomonas foetus* [JL Gookin et al], 1690
Correction, 1951

**Cyclooxygenase**
In vitro effects of cyclooxygenase inhibitors in whole blood of horses, dogs, and cats [C Brideau et al], 1755
Investigation of mRNA expression of tumor necrosis factor-α interleukin-1β and cyclooxygenase-2 in cultured equine digital artery smooth muscle cells after exposure to endotoxin [DH Rodgerson et al], 1957

**Cyclosporine**
Effect of cimetidine on pharmacokinetics of orally administered cyclosporine in healthy dogs [JC Daigle et al], 1046
Use of an intravitreal sustained-release cyclosporine delivery device for treatment of equine recurrent uveitis [BC Gilger et al], 1892

**Cystometry**
Results of cystometry and urethral pressure profilometry in dogs sedated with medetomidine or xylazine [CA Rawlings et al], 167

**Cytokeratins**
Cytokeratins of the matrices of the chestnut (torus carpeus) and periople in horses with acute laminitis [OS Wattle], 425

**Cytokines**
Expression of interleukin-1b in the digital laminae of horses in the prodromal stage of experimentally induced laminitis [GL Fontaine et al], 714
Expression and distribution of the Kit receptor in bovine bone marrow cells [H Hikono et al], 974
Synovial fluid gelatinase concentrations and matrix metalloproteinase and cytokine expression in naturally occurring joint disease in horses [TN Trumble et al], 1467
Investigation of mRNA expression of tumor necrosis factor-α interleukin-1β and cyclooxygenase-2 in cultured equine digital artery smooth muscle cells after exposure to endotoxin [DH Rodgerson et al], 1957

**Cytology**
Effect of repetitive bronchoalveolar lavage on cytologic findings in healthy dogs [MM Rajamäki et al], 13
Clinical signs, evaluation of bronchoalveolar lavage fluid, and assessment of pulmonary function in horses with inflammatory respiratory disease [LL Couëtil et al], 538

Comparison of bronchoalveolar lavage fluid obtained from *Mannheimia haemolytica*-inoculated calves with and without prior treatment with the selectin inhibitor TBC1269 [JM Caverly et al], 665
Cytologic and biochemical changes associated with inoculation of amniotic fluid and meconium into lungs of neonatal rats [J Martínez-Burnes et al], 1636

**Cytotoxicosis**
Cytotoxic effects of peroxynitrite, polymorphonuclear neutrophils, free-radical scavengers, inhibitors of myeloperoxidase, and inhibitors of nitric oxide synthase on bovine mammary secretory epithelial cells [TK Ledbetter et al], 286
Induction of specific cytotoxic T-cell activity against xenogeneic target cells in carp (*Cyprinus carpio*) [K Yamamoto et al], 599

## D

**Danofloxacin**
Pharmacokinetics and pharmacodynamics of danfloxacin in serum and tissue fluids of goats following intravenous and intramuscular administration [FS Aliabadi et al], 1979

**Deer**
Experimental deer-to-deer transmission of *Mycobacterium bovis* [MV Palmer et al], 692

**Dermatology**
Evaluation of the safety of an abbreviated course of injections of allergen extracts (rush immunotherapy) for the treatment of dogs with atopic dermatitis [RS Mueller et al], 307
Results of intradermal tests in horses without atopy and horses with chronic obstructive pulmonary disease [G Lorch et al], 389
Cytokeratins of the matrices of the chestnut (torus carpeus) and periople in horses with acute laminitis [OS Wattle], 425
Contact transmission of vesicular stomatitis virus New Jersey in pigs [DE Stallknecht et al], 516
Results of intradermal tests in horses without atopy and horses with atopic dermatitis or recurrent urticaria [G Lorch et al], 1051
Effects of a bioactive glass on healing of closed skin wounds in dogs [RL Gillette et al], 1149
Expression of a transforming gene (E5) of bovine papillomavirus in sarcoids obtained from horses [EA Carr et al], 1212

**Detomidine**
Comparison of detomidine and romifidine as premedicants before ketamine and halothane anesthesia in horses undergoing elective surgery [PM Taylor et al], 359

**Dexamethasone**
Experimental induction of chronic borreliosis in adult dogs exposed to *Borrelia burgdorferi*-infected ticks and treated with dexamethasone [Y-F Chang et al], 1104
Effects of dexamethasone on emesis in cats sedated with xylazine hydrochloride [C-M Ho et al], 1218

**Dexmedetomidine**
Sedative, analgesic, and cardiovascular effects of levomedetomidine alone and in combination with dexmedetomidine in dogs [E Kuusela et al], 616
Comparison of medetomidine and dexmedetomidine as premedicants in dogs undergoing propofol-isoflurane anesthesia [E Kuusela et al], 1073

**Diarrhea**
Blood oxygen binding in calves with naturally occurring diarrhea [C Cambier et al], 799
Experimental infection of cats with *Tritrichomonas foetus* [JL Gookin et al], 1690
Correction, 1951

**Diazepam**
Effects of diazepam and flumazenil on minimum alveolar concentrations for dogs anesthetized with isoflurane or a combination of isoflurane and fentanyl [PW Hellyer et al], 555

**Diet**
Effect of increased dietary protein and decreased dietary carbohydrate on performance and body composition in racing Greyhounds [RC Hill et al], 440
Comparison of fermentation of selected fructooligosaccharides and other fiber substrates by canine colonic microflora [RJ Vickers et al], 609
Effect of chronic exposure to excess dietary copper and dietary selenium supplementation on liver specimens from rats [EM Aburto et al], 1423
Additive effects of a sodium chloride restricted diet and furosemide administration in healthy dogs [CS Lovern et al], 1793

**Digestive System**
Prevalence and prognostic importance of hypomagnesemia and hypocalcemia in horses that have colic surgery [JM Garcia-Lopez et al], 7
Effect of a leukocyte-depleting filter in an extracorporeal circuit used for low-flow ischemia and reperfusion of equine jejunum [LM Van Hoog moed et al], 87
Use of an orally administered combined sugar solution to evaluate intestinal absorption and permeability in cats [KL Johnston et al], 111
Quantitative assessment of mast cells and expression of IgE protein and mRNA for IgE and interleukin 4 in the gastrointestinal tract of healthy dogs and dogs with inflammatory bowel disease [C Locher et al], 211
Effects of intraluminal distention and decompression on microvascular permeability and hemodynamics of the equine jejunum [RM Dabareiner et al], 225
Use of long-term vaccination with a killed vaccine to prevent fecal shedding of *Mycobacterium avium* subsp *paratuberculosis* in dairy herds [CHJ Kalis et al], 270
Petrographic and geochemic evaluation of equine enteroliths [DM Hassel et al], 350
Comparison of fermentation of selected fructooligosaccharides and other fiber substrates by canine colonic microflora [RJ Vickers et al], 609
Fecal shedding of *Giardia duodenalis*, *Cryptosporidium parvum*, *Salmonella* organisms, and *Escherichia coli* O157:H7 from llamas in California [FC Rulofson et al], 637
A rapid and strong laparoscopic-assisted gastropexy in dogs [CA Rawlings et al], 871
Development of a technique for the in vivo assessment of flatulence in dogs [SB Collins et al], 1014
Barrier pressure at the gastroesophageal junction in anesthetized dogs [KM Pratschke et al], 1068
Metabolic changes and induction of hepatic lipidosis during feed restriction in llamas [SJ Tornquist et al], 1081
Rapid infection in market-weight swine following exposure to a *Salmonella* Typhimurium-contaminated environment [HS Hurd et al], 1194
Alterations in systemic and local colonic hemodynamic variables associated with intravenous infusion of ATP-MgCl2 in healthy anesthetized horses [J Tetens et al], 1240
Use of a hyaluronate membrane for jejunal anastomosis in horses [RB Eggleston et al], 1314
Characterization of α-adrenoceptor subtypes in smooth muscle of equine ileum [G Re et al], 1370
Evaluation of concurrent shedding of bovine coronavirus via the respiratory tract and enteric route in feedlot cattle [K-O Cho et al], 1436
Effect of orally administered cimetidine and ranitidine on abomasal luminal pH in clinically normal milk-fed calves [AF Ahmed et al], 1531

Number of *Cryptosporidium parvum* oocysts or *Giardia* spp cysts shed by dairy calves after natural infection [DV Nydam et al], 1612
In vitro evaluation of a customized solution for use in attenuating effects of ischemia and reperfusion in the equine small intestine [LM Van Hoogmoed et al], 1679
In vitro responses of equine colonic arterial and venous rings to adenosine triphosphate [J Tetens et al], 1928
Use of the 13C-octanoic acid breath test for assessment of solid-phase gastric emptying in dogs [CA Wyse et al], 1939
Experimental infection of cats with *Tritrichomonas foetus* [JL Gookin et al], 1690
Correction, 1951
Effects of intestinal ischemia on in vitro activity of adjacent jejunum in samples obtained from ponies [ED Malone et al], 1973

**Dinoprost Tromethamine**
Luteal and clinical response following administration of dinoprost tromethamine or cloprostenol at standard intramuscular sites or at the lumbosacral acupuncture point in mares [GJ Nie et al], 1285

***Dirofilaria immitis***
Activity of an injectable, sustained-release formulation of moxidectin administered prophylactically to mixed-breed dogs to prevent infection with *Dirofilaria immitis* [JB Lok et al], 1721

**Distemper**
Serologic evaluation, efficacy, and safety of a commercial modified-live canine distemper vaccine in domestic ferrets [J Wimsatt et al], 736

**DNA**
Nucleotide sequence of the canine αIIb gene from platelet-derived cDNA [DL Lipscomb et al], 1486

**Doberman Pinschers**
Evaluation of the cardiac actin gene in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 33
von Willebrand disease phenotype and von Willebrand factor marker genotype in Doberman Pinschers [MB Brooks et al], 364
Correlations among time and frequency measures of heart rate variability recorded by use of a Holter monitor in overtly healthy Doberman Pinschers with and without echocardiographic evidence of dilated cardiomyopathy [CA Calvert et al], 1787

**Dobutamine**
Usefulness of dobutamine stress tests for detection of cardiac abnormalities in dogs with experimentally induced early left ventricular dysfunction [K Mc Entee et al], 448

**Dogs**
Effect of repetitive bronchoalveolar lavage on cytologic findings in healthy dogs [MM Rajamäki et al], 13
Evaluation of a polyvalent enzyme-linked immunosorbent assay incorporating a recombinant p44 antigen for diagnosis of granulocytic ehrlichiosis in dogs and horses [MA Magnarelli et al], 29
Evaluation of the cardiac actin gene in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 33
Spectral analysis of circadian rhythms in heart rate variability of dogs [T Matsunaga et al], 37
Biomechanical properties of braided polyester tapes intended for use as intra-articular cranial cruciate ligament prostheses in dogs [H de Rooster et al], 48
Use of western immunoblot for evaluation of myocardial dystrophin, α-sarcoglycan, and β-dystroglycan in dogs with idiopathic dilated cardiomyopathy [AW Spier et al], 67
Polymerase chain reaction analysis for viruses in paraffin-embedded myocardium from dogs with dilated cardiomyopathy or myocarditis [TR Maxson et al], 130
Results of cystometry and urethral pressure profilometry in dogs sedated with medetomidine or xylazine [CA Rawlings et al], 167
Quantitative assessment of mast cells and expression of IgE protein and mRNA for IgE and interleukin 4 in the gastrointestinal tract of healthy dogs and dogs with inflammatory bowel disease [C Locher et al], 211
Ultrastructure of selected calcium oxalate-containing urinary calculi from dogs [RA Domingo-Neumann et al], 237
Effects of changes in power setting of an ultrasonic aspirator on amount of damage to the cerebral cortex of healthy dogs [RS Bagley et al], 248
Reduction of diameter of the left ventricle of dogs by plication of the left ventricular free wall [JNBM de Andrade et al], 297
Evaluation of the safety of an abbreviated course of injections of allergen extracts (rush immunotherapy) for the treatment of dogs with atopic dermatitis [RS Mueller et al], 307
Respiratory reflexes in spontaneously breathing anesthetized dogs in response to nasal administration of sevoflurane, isoflurane, or halothane [T Mutoh et al], 311
Detection of free radicals in ischemic and reperfused canine gracilis muscle flaps by use of spin-trapping electron paramagnetic resonance spectroscopy [BA Brisson et al], 384
Aberrations of the p53 tumor suppressor gene in various tumors in dogs [A Setoguchi et al], 433
Effect of increased dietary protein and decreased dietary carbohydrate on performance and body composition in racing Greyhounds [RC Hill et al], 440
Usefulness of dobutamine stress tests for detection of cardiac abnormalities in dogs with experimentally induced early left ventricular dysfunction [K Mc Entee et al], 448
Cardiovascular effects of romifidine in dogs [BH Pypendop et al], 490
Effect of centrally administered opioid receptor agonists on CSF and plasma oxytocin concentrations in dogs [DC Brown et al], 496
Effects of diazepam and flumazenil on minimum alveolar concentrations for dogs anesthetized with isoflurane or a combination of isoflurane and fentanyl [PW Hellyer et al], 555
Influence of an interdental full pin on stability of an acrylic external fixator for rostral mandibular fractures in dogs [WT Cook et al], 576
Concentrations of chondroitin sulfate epitopes 3B3 and 7D4 in synovial fluid after intra-articular and extracapsular reconstruction of the cranial cruciate ligament in dogs [KA Johnson et al], 581
Amidolytic heparin activity and values for several hemostatic variables after repeated subcutaneous administration of high doses of a low molecular weight heparin in healthy dogs [R Mischke et al], 595
Comparison of fermentation of selected fructooligosaccharides and other fiber substrates by canine colonic microflora [RJ Vickers et al], 609
Sedative, analgesic, and cardiovascular effects of levomedetomidine alone and in combination with dexmedetomidine in dogs [E Kuusela et al], 616
Optimization of coagulometric tests that incorporate human plasma for determination of coagulation factor activities in canine plasma [R Mischke], 625
Comparison of four methods for determination of total protein concentrations in pleural and peritoneal fluid from dogs [J-P Braun et al], 294
Letter [JW George], 648
Response, 648
Assessment of a point-of-care instrument for identification of primary hemostatic disorders in dogs [MB Callan et al], 652
Effects of enrofloxacin and ciprofloxacin hydrochloride on

canine and equine chondrocytes in culture [M Egerbacher et al], 704
Biomechanical analysis of suture anchors and suture materials used for toggle pin stabilization of hip joint luxation in dogs [WI Baltzer et al], 721
Effect of storage conditions on hemostatic parameters of canine plasma obtained for transfusion [C Iazbik et al], 734
Comparison of heartworm extract-induced shock and endotoxin-induced shock in dogs by determination of serum tumor necrosis factor concentrations [K Kitoh et al], 765
Role of histamine in heartworm extract-induced shock in dogs [K Kitoh et al], 770
Site-specific adaptive remodeling of Greyhound metacarpal cortical bone subjected to asymmetrical cyclic loading [KA Johnson et al], 787
Fluorophotometric determination of aqueous humor flow rate in clinically normal dogs [DA Ward et al], 853
Effects of topical application of a 2% solution of dorzolamide on intraocular pressure and aqueous humor flow rate in clinically normal dogs [MA Cawrse et al], 859
A rapid and strong laparoscopic-assisted gastropexy in dogs [CA Rawlings et al], 871
Biochemical characterization of cartilage affected by osteochondritis dissecans in the humeral head of dogs [JL Tomlinson et al], 876
Safety and efficacy of preoperative administration of meloxicam, compared with that of ketoprofen and butorphanol in dogs undergoing abdominal surgery [KA Mathews et al], 882
Metabolic and structural abnormalities in dogs with early left ventricular dysfunction induced by incessant tachycardia [K Mc Entee et al], 889
Use of a murine xenograft model for canine transmissible venereal tumor [A Harmelin et al], 907
Nitrogen balance in clinically normal dogs receiving parenteral nutrition solutions [GE Mauldin et al], 912
Morphometric and anatomic study of the hind limb of a dog [R Shahar et al], 928
Evaluation of the survival prediction index as a model of risk stratification for clinical research in dogs admitted to intensive care units at four locations [LG King et al], 948
Effects of dilated cardiomyopathy on the renin-angiotensin-aldosterone system, atrial natriuretic peptide activity, and thyroid hormone concentrations in dogs [A Tidholm et al], 961
Comparison of the radius of curvature of the ulnar trochlear notch of Rottweilers and Greyhounds [KE Collins et al], 968
Development of a technique for the in vivo assessment of flatulence in dogs [SB Collins et al], 1014
Effects of ring diameter and wire tension on the axial biomechanics of four-ring circular external skeletal fixator constructs [AR Cross et al], 1025
Effect of cimetidine on pharmacokinetics of orally administered cyclosporine in healthy dogs [JC Daigle et al], 1046
Barrier pressure at the gastroesophageal junction in anesthetized dogs [KM Pratschke et al], 1068
Comparison of medetomidine and dexmedetomidine as premedicants in dogs undergoing propofol-isoflurane anesthesia [E Kuusela et al], 1073
Experimental induction of chronic borreliosis in adult dogs exposed to *Borrelia burgdorferi*-infected ticks and treated with dexamethasone [Y-F Chang et al], 1104
Thyroid function testing in Greyhounds [KR Gaughan et al], 1130
Results of hyperamplification of centrosomes in naturally developing tumors of dogs [A Setoguchi et al], 1134
Effects of a bioactive glass on healing of closed skin wounds in dogs [RL Gillette et al], 1149
Heritability estimations for diseases, coat color, body weight, and height in a birth cohort of Boxers [ALJ Nielen et al], 1198
Long-term temporal evaluation of ground reaction forces during development of experimentally induced osteoarthritis in dogs [SC Budsberg], 1207
Evaluation of monoclonal antibodies for identification of subpopulations of myeloid cells in bone marrow obtained from dogs [DJ Weiss], 1229
Metabolic alterations in dogs with osteosarcoma [EM Mazzaferro et al], 1234
Changes in protein and nutrient composition of milk throughout lactation in dogs [Y Adkins et al], 1266
Use of monoclonal antibodies to refine flow cytometric differential cell counting of canine bone marrow [DJ Weiss], 1273
Use of capillary electrophoresis to quantitate carbamylated hemoglobin concentrations in dogs with renal failure [R Heiene et al], 1302
Characterization of house dust mite and scabies mite allergens by use of canine serum antibodies [RJ Schumann et al], 1344
Reactivity of serum samples of dogs and horses tested by use of class-specific recombinant-based enzyme-linked immunosorbent assays for detection of granulocytic ehrlichiosis [LA Magnarelli et al], 1365
Use of plasma creatine kinase pharmacokinetics to estimate the amount of exercise-induced muscle damage in Beagles [GP Chanoit et al], 1375
Telomerase activity in clinically normal dogs and dogs with malignant lymphoma [LM Carioto et al], 1442
Effects of age, body weight, and heart rate on transmitral and pulmonary venous flow in clinically normal dogs [KE Schober et al], 1447
Evaluation of a point-of-care coagulation analyzer for measurement of prothrombin time, activated partial thromboplastin time, and activated clotting time in dogs [LW Tseng et al], 1455
Nucleotide sequence of the canine αIIb gene from platelet-derived cDNA [DL Lipscomb et al], 1486
Relationship of the degree of goniodysgenesis and other ocular measurements of glaucoma in Great Danes [JLN Wood et al], 1493
Telomere length and telomerase activity in canine mammary gland tumors [M Yazawa et al], 1539
In vitro experimental study of the effect of radial shortening and ulnar ostectomy on contact patterns in the elbow joint of dogs [CA Preston et al], 1548
Spatial distribution of seropositivity to the causative agent of granulocytic ehrlichiosis in dogs in California [JE Foley et al], 1599
Assessment of lithium dilution cardiac output as a technique for measurement of cardiac output in dogs [DJ Mason et al], 1255
Correction, 1611
Development of a functional scoring system in dogs with acute spinal cord injuries [NJ Olby et al], 1624
Effect of carprofen on hemostatic variables in dogs [FH Hickford et al], 1642
Effects of antibiotics on morphologic characteristics and migration of canine corneal epithelial cells in tissue culture [DVH Hendrix et al], 1664
Repeatability of dorsolateral subluxation scores in dogs and correlation with macroscopic appearance of hip osteoarthritis [G Lust et al], 1711
Activity of an injectable, sustained-release formulation of moxidectin administered prophylactically to mixed-breed dogs to prevent infection with *Dirofilaria immitis* [JB Lok et al], 1721
Effects of nitrous oxide on mask induction of anesthesia with sevoflurane or isoflurane in dogs [T Mutoh et al], 1727
Pressure profilometry of the lumbosacral disk in dogs [RAS Mitchell et al], 1734
In vitro effects of cyclooxygenase inhibitors in whole blood of horses, dogs, and cats [C Brideau et al], 1755
Evaluation of accuracy and reliability of indirect calorimetry for

the measurement of resting energy expenditure in healthy dogs [E O'Toole et al], 1761
Use of dual energy x-ray absorptiometry for noninvasive body composition measurements in clinically normal dogs [SD Lauten et al], 1295
Correction, 1775
Comparison of urine composition of healthy Labrador Retrievers and Miniature Schnauzers [AE Stevenson et al], 1782
Correlations among time and frequency measures of heart rate variability recorded by use of a Holter monitor in overtly healthy Doberman Pinschers with and without echocardiographic evidence of dilated cardiomyopathy [CA Calvert et al], 1787
Additive effects of a sodium chloride restricted diet and furosemide administration in healthy dogs [CS Lovern et al], 1793
Molecular and genetic basis for thrombasthenic thrombopathia in Otterhounds [MK Boudreaux et al], 1797
Effect of age and body weight on neurohumoral variables in healthy Cavalier King Charles Spaniels [AS Eriksson et al], 1818
In vitro efficacy of chemotherapeutics as determined by 50% inhibitory concentrations in cell cultures of mammary gland tumors obtained from dogs [D Simon et al], 1825
Anticoagulant effects of repeated subcutaneous injections of high doses of unfractionated heparin in healthy dogs [RH Mischke et al], 1887
Computed tomography of the tarsal joint in clinically normal dogs [IM Gielen et al], 1911
Effects of acetylpromazine or morphine on urine production in halothane-anesthetized dogs [SA Robertson et al], 1922
Use of the 13C-octanoic acid breath test for assessment of solid-phase gastric emptying in dogs [CA Wyse et al], 1939
Evaluation of a short interspersed nucleotide element in the 3' untranslated region of the defective dystrophin gene of dogs with muscular dystrophy [S Fletcher et al], 1964
Effects of dietary fat and L-carnitine on plasma and whole blood taurine concentrations and cardiac function in healthy dogs fed protein-restricted diets [SL Sanderson et al], 1616
Correction, 1968
Effects of racing and training on serum thyroid hormone concentrations in racing Greyhounds [RC Hill et al], 1969

**Dolphins**
Serum lipid peroxide and α-tocopherol concentrations and superoxide dismutase activity in captive bottle-nosed dolphins [M Kasamatsu et al], 1952

**Donkeys**
Pharmacokinetics of phenylbutazone and its metabolite oxyphenbutazone in miniature donkeys [NS Matthews et al], 673

**Doramectin**
Impact of doramectin treatment at the time of feedlot entry on the productivity of yearling steers with natural nematode infections [DS MacGregor et al], 622

**Dorzolamide**
Effect of topical administration of 2% dorzolamide hydrochloride or 2% dorzlamide hydrochloride-0.5% timolol maleate on intraocular pressure in clinically normal horses [AM Willis et al], 709
Effects of topical application of a 2% solution of dorzolamide on intraocular pressure and aqueous humor flow rate in clinically normal dogs [MA Cawrse et al], 859

**Doxorubicin**
Establishment of two vaccine-associated feline sarcoma cell lines and determination of in vitro chemosensitivity to doxorubicin and mitoxantrone [LE Williams et al], 1354
In vitro efficacy of chemotherapeutics as determined by 50% inhibitory concentrations in cell cultures of mammary gland tumors obtained from dogs [D Simon et al], 1825

**Ducks**
Arrhythmogenic effect of hypercapnia in ducks anesthetized with halothane [K Naganobu et al], 127
Susceptibility of ducks to avian pneumovirus of turkey origin [H-J Shin et al], 991

**β-Dystroglycan**
Use of western immunoblot for evaluation of myocardial dystrophin, α-sarcoglycan, and β-dystroglycan in dogs with idiopathic dilated cardiomyopathy [AW Spier et al], 67

**Dystrophin**
Use of western immunoblot for evaluation of myocardial dystrophin, α-sarcoglycan, and β-dystroglycan in dogs with idiopathic dilated cardiomyopathy [AW Spier et al], 67
Evaluation of a short interspersed nucleotide element in the 3' untranslated region of the defective dystrophin gene of dogs with muscular dystrophy [S Fletcher et al], 1964

## E

**Echocardiography**
Effects of age, body weight, and heart rate on transmitral and pulmonary venous flow in clinically normal dogs [KE Schober et al], 1447
Correlations among time and frequency measures of heart rate variability recorded by use of a Holter monitor in overtly healthy Doberman Pinschers with and without echocardiographic evidence of dilated cardiomyopathy [CA Calvert et al], 1787

**Economics**
Training failure among yearling horses [J Hernandez et al], 1418

***Ehrlichia* spp**
Evaluation of a polyvalent enzyme-linked immunosorbent assay incorporating a recombinant p44 antigen for diagnosis of granulocytic ehrlichiosis in dogs and horses [LA Magnarelli et al], 29
Reactivity of serum samples of dogs and horses tested by use of class-specific recombinant-based enzyme-linked immunosorbent assays for detection of granulocytic ehrlichiosis [LA Magnarelli et al], 1365
Spatial distribution of seropositivity to the causative agent of granulocytic ehrlichiosis in dogs in California [JE Foley et al], 1599

**Electrocardiography**
Spectral analysis of circadian rhythms in heart rate variability of dogs [T Matsunaga et al], 37
Arrhythmogenic effect of hypercapnia in ducks anesthetized with halothane [K Naganobu et al], 127
Correlation of QT dispersion with indices used to evaluate the severity of familial ventricular arrhythmias in Boxers [AW Spier et al], 1481

**Electrolytes**
Additive effects of a sodium chloride restricted diet and furosemide administration in healthy dogs [CS Lovern et al], 1793

**Electromyography**
Evaluation of a signal-adapted filter for processing of periodic electromyography signals in horses walking on a treadmill [C Peham et al], 1687

**Electrophoresis**
Use of capillary electrophoresis to quantitate carbamylated

hemoglobin concentrations in dogs with renal failure [R Heiene et al], 1302

**ELISA**
Reactivity of serum samples of dogs and horses tested by use of class-specific recombinant-based enzyme-linked immunosorbent assays for detection of granulocytic ehrlichiosis [LA Magnarelli et al], 1365
Development and evaluation of a highly sensitive and specific blocking enzyme-linked immunosorbent assay and polymerase chain reaction assay for diagnosis of bovine leukemia virus infection in cattle [SE Gutiérrez et al], 1571

**Embryology**
Morphologic stages of the equine embryo proper on days 17 to 40 after ovulation [DA Acker et al], 1358

**Emergency & Critical Care**
Nitrogen balance in clinically normal dogs receiving parenteral nutrition solutions [GE Mauldin et al], 912
Evaluation of the survival prediction index as a model of risk stratification for clinical research in dogs admitted to intensive care units at four locations [LG King et al], 948

**Emesis**
Effects of dexamethasone on emesis in cats sedated with xylazine hydrochloride [C-M Ho et al], 1218

**Enalaprilat**
Effects of enalaprilat on cardiorespiratory, hemodynamic, and hematologic variables in exercising horses [WW Muir, III et al], 1008

**Encephalomyocarditis Virus**
Evaluation of ultrastructural changes associated with encephalomyocarditis virus in the myocardium of experimentally infected piglets [V Psychas et al], 1653

**Endocrine System**
Maternal expression of functional lipoprotein lipase and effects on body fat mass and body condition scores of mature cats with lipoprotein lipase deficiency [RC Backus et al], 264
Effect of centrally administered opioid receptor agonists on CSF and plasma oxytocin concentrations in dogs [DC Brown et al], 496
Determination of reference values for glucose tolerance, insulin tolerance, and insulin sensitivity tests in clinically normal cats [DJ Appleton et al], 630
Glucose tolerance testing in llamas and alpacas [CK Cebra et al], 682
Effects of long-term administration of recombinant bovine tumor necrosis factor-α on glucose metabolism and growth hormone secretion in steers [S Kushibiki et al], 794
Selenium status of cats in four regions of the world and comparison with reported incidence of hyperthyroidism in cats in those regions [DJ Foster et al], 934
Effects of dilated cardiomyopathy on the renin-angiotensin-aldosterone system, atrial natriuretic peptide activity, and thyroid hormone concentrations in dogs [A Tidholm et al], 961
Uptake of β-carotene by ovarian and uterine tissues and effects on steroidogenesis during the estrous cycle in cats [BP Chew et al], 1063
Thyroid function testing in Greyhounds [KR Gaughan et al], 1130
Luteal and clinical response following administration of dinoprost tromethamine or cloprostenol at standard intramuscular sites or at the lumbosacral acupuncture point in mares [GJ Nie et al], 1285
Effects of exogenous insulin on glucose tolerance in alpacas [CK Cebra et al], 1544
Validation of a novel high-sensitivity radioimmunoassay procedure for measurement of total thyroxine concentration in psittacine birds and snakes [CB Greenacre et al], 1750
Additive effects of a sodium chloride restricted diet and furosemide administration in healthy dogs [CS Lovern et al], 1793
Effect of age and body weight on neurohumoral variables in healthy Cavalier King Charles Spaniels [AS Eriksson et al], 1818
Effects of racing and training on serum thyroid hormone concentrations in racing Greyhounds [RC Hill et al], 1969

**Endometrium**
Microvascular development and growth of uterine tissue during the estrous cycle in mares [FM Gerreira-Dias et al], 526
Lectin binding patterns of uterine glands in mares with chronic endometrial degeneration [I Walter], 840

**Endothelin**
Incidence of the endothelin receptor B mutation that causes lethal white foal syndrome in white-patterned horses [EM Santschi et al], 97
In vitro pharmacologic effect of two endothelin-1 antagonists on equine colic arteries and veins [CS Venugopal et al], 154

**Endotoxin**
Evaluation of polymyxin B in an ex vivo model of endotoxemia in horses [AK Parviainen et al], 72
Impact of environmental temperature on response of neonatal pigs to an endotoxin challenge [JA Carroll et al], 561
Comparison of heartworm extract-induced shock and endotoxin-induced shock in dogs by determination of serum tumor necrosis factor concentrations [K Kitoh et al], 765
Investigation of mRNA expression of tumor necrosis factor-α interleukin-1β and cyclooxygenase-2 in cultured equine digital artery smooth muscle cells after exposure to endotoxin [DH Rodgerson et al], 1957

**Enrofloxacin**
Effects of enrofloxacin and magnesium deficiency on matrix metabolism in equine articular cartilage [CLM Davenport et al], 160
Effects of enrofloxacin and ciprofloxacin hydrochloride on canine and equine chondrocytes in culture [M Egerbacher et al], 704

**Enterocolitis**
Comparison of serum parathyroid hormone and ionized calcium and magnesium concentrations and fractional urinary clearance of calcium and phosphorus in healthy horses and horses with enterocolitis [RE Toribio et al], 938

**Enteroliths**
Petrographic and geochemic evaluation of equine enteroliths [DM Hassel et al], 350

**Epidemiology**
Epidemiologic features of *Campylobacter jejuni* isolated from poultry broiler houses and surrounding environments as determined by use of molecular strain typing [EG Nesbit et al], 190
Estimation of genetic population variables for six radiographic criteria of hip dysplasia in a colony of Labrador Retrievers [S Ohlerth et al], 846
Molecular epidemiologic features and antimicrobial susceptibility profiles of various ribotypes of *Pseudomonas aeruginosa* isolated from humans and ruminants [AL Rivas et al], 864
Characteristics and management practices associated with milk production in dairy herds in Ohio enrolled in official Dairy Herd Improvement Association programs [MJ Khaitsa et al], 1262

Direct and indirect contact rates among beef, dairy, goat, sheep, and swine herds in three California counties, with reference to control of potential foot-and-mouth disease transmission [TW Bates et al], 1121
Correction, 1477
Spatial distribution of seropositivity to the causative agent of granulocytic ehrlichiosis in dogs in California [JE Foley et al], 1599

**Erythrocytes**
Radiometric assessment of hexose monophosphate shunt capacity in erythrocytes of rhinoceroses [DE Paglia et al], 1113

***Escherichia* spp**
Fecal shedding of *Giardia duodenalis*, *Cryptosporidium parvum*, *Salmonella* organisms, and *Escherichia coli* O157:H7 from llamas in California [FC Rulofson et al], 637
In vitro inhibition of *Salmonella* organisms isolated from reptiles by an inactivated culture of microcin-producing *Escherichia coli* [RE Wooley et al], 1399

**Exercise Physiology**
Effect of a tongue-tie on upper airway mechanics in horses during exercise [CJ Cornelisse et al], 775
Effect of a tongue-tie on upper airway mechanics during exercise following sternothyroid myectomy in clinically normal horses [WL Beard et al], 779
Effects of enalaprilat on cardiorespiratory, hemodynamic, and hematologic variables in exercising horses [WW Muir, III et al], 1008
Effect of α-tocopheryl acetate supplementation on vitamin E concentrations in Greyhounds before and after a race [KC Scott et al], 1118
Use of plasma creatine kinase pharmacokinetics to estimate the amount of exercise-induced muscle damage in Beagles [GP Chanoit et al], 1375
Effects of exercise on the diameter of collagen fibrils in the central core and periphery of the superficial digital flexor tendon in foals [W Cherdchutham et al], 1563
Evaluation of a signal-adapted filter for processing of periodic electromyography signals in horses walking on a treadmill [C Peham et al], 1687
Effect of topical anesthesia of the laryngeal mucosa on upper airway mechanics in exercising horses [SJ Holcombe et al], 1706
Effects of aerosolized albuterol on physiologic responses to exercise in Standardbreds [MR Mazan et al], 1812
Effects of exercise on biomechanical properties of the superficial digital flexor tendon in foals [W Cherdchutham et al], 1859
Effects of racing and training on serum thyroid hormone concentrations in racing Greyhounds [RC Hill et al], 1969

**External Skeletal Fixation**
Effects of ring diameter and wire tension on the axial biomechanics of four-ring circular external skeletal fixator constructs [AR Cross et al], 1025

**Eyes**
Use of an intravitreal sustained-release cyclosporine delivery device for treatment of equine recurrent uveitis [BC Gilger et al], 1892

## F

**Fat**
Effects of dietary fat and L-carnitine on plasma and whole blood taurine concentrations and cardiac function in healthy dogs fed protein-restricted diets [SL Sanderson et al], 1616
Correction, 1968

**Feline Immunodeficiency Virus (FIV)**
In vitro characterization of FIV-pPPR, a pathogenic molecular clone of feline immunodeficiency virus, and two drug-resistant *pol* gene mutants [MA McCrackin Stevenson et al], 588

**Feline Leukemia Virus (FeLV)**
Comparison of endogenous feline leukemia virus RNA content in feline vaccine and nonvaccine site-associated sarcomas [BA Kidney et al], 1990

**Fentanyl**
Effects of diazepam and flumazenil on minimum alveolar concentrations for dogs anesthetized with isoflurane or a combination of isoflurane and fentanyl [PW Hellyer et al], 555

**Ferrets**
Serologic evaluation, efficacy, and safety of a commercial modified-live canine distemper vaccine in domestic ferrets [J Wimsatt et al], 736

**Fiber**
Comparison of fermentation of selected fructooligosaccharides and other fiber substrates by canine colonic microflora [RJ Vickers et al], 609

**Fish**
Prevalence of *Streptococcus iniae* in tilapia, hybrid striped bass, and channel catfish on commercial fish farms in the United States [CA Shoemaker et al], 174
Comparative efficacy of tricaine methanesulfonate and clove oil for use as anesthetics in red pacu (*Piaractus brachypomus*) [KK Sladky et al], 337
Induction of specific cytotoxic T-cell activity against xenogeneic target cells in carp (*Cyprinus carpio*) [K Yamamoto et al], 599

**Flatulence**
Development of a technique for the in vivo assessment of flatulence in dogs [SB Collins et al], 1014

**Flow Cytometry**
Determination of differential cell counts in feline bone marrow by use of flow cytometry [DJ Weiss], 474
Use of monoclonal antibodies to refine flow cytometric differential cell counting of canine bone marrow [DJ Weiss], 1273
Flow cytometric analysis of intracellular complexity and CD45 expression for use in rapid differentiation of leukocytes in bovine blood samples [LS Pelan-Mattocks et al], 1740

**Fluconazole**
Pharmacokinetics of fluconazole following intravenous and oral administration and body fluid concentrations of fluconazole following repeated oral dosing in horses [FG Latimer et al], 1606

**Flumazenil**
Effects of diazepam and flumazenil on minimum alveolar concentrations for dogs anesthetized with isoflurane or a combination of isoflurane and fentanyl [PW Hellyer et al], 555

**Fluorophotometry**
Fluorophotometric determination of aqueous humor flow rate in clinically normal dogs [DA Ward et al], 853
Effects of topical application of a 2% solution of dorzolamide on intraocular pressure and aqueous humor flow rate in clinically normal dogs [MA Cawrse et al], 859

**Fluoroquinolones**
Effects of enrofloxacin and magnesium deficiency on matrix metabolism in equine articular cartilage [CLM Davenport et al], 160
Effects of enrofloxacin and ciprofloxacin hydrochloride on canine and equine chondrocytes in culture [M Egerbacher et al], 704

Pharmacokinetics and pharmacodynamics of danfloxacin in serum and tissue fluids of goats following intravenous and intramuscular administration [FS Aliabadi et al], 1979

**Food Safety**
Prevalence of *Streptococcus iniae* in tilapia, hybrid striped bass, and channel catfish on commercial fish farms in the United States [CA Shoemaker et al], 174
Epidemiologic features of *Campylobacter jejuni* isolated from poultry broiler houses and surrounding environments as determined by use of molecular strain typing [EG Nesbit et al], 190
Screening method for identification of β-lactams in bovine urine by use of liquid chromatography and a microbial inhibition test [JMB Musser et al], 326
Rapid infection in market-weight swine following exposure to a *Salmonella* Typhimurium-contaminated environment [HS Hurd et al], 1194

**Foot-and-Mouth Disease (FMD)**
Direct and indirect contact rates among beef, dairy, goat, sheep, and swine herds in three California counties, with reference to control of potential foot-and-mouth disease transmission [TW Bates et al], 1121
Correction, 1477

**Foxes**
Effect of maternal immunity on the immune response to oral vaccination against rabies in young foxes [TF Müller et al], 1154
Correction, 1401

**Free Radicals**
Detection of free radicals in ischemic and reperfused canine gracilis muscle flaps by use of spin-trapping electron paramagnetic resonance spectroscopy [BA Brisson et al], 384

**Fructooligosaccharides**
Comparison of fermentation of selected fructooligosaccharides and other fiber substrates by canine colonic microflora [RJ Vickers et al], 609

**Fungi**
Pathogenicity of four strains of entomopathogenic fungi against the bovine tick *Boophilus microplus* [SB Onofre et al], 1478

**Furosemide**
Estimation of the probability for exceeding a threshold concentration of furosemide at various intervals after intravenous administration in horses [ND Cohen et al], 320
Estimation of the probability for exceeding thresholds of urine specific gravity and plasma concentration of furosemide at various intervals after intravenous administration of furosemide in horses [KK Chu et al], 1349
Additive effects of a sodium chloride restricted diet and furosemide administration in healthy dogs [CS Lovern et al], 1793

## G

**Gait Analysis**
Locomotor characteristics of horses with navicular disease [GE Williams], 206
Basic three-dimensional kinematics of the vertebral column of horses trotting on a treadmill [M Faber et al], 757
Effects of ground surface deformability, trimming, and shoeing on quasistatic hoof loading patterns in horses [DM Hood et al], 895

**Gastropexy**
A rapid and strong laparoscopic-assisted gastropexy in dogs [CA Rawlings et al], 871
Barrier pressure at the gastroesophageal junction in anesthetized dogs [KM Pratschke et al], 1068

**Gelatinase**
Synovial fluid gelatinase concentrations and matrix metalloproteinase and cytokine expression in naturally occurring joint disease in horses [TN Trumble et al], 1467

**Genetics**
Incidence of the endothelin receptor B mutation that causes lethal white foal syndrome in white-patterned horses [EM Santschi et al], 97
Epidemiologic features of *Campylobacter jejuni* isolated from poultry broiler houses and surrounding environments as determined by use of molecular strain typing [EG Nesbit et al], 190
Maternal expression of functional lipoprotein lipase and effects on body fat mass and body condition scores of mature cats with lipoprotein lipase deficiency [RC Backus et al], 264
von Willebrand disease phenotype and von Willebrand factor marker genotype in Doberman Pinschers [MB Brooks et al], 364
Aberrations of the p53 tumor suppressor gene in various tumors in dogs [A Setoguchi et al], 433
Bovine papillomavirus DNA in neoplastic and nonneoplastic tissues obtained from horses with and without sarcoids in the western United States [EA Carr et al], 741
Estimation of genetic population variables for six radiographic criteria of hip dysplasia in a colony of Labrador Retrievers [S Ohlerth et al], 846
Changes in molecular expression of aggrecan and collagen types I, II, and X, insulin-like growth factor-I, and transforming growth factor-β1 in articular cartilage obtained from horses with naturally-acquired osteochondrosis [SA Semevolos et al], 1088
Heritability estimations for diseases, coat color, body weight, and height in a birth cohort of Boxers [ALJ Nielen et al], 1198
Expression of a transforming gene (E5) of bovine papillomavirus in sarcoids obtained from horses [EA Carr et al], 1212
Nucleotide sequence of the canine αIIb gene from platelet-derived cDNA [DL Lipscomb et al], 1486
Molecular and genetic basis for thrombasthenic thrombopathia in Otterhounds [MK Boudreaux et al], 1797
Evaluation of a short interspersed nucleotide element in the 3' untranslated region of the defective dystrophin gene of dogs with muscular dystrophy [S Fletcher et al], 1964

***Giardia* spp**
Fecal shedding of *Giardia duodenalis*, *Cryptosporidium parvum*, *Salmonella* organisms, and *Escherichia coli* O157:H7 from llamas in California [FC Rulofson et al], 637
Number of *Cryptosporidium parvum* oocysts or *Giardia* spp cysts shed by dairy calves after natural infection [DV Nydam et al], 1612

**Glass**
Effects of a bioactive glass on healing of closed skin wounds in dogs [RL Gillette et al], 1149

**Glaucoma**
Relationship of the degree of goniodysgenesis and other ocular measurements of glaucoma in Great Danes [JLN Wood et al], 1493
Effects of topical administration of 0.005% latanoprost solution on eyes of clinically normal horses [AM Willis et al], 1945

**Glucose**
Determination of reference values for glucose tolerance, insulin tolerance, and insulin sensitivity tests in clinically normal cats [DJ Appleton et al], 630

Glucose tolerance testing in llamas and alpacas [CK Cebra et al], 682
Effects of long-term administration of recombinant bovine tumor necrosis factor-α on glucose metabolism and growth hormone secretion in steers [S Kushibiki et al], 794
Effects of exogenous insulin on glucose tolerance in alpacas [CK Cebra et al], 1544

**Glycoprotein Ib**
Evaluation of glycoprotein Ib expression on feline platelets [F Tablin et al], 195

**Goats**
Direct and indirect contact rates among beef, dairy, goat, sheep, and swine herds in three California counties, with reference to control of potential foot-and-mouth disease transmission [TW Bates et al], 1121
Correction, 1477
Pharmacokinetics and pharmacodynamics of danfloxacin in serum and tissue fluids of goats following intravenous and intramuscular administration [FS Aliabadi et al], 1979

**Great Danes**
Relationship of the degree of goniodysgenesis and other ocular measurements of glaucoma in Great Danes [JLN Wood et al], 1493

**Greyhounds**
Effect of increased dietary protein and decreased dietary carbohydrate on performance and body composition in racing Greyhounds [RC Hill et al], 440
Site-specific adaptive remodeling of Greyhound metacarpal cortical bone subjected to asymmetrical cyclic loading [KA Johnson et al], 787
Comparison of the radius of curvature of the ulnar trochlear notch of Rottweilers and Greyhounds [KE Collins et al], 968
Effect of α-tocopheryl acetate supplementation on vitamin E concentrations in Greyhounds before and after a race [KC Scott et al], 1118
Thyroid function testing in Greyhounds [KR Gaughan et al], 1130
Effects of racing and training on serum thyroid hormone concentrations in racing Greyhounds [RC Hill et al], 1969

**Ground Reaction Force**
Effect of walking velocity on ground reaction force variables in the hind limb of clinically normal horses [S Khumsap et al], 901
Long-term temporal evaluation of ground reaction forces during development of experimentally induced osteoarthritis in dogs [SC Budsberg], 1207

**Growth Factor**
Effects of β-aminopropionitrile on equine tendon metabolism in vitro and on effects of insulin-like growth factor-I on matrix production by equine tenocytes [LA Dahlgren et al], 1557

**Growth Hormone**
Effects of long-term administration of recombinant bovine tumor necrosis factor-α on glucose metabolism and growth hormone secretion in steers [S Kushibiki et al], 794

## H

**Halothane**
Respiratory reflexes in spontaneously breathing anesthetized dogs in response to nasal administration of sevoflurane, isoflurane, or halothane [T Mutoh et al], 311
Comparison of detomidine and romifidine as premedicants before ketamine and halothane anesthesia in horses undergoing elective surgery [PM Taylor et al], 359

**Heartworm**
Comparison of heartworm extract-induced shock and endotoxin-induced shock in dogs by determination of serum tumor necrosis factor concentrations [K Kitoh et al], 765
Role of histamine in heartworm extract-induced shock in dogs [K Kitoh et al], 770

**Heinz Bodies**
Antioxidant prevention of Heinz body formation and oxidative injury in cats [AS Hill et al], 370

**Hematopoietic System**
Use of intraosseous blood for repeated hematologic and biochemical analyses in healthy pigs [SC Greco et al], 43
von Willebrand disease phenotype and von Willebrand factor marker genotype in Doberman Pinschers [MB Brooks et al], 364
Antioxidant prevention of Heinz body formation and oxidative injury in cats [AS Hill et al], 370
Amidolytic heparin activity and values for several hemostatic variables after repeated subcutaneous administration of high doses of a low molecular weight heparin in healthy dogs [R Mischke et al], 595
Use of a polymerase chain reaction assay to detect and differentiate two strains of *Haemobartonella felis* in naturally infected cats [WA Jensen et al], 604
Inoculation of two genotypes of *Hemobartonella felis* (California and Ohio variants) to induce infection in cats and the response to treatment with azithromycin [DS Westfall et al], 687
Radiometric assessment of hexose monophosphate shunt capacity in erythrocytes of rhinoceroses [DE Paglia et al], 1113
Seasonal changes in serum calcium, phosphorus, and vitamin D concentrations in llamas and alpacas [BB Smith et al], 1187
Evaluation of monoclonal antibodies for identification of subpopulations of myeloid cells in bone marrow obtained from dogs [DJ Weiss], 1229
Evaluation of a point-of-care coagulation analyzer for measurement of prothrombin time, activated partial thromboplastin time, and activated clotting time in dogs [LW Tseng et al], 1455
Flow cytometric analysis of intracellular complexity and CD45 expression for use in rapid differentiation of leukocytes in bovine blood samples [LS Pelan-Mattocks et al], 1740
Molecular and genetic basis for thrombasthenic thrombopathia in Otterhounds [MK Boudreaux et al], 1797
Anticoagulant effects of repeated subcutaneous injections of high doses of unfractionated heparin in healthy dogs [RH Mischke et al], 1887

***Hemobartonella felis***
Use of a polymerase chain reaction assay to detect and differentiate two strains of *Haemobartonella felis* in naturally infected cats [WA Jensen et al], 604
Inoculation of two genotypes of *Hemobartonella felis* (California and Ohio variants) to induce infection in cats and the response to treatment with azithromycin [DS Westfall et al], 687

**Hemodynamics**
Effects of intraluminal distention and decompression on microvascular permeability and hemodynamics of the equine jejunum [RM Dabareiner et al], 225
Alterations in systemic and local colonic hemodynamic variables associated with intravenous infusion of ATP-MgCl2 in healthy anesthetized horses [J Tetens et al], 1240

**Hemoglobin**
Use of capillary electrophoresis to quantitate carbamylated hemoglobin concentrations in dogs with renal failure [R Heiene et al], 1302

**Hemostasis**
Assessment of a point-of-care instrument for identification of primary hemostatic disorders in dogs [MB Callan et al], 652
Effect of storage conditions on hemostatic parameters of canine plasma obtained for transfusion [C Iazbik et al], 734

**Heparin**
Effects of sodium citrate, low molecular weight heparin, and prostaglandin E1 on aggregation, fibrinogen binding, and enumeration of equine platelets [JK Kingston et al], 547
Amidolytic heparin activity and values for several hemostatic variables after repeated subcutaneous administration of high doses of a low molecular weight heparin in healthy dogs [R Mischke et al], 595
Anticoagulant effects of repeated subcutaneous injections of high doses of unfractionated heparin in healthy dogs [RH Mischke et al], 1887

**Herd Health/Production**
Use of long-term vaccination with a killed vaccine to prevent fecal shedding of *Mycobacterium avium* subsp *paratuberculosis* in dairy herds [CHJ Kalis et al], 270
Characteristics and management practices associated with milk production in dairy herds in Ohio enrolled in official Dairy Herd Improvement Association programs [MJ Khaitsa et al], 1262
Direct and indirect contact rates among beef, dairy, goat, sheep, and swine herds in three California counties, with reference to control of potential foot-and-mouth disease transmission [TW Bates et al], 1121
Correction, 1477

**Heritability**
Heritability estimations for diseases, coat color, body weight, and height in a birth cohort of Boxers [ALJ Nielen et al], 1198

**Hexose Monophosphate Shunt**
Radiometric assessment of hexose monophosphate shunt capacity in erythrocytes of rhinoceroses [DE Paglia et al], 1113

**Hip Dysplasia**
Estimation of genetic population variables for six radiographic criteria of hip dysplasia in a colony of Labrador Retrievers [S Ohlerth et al], 846
Repeatability of dorsolateral subluxation scores in dogs and correlation with macroscopic appearance of hip osteoarthritis [G Lust et al], 1711

**Histamine**
Role of histamine in heartworm extract-induced shock in dogs [K Kitoh et al], 770

**Hoof**
Photoelastic stress analysis of strain patterns in equine hooves after four-point trimming [LM Dejardin et al], 467
Expression of interleukin-1β in the digital laminae of horses in the prodromal stage of experimentally induced laminitis [GL Fontaine et al], 714
Comparison of bending modulus and yield strength between outer stratum medium and stratum medium zona alba in equine hooves [IP Wagner et al], 745
Effects of ground surface deformability, trimming, and shoeing on quasistatic hoof loading patterns in horses [DM Hood et al], 895
Evaluation of hoof wall surface temperature as an index of digital vascular perfusion during the prodromal and acute phases of carbohydrate-induced laminitis in horses [DM Hood et al], 1167

**Horses**
Prevalence and prognostic importance of hypomagnesemia and hypocalcemia in horses that have colic surgery [JM Garcia-Lopez et al], 7
Evaluation of an in-shoe pressure measurement system in horses [CE Judy et al], 23
Evaluation of a polyvalent enzyme-linked immunosorbent assay incorporating a recombinant p44 antigen for diagnosis of granulocytic ehrlichiosis in dogs and horses [LA Magnarelli et al], 29
Effects of anti-inflammatory drugs on lipopolysaccharide-challenged and -unchallenged equine synovial explants [VS Moses et al], 54
Nucleotide and deduced amino acid sequence of equine retinal and pineal gland phosducin [C Keller et al], 61
Evaluation of polymyxin B in an ex vivo model of endotoxemia in horses [AK Parviainen et al], 72
Effect of a leukocyte-depleting filter in an extracorporeal circuit used for low-flow ischemia and reperfusion of equine jejunum [LM Van Hoogmoed et al], 87
Incidence of the endothelin receptor B mutation that causes lethal white foal syndrome in white-patterned horses [EM Santschi et al], 97
In vitro pharmacologic effect of two endothelin-1 antagonists on equine colic arteries and veins [CS Venugopal et al], 154
Effects of enrofloxacin and magnesium deficiency on matrix metabolism in equine articular cartilage [CLM Davenport et al], 160
Pharmacokinetics and adverse effects of butorphanol administered by single intravenous injection or continuous intravenous infusion in horses [DC Sellon et al], 183
Locomotor characteristics of horses with navicular disease [GE Williams], 206
Effects of intraluminal distention and decompression on microvascular permeability and hemodynamics of the equine jejunum [RM Dabareiner et al], 225
Comparative responses of bronchial rings to mediators of airway hyperreactivity in healthy horses and those affected with summer pasture-associated obstructive pulmonary disease [CS Venugopal et al], 259
Methodology and validity of assessing kinematics of the thoracolumbar vertebral column in horses on the basis of skin-fixated markers [M Faber et al], 301
Estimation of the probability for exceeding a threshold concentration of furosemide at various intervals after intravenous administration in horses [ND Cohen et al], 320
Petrographic and geochemic evaluation of equine enteroliths [DM Hassel et al], 350
Comparison of detomidine and romifidine as premedicants before ketamine and halothane anesthesia in horses undergoing elective surgery [PM Taylor et al], 359
Results of intradermal tests in horses without atopy and horses with chronic obstructive pulmonary disease [G Lorch et al], 389
Effect of contact stress in bones of the distal interphalangeal joint on microscopic changes in articular cartilage and ligaments [RM Bowker et al], 414
Cytokeratins of the matrices of the chestnut (torus carpeus) and periople in horses with acute laminitis [OS Wattle], 425
Photoelastic stress analysis of strain patterns in equine hooves after four-point trimming [LM Dejardin et al], 467
Density of corneal endothelial cells and corneal thickness in eyes of euthanatized horses [SE Andrew et al], 479
Disposition, elimination, and bioavailability of phenytoin and its major metabolite in horses [LR Soma et al], 483
Generation of reactive oxygen species by equine spermatozoa [BA Ball et al], 508
Microvascular development and growth of uterine tissue during the estrous cycle in mares [FM Gerreira-Dias et al], 526
Neodymium:yttrium aluminum garnet laser ventriculocordectomy in standing horses [JF Hawkins et al], 531

Clinical signs, evaluation of bronchoalveolar lavage fluid, and assessment of pulmonary function in horses with inflammatory respiratory disease [LL Couëtil et al], 538
Effects of sodium citrate, low molecular weight heparin, and prostaglandin E1 on aggregation, fibrinogen binding, and enumeration of equine platelets [JK Kingston et al], 547
Spectrum analysis of respiratory sounds in exercising horses with experimentally induced laryngeal hemoplegia or dorsal displacement of the soft palate [FJ Derksen et al], 659
Effects of enrofloxacin and ciprofloxacin hydrochloride on canine and equine chondrocytes in culture [M Egerbacher et al], 704
Effect of topical administration of 2% dorzlamide hydrochloride or 2% dorzlamide hydrochloride-0.5% timolol maleate on intraocular pressure in clinically normal horses [AM Willis et al], 709
Expression of interleukin-1β in the digital laminae of horses in the prodromal stage of experimentally induced laminitis [GL Fontaine et al], 714
Arthrocentesis of the temporomandibular joint in adult horses [DS Rosenstein et al], 729
Bovine papillomavirus DNA in neoplastic and nonneoplastic tissues obtained from horses with and without sarcoids in the western United States [EA Carr et al], 741
Comparison of bending modulus and yield strength between outer stratum medium and stratum medium zona alba in equine hooves [IP Wagner et al], 745
Evaluation of dual energy x-ray absorptiometry for in situ measurement of bone mineral density of equine metacarpi [SR McClure et al], 752
Basic three-dimensional kinematics of the vertebral column of horses trotting on a treadmill [M Faber et al], 757
Effect of a tongue-tie on upper airway mechanics in horses during exercise [CJ Cornelisse et al], 775
Effect of a tongue-tie on upper airway mechanics during exercise following sternothyroid myectomy in clinically normal horses [WL Beard et al], 779
Pharmacokinetics of imipramine in narcoleptic horses [KE Peck et al], 783
Myofibroblasts in the accessory ligament (distal check ligament) and the deep digital flexor tendon of foals [DK Hartzel et al], 823
Lectin binding patterns of uterine glands in mares with chronic endometrial degeneration [I Walter], 840
Effects of ground surface deformability, trimming, and shoeing on quasistatic hoof loading patterns in horses [DM Hood et al], 895
Effect of walking velocity on ground reaction force variables in the hind limb of clinically normal horses [S Khumsap et al], 901
Comparison of serum parathyroid hormone and ionized calcium and magnesium concentrations and fractional urinary clearance of calcium and phosphorus in healthy horses and horses with enterocolitis [RE Toribio et al], 938
Evaluation of a tapered-sleeve transcortical pin to reduce stress at the bone-pin interface in metacarpal bones obtained from horses [RA Nash et al], 955
Analgesic, hemodynamic, and respiratory effects induced by caudal epidural administration of meperdine hydrochloride in mares [RT Skarda et al], 1001
Effects of enalaprilat on cardiorespiratory, hemodynamic, and hematologic variables in exercising horses [WW Muir, III et al], 1008
Use of an antineoepitope antibody for identification of type-II collagen degradation in equine articular cartilage [RC Billinghurst et al], 1031
Results of intradermal tests in horses without atopy and horses with atopic dermatitis or recurrent urticaria [G Lorch et al], 1051
Changes in molecular expression of aggrecan and collagen types I, II, and X, insulin-like growth factor-I, and transforming growth factor-β1 in articular cartilage obtained from horses with naturally-acquired osteochondrosis [SA Semevolos et al], 1088
Evaluation of collagenase activity, matrix metalloproteinase-8, and matrix metalloproteinase-13 in horses with chronic obstructive pulmonary disease [SM Raulo et al], 1142
Efficacy of computerized discrimination between structure-related and non-structure-related echoes in ultrasonographic images for the quantitative evaluation of the structural integrity of superficial digital flexor tendons in horses [H TM van Schie et al], 1159
Evaluation of hoof wall surface temperature as an index of digital vascular perfusion during the prodromal and acute phases of carbohydrate-induced laminitis in horses [DM Hood et al], 1167
Treadmill study of the range of back movement at the walk in horses without back pain [TF Licka et al], 1173
Expression of a transforming gene (E5) of bovine papillomavirus in sarcoids obtained from horses [EA Carr et al], 1212
Alterations in systemic and local colonic hemodynamic variables associated with intravenous infusion of ATP-MgCl2 in healthy anesthetized horses [J Tetens et al], 1240
Luteal and clinical response following administration of dinoprost tromethamine or cloprostenol at standard intramuscular sites or at the lumbosacral acupuncture point in mares [GJ Nie et al], 1285
Derivation and characterization of a live attenuated equine influenza vaccine virus [JS Youngner et al], 1290
Evaluation of equine immunoglobulin specific for *Rhodococcus equi* virulence-associated proteins A and C for use in protecting foals against *Rhodococcus equi*-induced pneumonia [KE Hooper-McGrevy et al], 1307
Use of a hyaluronate membrane for jejunal anastomosis in horses [RB Eggleston et al], 1314
Use of quantitative analysis of sonographic brightness for detection of early healing of tendon injury in horses [L Micklethwaite et al], 1320
Estimation of the probability for exceeding thresholds of urine specific gravity and plasma concentration of furosemide at various intervals after intravenous administration of furosemide in horses [KK Chu et al], 1349
Morphologic stages of the equine embryo proper on days 17 to 40 after ovulation [DA Acker et al], 1358
Reactivity of serum samples of dogs and horses tested by use of class-specific recombinant-based enzyme-linked immunosorbent assays for detection of granulocytic ehrlichiosis [LA Magnarelli et al], 1365
Characterization of α-adrenoceptor subtypes in smooth muscle of equine ileum [G Re et al], 1370
Plasma and bronchalveolar fluid concentrations of nitric oxide and localization of nitric oxide synthesis in the lungs of horses with summer pasture-associated obstructive pulmonary disease [LRR Costa et al], 1381
Pharmacokinetics and toxic effects of lithium chloride after intravenous administration in conscious horses [CL Hatfield et al], 1387
Voluntary limb-load distribution in horses with acute and chronic laminitis [DM Hood et al], 1393
Evaluation of opioid receptors in synovial membranes of horses [JG Sheehy et al], 1408
Age-related quantitative alterations in lymphocyte subsets and immunoglobulin isotypes in healthy horses [D McFarlane et al], 1413
Training failure among yearling horses [J Hernandez et al], 1418
Cardiopulmonary effects of prolonged anesthesia via propofol-medetomidine infusion in ponies [R Bettschart-Wolfensberger et al], 1428
Synovial fluid gelatinase concentrations and matrix metalloproteinase and cytokine expression in naturally occurring joint disease in horses [TN Trumble et al], 1467

Effects of β-aminopropionitrile on equine tendon metabolism in vitro and on effects of insulin-like growth factor-I on matrix production by equine tenocytes [LA Dahlgren et al], 1557
Effects of exercise on the diameter of collagen fibrils in the central core and periphery of the superficial digital flexor tendon in foals [W Cherdchutham et al], 1563
Model formulation and determination of in vitro parameters of a noninvasive method to calculate flexor tendon forces in the equine forelimb [LS Meershoek et al], 1585
Sensitivity analysis and application to trotting of a noninvasive method to calculate flexor tendon forces in the equine forelimb [LS Meershoek et al], 1594
Pharmacokinetics of fluconazole following intravenous and oral administration and body fluid concentrations of fluconazole following repeated oral dosing in horses [FG Latimer et al], 1606
Effects of intra-articular injections of bufexamac suspension in healthy horses [MM Suominen et al], 1629
Calcium sensitivity of force production and myofibrillar ATPase activity in muscles from Thoroughbreds with recurrent exertional rhabdomyolysis [JA Mlekoday et al], 1647
In vitro evaluation of a customized solution for use in attenuating effects of ischemia and reperfusion in the equine small intestine [LM Van Hoogmoed et al], 1679
Evaluation of a signal-adapted filter for processing of periodic electromyography signals in horses walking on a treadmill [C Peham et al], 1687
Effect of topical anesthesia of the laryngeal mucosa on upper airway mechanics in exercising horses [SJ Holcombe et al], 1706
In vitro effects of cyclooxygenase inhibitors in whole blood of horses, dogs, and cats [C Brideau et al], 1755
Detailed ultrasonographic mapping of the pelvis in clinically normal horses and ponies [JE Tomlinson et al], 1768
Effects of aerosolized albuterol on physiologic responses to exercise in Standardbreds [MR Mazan et al], 1812
Effects of exercise on biomechanical properties of the superficial digital flexor tendon in foals [W Cherdchutham et al], 1859
Computed tomographic study of the effect of a tongue-tie on hyoid apparatus position and nasopharyngeal dimensions in anesthetized horses [CJ Cornelisse et al], 1865
Pharmacokinetics of azithromycin and concentration in body fluids and bronchoalveolar cells in foals [S Jacks et al], 1870
Use of an intravitreal sustained-release cyclosporine delivery device for treatment of equine recurrent uveitis [BC Gilger et al], 1892
Cardiopulmonary function in horses during anesthetic recovery in a hydropool [MC Richter et al], 1903
Effects of oral administration of phenylbutazone to horses on in vitro articular cartilage metabolism [LA Beluche et al], 1916
In vitro responses of equine colonic arterial and venous rings to adenosine triphosphate [J Tetens et al], 1928
Effects of topical administration of 0.005% latanoprost solution on eyes of clinically normal horses [AM Willis et al], 1945
Investigation of mRNA expression of tumor necrosis factor-α interleukin-1β and cyclooxygenase-2 in cultured equine digital artery smooth muscle cells after exposure to endotoxin [DH Rodgerson et al], 1957

**Hotlines Every Veterinarian Should Know**, 1511

**Humans**
Molecular epidemiologic features and antimocrobial susceptibility profiles of various ribotypes of *Pseudomonas aeruginosa* isolated from humans and ruminants [AL Rivas et al], 864

**Humerus**
Biochemical characterization of cartilage affected by osteochondritis dissecans in the humeral head of dogs [JL Tomlinson et al], 876

**Hyaluronate Membrane**
Use of a hyaluronate membrane for jejunal anastomosis in horses [RB Eggleston et al], 1314

**Hydropool**
Cardiopulmonary function in horses during anesthetic recovery in a hydropool [MC Richter et al], 1903

**Hyoid Apparatus**
Computed tomographic study of the effect of a tongue-tie on hyoid apparatus position and nasopharyngeal dimensions in anesthetized horses [CJ Cornelisse et al], 1865

**Hyperthyroidism**
Selenium status of cats in four regions of the world and comparison with reported incidence of hyperthyroidism in cats in those regions [DJ Foster et al], 934

**Hypervitaminosis**
Chronic ingestion of high concentrations of cholecalciferol in cats [TR Sih et al], 1500

**Hypothermia**
Impact of environmental temperature on response of neonatal pigs to an endotoxin challenge [JA Carroll et al], 561

## I

**Ileum**
Characterization of α-adrenoceptor subtypes in smooth muscle of equine ileum [G Re et al], 1370

**Ileus**
Effects of intestinal ischemia on in vitro activity of adjacent jejunum in samples obtained from ponies [ED Malone et al], 1973

**Imipramine**
Pharmacokinetics of imipramine in narcoleptic horses [KE Peck et al], 783

**Immunology**
Effects of the synthetic selectin inhibitor TBC1269 on tissue damage during acute *Mannheimia haemolytica*-induced pneumonia in neonatal calves [ZA Radi et al], 17
Use of western immunoblot for evaluation of myocardial dystrophin, α-sarcoglycan, and β-dystroglycan in dogs with idiopathic dilated cardiomyopathy [AW Spier et al], 67
Quantitative assessment of mast cells and expression of IgE protein and mRNA for IgE and interleukin 4 in the gastrointestinal tract of healthy dogs and dogs with inflammatory bowel disease [C Locher et al], 211
Cytotoxic effects of peroxynitrite, polymorphonuclear neutrophils, free-radical scavengers, inhibitors of myeloperoxidase, and inhibitors of nitric oxide synthase on bovine mammary secretory epithelial cells [TK Ledbetter et al], 286
Evaluation of the safety of an abbreviated course of injections of allergen extracts (rush immunotherapy) for the treatment of dogs with atopic dermatitis [RS Mueller et al], 307
Evaluation of a nonradioactive colorimetric assay for analysis of lymphocyte proliferation in healthy cats [KE Saker et al], 567
Induction of specific cytotoxic T-cell activity against xenogeneic target cells in carp (*Cyprinus carpio*) [K Yamamoto et al], 599
Evaluation of effectiveness of a vaccination program against an infectious disease at the population level [TE Carpenter], 202
Letter [PS Morley et al], 648
Comparison of bronchoalveolar lavage fluid obtained from *Mannheimia haemolytica*-inoculated calves with and without prior treatment with the selectin inhibitor TBC1269 [JM Caverly et al], 665
Evaluation of phagocytosis, bactericidal activity, and production

of superoxide anion, nitric oxide, and tumor necrosis factor-α in Kupffer cells of neonatal pigs [JK Akunda et al], 1040
Results of intradermal tests in horses without atopy and horses with atopic dermatitis or recurrent urticaria [G Lorch et al], 1051
Effect of mammary secretions on functions of polymorphonuclear leukocytes in pigs [I Osterlundh et al], 1250
Detection of shared antigenic determinants on whole *Moraxella bovis* pili by use of antisera to cyanogen bromide-cleaved *M bovis* pilus protein [WH Greene et al], 1279
Derivation and characterization of a live attenuated equine influenza vaccine virus [JS Youngner et al], 1290
Evaluation of equine immunoglobulin specific for *Rhodococcus equi* virulence-associated proteins A and C for use in protecting foals against *Rhodococcus equi*-induced pneumonia [KE Hooper-McGrevy et al], 1307
Oral vaccination of sexually mature pigs with *Brucella abortus* vaccine strain RB51 [MD Edmonds et al], 1328
Plasma and bronchalveolar fluid concentrations of nitric oxide and localization of nitric oxide synthesis in the lungs of horses with summer pasture-associated obstructive pulmonary disease [LRR Costa et al], 1381
Effect of maternal immunity on the immune response to oral vaccination against rabies in young foxes [TF Müller et al], 1154
Correction, 1401
Age-related quantitative alterations in lymphocyte subsets and immunoglobulin isotypes in healthy horses [D McFarlane et al], 1413
Effects of subclinical pregnancy toxemia on immune responses in sheep [N Lacetera et al], 1020
Correction, 1446
Cytologic and biochemical changes associated with inoculation of amniotic fluid and meconium into lungs of neonatal rats [J Martínez-Burnes et al], 1636
Activation-induced mobilization of secretory vesicles in bovine neutrophils [SD Swain et al], 1776
Adsorption of colostral antibodies against classical swine fever, persistence of maternal antibodies, and effect on response to vaccination in pigs [J Vandeputte et al], 1805
Expression of CD3 and CD11b antigens on blood and mammary gland leukocytes and bacterial survival in milk of cows with experimentally induced *Staphylococcus aureus* mastitis [AL Rivas et al], 1840
Shedding of porcine reproductive and respiratory syndrome virus in mammary gland secretions of sows [EA Wagstrom et al], 1876
Evaluation of an autogenous *Salmonella* bacterin and a modified live *Salmonella* serotype Choleraesuis vaccine on a commercial dairy farm [JK House et al], 1897
Effects of vitamin E on urokinase-plasminogen activator receptor expression by bovine neutrophils [I Politis et al], 1934

**Inclusion Body Disease**
Partial characterization of retroviruses from boid snakes with inclusion body disease [ER Jacobson et al], 217

**Inflammation**
Effects of anti-inflammatory drugs on lipopolysaccharide-challenged and -unchallenged equine synovial explants [VS Moses et al], 54
Effects of *Mannheimia haemolytica* leukotoxin on apoptosis and oncosis of bovine neutrophils [LA Cudd et al], 136
Quantitative assessment of mast cells and expression of IgE protein and mRNA for IgE and interleukin 4 in the gastrointestinal tract of healthy dogs and dogs with inflammatory bowel disease [C Locher et al], 211
Evaluation of opioid receptors in synovial membranes of horses [JG Sheehy et al], 1408
Synovial fluid gelatinase concentrations and matrix metalloproteinase and cytokine expression in naturally occurring joint disease in horses [TN Trumble et al], 1467
In vitro effects of cyclooxygenase inhibitors in whole blood of horses, dogs, and cats [C Brideau et al], 1755
Activation-induced mobilization of secretory vesicles in bovine neutrophils [SD Swain et al], 1776
Investigation of mRNA expression of tumor necrosis factor-α interleukin-1β and cyclooxygenase-2 in cultured equine digital artery smooth muscle cells after exposure to endotoxin [DH Rodgerson et al], 1957

**Inflammatory Bowel Disease**
Quantitative assessment of mast cells and expression of IgE protein and mRNA for IgE and interleukin 4 in the gastrointestinal tract of healthy dogs and dogs with inflammatory bowel disease [C Locher et al], 211

**Influenza**
Derivation and characterization of a live attenuated equine influenza vaccine virus [JS Youngner et al], 1290

**Insulin**
Determination of reference values for glucose tolerance, insulin tolerance, and insulin sensitivity tests in clinically normal cats [DJ Appleton et al], 630
Effects of exogenous insulin on glucose tolerance in alpacas [CK Cebra et al], 1544

**Integumentary System**
Soluble scute proteins of healthy and ill desert tortoises (*Gopherus agassizii*) [BL Homer et al], 104
Evaluation of the safety of an abbreviated course of injections of allergen extracts (rush immunotherapy) for the treatment of dogs with atopic dermatitis [RS Mueller et al], 307
Results of intradermal tests in horses without atopy and horses with chronic obstructive pulmonary disease [G Lorch et al], 389
Cytokeratins of the matrices of the chestnut (torus carpeus) and periople in horses with acute laminitis [OS Wattle], 425
Contact transmission of vesicular stomatitis virus New Jersey in pigs [DE Stallknecht et al], 516
Results of intradermal tests in horses without atopy and horses with atopic dermatitis or recurrent urticaria [G Lorch et al], 1051
Effects of a bioactive glass on healing of closed skin wounds in dogs [RL Gillette et al], 1149
Expression of a transforming gene (E5) of bovine papillomavirus in sarcoids obtained from horses [EA Carr et al], 1212

**Intensive Care Units**
Evaluation of the survival prediction index as a model of risk stratification for clinical research in dogs admitted to intensive care units at four locations [LG King et al], 948

**Interleukins**
Quantitative assessment of mast cells and expression of IgE protein and mRNA for IgE and interleukin 4 in the gastrointestinal tract of healthy dogs and dogs with inflammatory bowel disease [C Locher et al], 211
Expression of interleukin-1β in the digital laminae of horses in the prodromal stage of experimentally induced laminitis [GL Fontaine et al], 714
Investigation of mRNA expression of tumor necrosis factor-α interleukin-1β and cyclooxygenase-2 in cultured equine digital artery smooth muscle cells after exposure to endotoxin [DH Rodgerson et al], 1957

**Intraocular Pressure**
Effect of topical administration of 2% dorzlamide hydrochloride or 2% dorzlamide hydrochloride-0.5% timolol maleate on intraocular pressure in clinically normal horses [AM Willis et al], 709

Effects of topical application of a 2% solution of dorzolamide on intraocular pressure and aqueous humor flow rate in clinically normal dogs [MA Cawrse et al], 859

**Inulin**
Evaluation of plasma clearance of inulin in clinically normal and partially nephrectomized cats [K Miyamoto], 1332

**Iohexol**
Use of plasma clearance of iohexol for estimating glomerular filtration rate in cats [K Miyamoto], 572

**Iron**
Role of excessive maternal iron in the pathogenesis of congenital leukoencephalomalacia in captive black rhinoceroses (*Diceros bicornis*) [DE Paglia et al], 343

**Ischemia**
Effect of a leukocyte-depleting filter in an extracorporeal circuit used for low-flow ischemia and reperfusion of equine jejunum [LM Van Hoogmoed et al], 87
Effects of intraluminal distention and decompression on microvascular permeability and hemodynamics of the equine jejunum [RM Dabareiner et al], 225
In vitro evaluation of a customized solution for use in attenuating effects of ischemia and reperfusion in the equine small intestine [LM Van Hoogmoed et al], 1679
Effects of intestinal ischemia on in vitro activity of adjacent jejunum in samples obtained from ponies [ED Malone et al], 1973

**Isoflurane**
Respiratory reflexes in spontaneously breathing anesthetized dogs in response to nasal administration of sevoflurane, isoflurane, or halothane [T Mutoh et al], 311
Effects of diazepam and flumazenil on minimum alveolar concentrations for dogs anesthetized with isoflurane or a combination of isoflurane and fentanyl [PW Hellyer et al], 555
Comparison of medetomidine and dexmedetomidine as premedicants in dogs undergoing propofol-isoflurane anesthesia [E Kuusela et al], 1073
Effects of nitrous oxide on mask induction of anesthesia with sevoflurane or isoflurane in dogs [T Mutoh et al], 1727

## J

**Jejunum**
Effect of a leukocyte-depleting filter in an extracorporeal circuit used for low-flow ischemia and reperfusion of equine jejunum [LM Van Hoogmoed et al], 87
Use of a hyaluronate membrane for jejunal anastomosis in horses [RB Eggleston et al], 1314
Effects of intestinal ischemia on in vitro activity of adjacent jejunum in samples obtained from ponies [ED Malone et al], 1973

**Joints**
Effects of anti-inflammatory drugs on lipopolysaccharide-challenged and -unchallenged equine synovial explants [VS Moses et al], 54
Effects of enrofloxacin and magnesium deficiency on matrix metabolism in equine articular cartilage [CLM Davenport et al], 160
Effect of contact stress in bones of the distal interphalangeal joint on microscopic changes in articular cartilage and ligaments [RM Bowker et al], 414
Synovial fluid gelatinase concentrations and matrix metalloproteinase and cytokine expression in naturally occurring joint disease in horses [TN Trumble et al], 1467
In vitro experimental study of the effect of radial shortening and ulnar ostectomy on contact patterns in the elbow joint of dogs [CA Preston et al], 1548
Effects of intra-articular injections of bufexamac suspension in healthy horses [MM Suominen et al], 1629
Computed tomography of the tarsal joint in clinically normal dogs [IM Gielen et al], 1911
Effects of oral administration of phenylbutazone to horses on in vitro articular cartilage metabolism [LA Beluche et al], 1916

## K

**Keratoconjunctivitis**
Cloning and characterization of a *Moraxella bovis* cytotoxin gene [JA Angelos et al], 1222

**Ketamine**
Determination of optimal immobilizing doses of a medetomidine hydrochloride and ketamine hydrochloride combination in captive reindeer [KA Ryeng et al], 119
Comparison of detomidine and romifidine as premedicants before ketamine and halothane anesthesia in horses undergoing elective surgery [PM Taylor et al], 359
Clinical evaluation of established optimal immobilizing doses of medetomidine-ketamine in captive reindeer (*Rangifer tarandus tarandus*) [KA Ryeng et al], 406

**Ketoprofen**
Pharmacodynamics and pharmacokinetics of ketoprofen enantiomers in sheep [AK Arifah et al], 77
Safety and efficacy of preoperative administration of meloxicam, compared with that of ketoprofen and butorphanol in dogs undergoing abdominal surgery [KA Mathews et al], 882

**Kinematics**
Methodology and validity of assessing kinematics of the thoracolumbar vertebral column in horses on the basis of skin-fixated markers [M Faber et al], 301
Basic three-dimensional kinematics of the vertebral column of horses trotting on a treadmill [M Faber et al], 757
Model formulation and determination of in vitro parameters of a noninvasive method to calculate flexor tendon forces in the equine forelimb [LS Meershoek et al], 1585
Sensitivity analysis and application to trotting of a noninvasive method to calculate flexor tendon forces in the equine forelimb [LS Meershoek et al], 1594

**Kit Receptor**
Expression and distribution of the Kit receptor in bovine bone marrow cells [H Hikono et al], 974

**Kupffer Cells**
Evaluation of phagocytosis, bactericidal activity, and production of superoxide anion, nitric oxide, and tumor necrosis factor-α in Kupffer cells of neonatal pigs [JK Akunda et al], 1040

## L

**Labrador Retrievers**
Estimation of genetic population variables for six radiographic criteria of hip dysplasia in a colony of Labrador Retrievers [S Ohlerth et al], 846
Comparison of urine composition of healthy Labrador Retrievers and Miniature Schnauzers [AE Stevenson et al], 1782

**β-Lactams**
Screening method for identification of β-lactams in bovine urine by use of liquid chromatography and a microbial inhibition test [JMB Musser et al], 326

**Lactation**
Changes in protein and nutrient composition of milk throughout lactation in dogs [Y Adkins et al], 1266

**Lameness**
Evaluation of an in-shoe pressure measurement system in horses [CE Judy et al], 23

Biomechanical properties of braided polyester tapes intended for use as intra-articular cranial cruciate ligament prostheses in dogs [H de Rooster et al], 48
Locomotor characteristics of horses with navicular disease [GE Williams], 206

**Laminitis**
Cytokeratins of the matrices of the chestnut (torus carpeus) and periople in horses with acute laminitis [OS Wattle], 425
Expression of interleukin-1β in the digital laminae of horses in the prodromal stage of experimentally induced laminitis [GL Fontaine et al], 714
Evaluation of hoof wall surface temperature as an index of digital vascular perfusion during the prodromal and acute phases of carbohydrate-induced laminitis in horses [DM Hood et al], 1167
Voluntary limb-load distribution in horses with acute and chronic laminitis [DM Hood et al], 1393

**Larynx**
Neodymium:yttrium aluminum garnet laser ventriculocordectomy in standing horses [JF Hawkins et al], 531
Spectrum analysis of respiratory sounds in exercising horses with experimentally induced laryngeal hemoplegia or dorsal displacement of the soft palate [FJ Derksen et al], 659
Effect of topical anesthesia of the laryngeal mucosa on upper airway mechanics in exercising horses [SJ Holcombe et al], 1706

**Lasers**
Neodymium:yttrium aluminum garnet laser ventriculocordectomy in standing horses [JF Hawkins et al], 531

**Latanoprost**
Effects of topical administration of 0.005% latanoprost solution on eyes of clinically normal horses [AM Willis et al], 1945

***Leptospira borgpetersenii* serovar hardjo**
Use of a monovalent leptospiral vaccine to prevent renal colonization and urinary shedding in cattle exposed to *Leptospira borgpetersenii* serovar hardjo [CA Bolin et al], 995

**Lethal White Foal Syndrome**
Incidence of the endothelin receptor B mutation that causes lethal white foal syndrome in white-patterned horses [EM Santschi et al], 97

**Letters to the Editor**
Authors do not believe article provides evidence of vaccine efficacy [PS Morley et al], 648
Questions evaluation of refractometer [JW George]
Response [J-P Braun], 648

**Leukemia**
Development and evaluation of a highly sensitive and specific blocking enzyme-linked immunosorbent assay and polymerase chain reaction assay for diagnosis of bovine leukemia virus infection in cattle [SE Gutiérrez et al], 1571

**Leukocytes**
Effect of a leukocyte-depleting filter in an extracorporeal circuit used for low-flow ischemia and reperfusion of equine jejunum [LM Van Hoogmoed et al], 87
Effect of mammary secretions on functions of polymorphonuclear leukocytes in pigs [I Osterlundh et al], 1250
Flow cytometric analysis of intracellular complexity and CD45 expression for use in rapid differentiation of leukocytes in bovine blood samples [LS Pelan-Mattocks et al], 1740

**Leukoencephalomalacia**
Role of excessive maternal iron in the pathogenesis of congenital leukoencephalomalacia in captive black rhinoceroses (*Diceros bicornis*) [DE Paglia et al], 343

**Levomedetomidine**
Sedative, analgesic, and cardiovascular effects of levomedetomidine alone and in combination with dexmedetomidine in dogs [E Kuusela et al], 616

**Ligaments**
Biomechanical properties of braided polyester tapes intended for use as intra-articular cranial cruciate ligament prostheses in dogs [H de Rooster et al], 48
Effect of contact stress in bones of the distal interphalangeal joint on microscopic changes in articular cartilage and ligaments [RM Bowker et al], 414
Concentrations of chondroitin sulfate epitopes 3B3 and 7D4 in synovial fluid after intra-articular and extracapsular reconstruction of the cranial cruciate ligament in dogs [KA Johnson et al], 581
Myofibroblasts in the accessory ligament (distal check ligament) and the deep digital flexor tendon of foals [DK Hartzel et al], 823

**Lipidosis**
Metabolic changes and induction of hepatic lipidosis during feed restriction in llamas [SJ Tornquist et al], 1081

**Lipid Peroxide**
Serum lipid peroxide and α-tocopherol concentrations and superoxide dismutase activity in captive bottle-nosed dolphins [M Kasamatsu et al], 1952

**Lipids**
Influence of age and sex on plasma lipid and lipoprotein concentrations and associated enzyme activities in cats [RF Butterwick et al], 331

**Lipopolysaccharide**
Effects of anti-inflammatory drugs on lipopolysaccharide-challenged and -unchallenged equine synovial explants [VS Moses et al], 54

**Lipoprotein**
Influence of age and sex on plasma lipid and lipoprotein concentrations and associated enzyme activities in cats [RF Butterwick et al], 331

**Lithium Chloride**
Pharmacokinetics and toxic effects of lithium chloride after intravenous administration in conscious horses [CL Hatfield et al], 1387
Assessment of lithium dilution cardiac output as a technique for measurement of cardiac output in dogs [DJ Mason et al], 1255
Correction, 1611

**Liver**
Metabolic changes and induction of hepatic lipidosis during feed restriction in llamas [SJ Tornquist et al], 1081
Effect of chronic exposure to excess dietary copper and dietary selenium supplementation on liver specimens from rats [EM Aburto et al], 1423

**Llamas**
Fecal shedding of *Giardia duodenalis*, *Cryptosporidium parvum*, *Salmonella* organisms, and *Escherichia coli* O157:H7 from llamas in California [FC Rulofson et al], 637
Glucose tolerance testing in llamas and alpacas [CK Cebra et al], 682
Analysis of aqueous humor obtained from normal eyes of llamas and alpacas [ML Aubin et al], 1060
Metabolic changes and induction of hepatic lipidosis during feed restriction in llamas [SJ Tornquist et al], 1081
Seasonal changes in serum calcium, phosphorus, and vitamin D concentrations in llamas and alpacas [BB Smith et al], 1187

**Locomotion**
Basic three-dimensional kinematics of the vertebral column of horses trotting on a treadmill [M Faber et al], 757

**Lumbosacral Disk**
Pressure profilometry of the lumbosacral disk in dogs [RAS Mitchell et al], 1734

**Lymphatic/Immune System**
Effects of the synthetic selectin inhibitor TBC1269 on tissue damage during acute *Mannheimia haemolytica*-induced pneumonia in neonatal calves [ZA Radi et al], 17
Use of western immunoblot for evaluation of myocardial dystrophin, α-sarcoglycan, and β-dystroglycan in dogs with idiopathic dilated cardiomyopathy [AW Spier et al], 67
Evaluation of polymyxin B in an ex vivo model of endotoxemia in horses [AK Parviainen et al], 72
Effects of *Mannheimia haemolytica* leukotoxin on apoptosis and oncosis of bovine neutrophils [LA Cudd et al], 136
Quantitative assessment of mast cells and expression of IgE protein and mRNA for IgE and interleukin 4 in the gastrointestinal tract of healthy dogs and dogs with inflammatory bowel disease [C Locher et al], 211
Experimental infection of European wild boars and domestic pigs with pseudorabies viruses with differing virulence [TE Müller et al], 252
Cytotoxic effects of peroxynitrite, polymorphonuclear neutrophils, free-radical scavengers, inhibitors of myeloperoxidase, and inhibitors of nitric oxide synthase on bovine mammary secretory epithelial cells [TK Ledbetter et al], 286
Evaluation of a nonradioactive colorimetric assay for analysis of lymphocyte proliferation in healthy cats [KE Saker et al], 567
Induction of specific cytotoxic T-cell activity against xenogeneic target cells in carp (*Cyprinus carpio*) [K Yamamoto et al], 599
Evaluation of effectiveness of a vaccination program against an infectious disease at the population level [TW Carpenter], 202
Letter [PS Morley et al], 648
Comparison of bronchoalveolar lavage fluid obtained from *Mannheimia haemolytica*-inoculated calves with and without prior treatment with the selectin inhibitor TBC1269 [JM Caverly et al], 665
Effects of oral vitamin E supplementation during late gestation in beef cattle that calved in late winter and late summer [RT Bass II et al], 921
Use of an antineoepitope antibody for identification of type-II collagen degradation in equine articular cartilage [RC Billinghurst et al], 1031
Evaluation of phagocytosis, bactericidal activity, and production of superoxide anion, nitric oxide, and tumor necrosis factor-α in Kupffer cells of neonatal pigs [JK Akunda et al], 1040
Results of intradermal tests in horses without atopy and horses with atopic dermatitis or recurrent urticaria [G Lorch et al], 1051
Effect of mammary secretions on functions of polymorphonuclear leukocytes in pigs [I Osterlundh et al], 1250
Detection of shared antigenic determinants on whole *Moraxella bovis* pili by use of antisera to cyanogen bromide-cleaved *M bovis* pilus protein [WH Greene et al], 1279
Derivation and characterization of a live attenuated equine influenza vaccine virus [JS Youngner et al], 1290
Evaluation of equine immunoglobulin specific for *Rhodococcus equi* virulence-associated proteins A and C for use in protecting foals against *Rhodococcus equi*-induced pneumonia [KE Hooper-McGrevy et al], 1307
Oral vaccination of sexually mature pigs with *Brucella abortus* vaccine strain RB51 [MD Edmonds et al], 1328
Characterization of house dust mite and scabies mite allergens by use of canine serum antibodies [RJ Schumann et al], 1344
Plasma and bronchalveolar fluid concentrations of nitric oxide and localization of nitric oxide synthesis in the lungs of horses with summer pasture-associated obstructive pulmonary disease [LRR Costa et al], 1381
Effect of maternal immunity on the immune response to oral vaccination against rabies in young foxes [TF Müller et al], 1154
Correction, 1401
Age-related quantitative alterations in lymphocyte subsets and immunoglobulin isotypes in healthy horses [D McFarlane et al], 1413
Telomerase activity in clinically normal dogs and dogs with malignant lymphoma [LM Carioto et al], 1442
Effects of subclinical pregnancy toxemia on immune responses in sheep [N Lacetera et al], 1020
Correction, 1446
Cytologic and biochemical changes associated with inoculation of amniotic fluid and meconium into lungs of neonatal rats [J Martínez-Burnes et al], 1636
Activation-induced mobilization of secretory vesicles in bovine neutrophils [SD Swain et al], 1776
Adsorption of colostral antibodies against classical swine fever, persistence of maternal antibodies, and effect on response to vaccination in pigs [J Vandeputte et al], 1805
Expression of CD3 and CD11b antigens on blood and mammary gland leukocytes and bacterial survival in milk of cows with experimentally induced *Staphylococcus aureus* mastitis [AL Rivas et al], 1840
Shedding of porcine reproductive and respiratory syndrome virus in mammary gland secretions of sows [EA Wagstrom et al], 1876
Evaluation of an autogenous *Salmonella* bacterin and a modified live *Salmonella* serotype Choleraesuis vaccine on a commercial dairy farm [JK House et al], 1897
Effects of vitamin E on urokinase-plasminogen activator receptor expression by bovine neutrophils [I Politis et al], 1934

**Lymphocytes**
Evaluation of a nonradioactive colorimetric assay for analysis of lymphocyte proliferation in healthy cats [KE Saker et al], 567
Induction of specific cytotoxic T-cell activity against xenogeneic target cells in carp (*Cyprinus carpio*) [K Yamamoto et al], 599
Age-related quantitative alterations in lymphocyte subsets and immunoglobulin isotypes in healthy horses [D McFarlane et al], 1413

**Lymphoma**
Telomerase activity in clinically normal dogs and dogs with malignant lymphoma [LM Carioto et al], 1442

## M

**Magnesium**
Prevalence and prognostic importance of hypomagnesemia and hypocalcemia in horses that have colic surgery [JM Garcia-Lopez et al], 7
Effects of enrofloxacin and magnesium deficiency on matrix metabolism in equine articular cartilage [CLM Davenport et al], 160
Comparison of serum parathyroid hormone and ionized calcium and magnesium concentrations and fractional urinary clearance of calcium and phosphorus in healthy horses and horses with enterocolitis [RE Toribio et al], 938

**Magnetic Resononance Imaging (MRI)**
Electroacupuncture-induced neural activation detected by use of manganese-enhanced functional magnetic resonance imaging in rabbits [J-H Chiu et al], 178

**Malignancy**
Telomerase activity as a marker for malignancy in feline tissues [CD Cadile et al], 1578

**Mammary Glands**
Cytotoxic effects of peroxynitrite, polymorphonuclear neutrophils, free-radical scavengers, inhibitors of myeloperoxidase, and inhibitors of nitric oxide synthase on bovine mammary secretory epithelial cells [TK Ledbetter et al], 286
Effect of mammary secretions on functions of polymorphonuclear leukocytes in pigs [I Osterlundh et al], 1250
Telomere length and telomerase activity in canine mammary gland tumors [M Yazawa et al], 1539
In vitro efficacy of chemotherapeutics as determined by 50% inhibitory concentrations in cell cultures of mammary gland tumors obtained from dogs [D Simon et al], 1825
Shedding of porcine reproductive and respiratory syndrome virus in mammary gland secretions of sows [EA Wagstrom et al], 1876

**Mandible**
Influence of an interdental full pin on stability of an acrylic external fixator for rostral mandibular fractures in dogs [WT Cook et al], 576

***Mannheimia haemolytica***
Effects of the synthetic selectin inhibitor TBC1269 on tissue damage during acute *Mannheimia haemolytica*-induced pneumonia in neonatal calves [ZA Radi et al], 17
Effects of *Mannheimia haemolytica* leukotoxin on apoptosis and oncosis of bovine neutrophils [LA Cudd et al], 136
Comparison of bronchoalveolar lavage fluid obtained from *Mannheimia haemolytica*-inoculated calves with and without prior treatment with the selectin inhibitor TBC1269 [JM Caverly et al], 665
Development of an ex vivo model to study adherence of *Mannheimia haemolytica* serovar 1 to mucosal tissues of the respiratory tract of cattle [JM Clarke et al], 805

**Mast Cells**
Quantitative assessment of mast cells and expression of IgE protein and mRNA for IgE and interleukin 4 in the gastrointestinal tract of healthy dogs and dogs with inflammatory bowel disease [C Locher et al], 211

**Mastitis**
Comparison of number of *Streptococcus uberis* calculated on a volume or weight basis in sand and sawdust bedding [MT Gabler et al], 171
Effect of mammary secretions on functions of polymorphonuclear leukocytes in pigs [I Osterlundh et al], 1250
Reliability of three bulk-tank antimicrobial residue detection assays used to test individual milk samples from cows with mild clinical mastitis [SN Gibbons-Burgener et al], 1716
Expression of CD3 and CD11b antigens on blood and mammary gland leukocytes and bacterial survival in milk of cows with experimentally induced *Staphylococcus aureus* mastitis [AL Rivas et al], 1840

**Meconium**
Cytologic and biochemical changes associated with inoculation of amniotic fluid and meconium into lungs of neonatal rats [J Martinez-Burnes et al], 1636

**Medetomidine**
Determination of optimal immobilizing doses of a medetomidine hydrochloride and ketamine hydrochloride combination in captive reindeer [KA Ryeng et al], 119
Clinical evaluation of established optimal immobilizing doses of medetomidine-ketamine in captive reindeer (*Rangifer tarandus tarandus*) [KA Ryeng et al], 406
Infusion of a combination of propofol and medetomidine for long-term anesthesia in ponies [R Bettschart-Wolfensberger et al], 500
Comparison of medetomidine and dexmedetomidine as premedicants in dogs undergoing propofol-isoflurane anesthesia [E Kuusela et al], 1073
Cardiopulmonary effects of prolonged anesthesia via propofol-medetomidine infusion in ponies [R Bettschart-Wolfensberger et al], 1428
Cardiopulmonary evaluation of the use of medetomidine hydrochloride in cats [LA Lamont et al], 1745

**Meloxicam**
Safety and efficacy of preoperative administration of meloxicam, compared with that of ketoprofen and butorphanol in dogs undergoing abdominal surgery [KA Mathews et al], 882

**Meperidine**
Analgesic, hemodynamic, and respiratory effects induced by caudal epidural administration of meperdine hydrochloride in mares [RT Skarda et al], 1001

**Metabolism**
Metabolic changes and induction of hepatic lipidosis during feed restriction in llamas [SJ Tornquist et al], 1081
Metabolic alterations in dogs with osteosarcoma [EM Mazzaferro et al], 1234

**Metacarpal Bones**
Evaluation of dual energy x-ray absorptiometry for in situ measurement of bone mineral density of equine metacarpi [SR McClure et al], 752
Site-specific adaptive remodeling of Greyhound metacarpal cortical bone subjected to asymmetrical cyclic loading [KA Johnson et al], 787
Evaluation of a tapered-sleeve transcortical pin to reduce stress at the bone-pin interface in metacarpal bones obtained from horses [RA Nash et al], 955

**Metalloproteinase**
Evaluation of collagenase activity, matrix metalloproteinase-8, and matrix metalloproteinase-13 in horses with chronic obstructive pulmonary disease [SM Raulo et al], 1142
Synovial fluid gelatinase concentrations and matrix metalloproteinase and cytokine expression in naturally occurring joint disease in horses [TN Trumble et al], 1467

**Methanesulfonate**
Comparative efficacy of tricaine methanesulfonate and clove oil for use as anesthetics in red pacu (*Piaractus brachypomus*) [KK Sladky et al], 337

**3-Methylindole**
Association of 3-methyleneindolenine, a toxic metabolite of 3-methylindole, with acute interstitial pneumonia in feedlot cattle [GH Loneragan et al], 1525

**Mice**
Bacteriologic and histologic features in mice after intranasal inoculation of *Brucella melitensis* [MG Mense et al], 398
Correction: 642
Use of a murine xenograft model for canine transmissible venereal tumor [A Harmelin et al], 907

**Microbiology**
Comparison of number of *Streptococcus uberis* calculated on a volume or weight basis in sand and sawdust bedding [MT Gabler et al], 171
Prevalence of *Streptococcus iniae* in tilapia, hybrid striped bass, and channel catfish on commercial fish farms in the United States [CA Shoemaker et al], 174
Effects of intranasal inoculation with *Bordetella bronchiseptica*,

porcine reproductive and respiratory syndrome virus, or a combination of both organisms on subsequent infection with *Pasteurella multocida* in pigs [SL Brockmeier et al], 521
Molecular epidemiologic features and antimocrobial susceptibility profiles of various ribotypes of *Pseudomonas aeruginosa* isolated from humans and ruminants [AL Rivas et al], 864
Susceptibility of ducks to avian pneumovirus of turkey origin [H-J Shin et al], 991
Use of a monovalent leptospiral vaccine to prevent renal colonization and urinary shedding in cattle exposed to *Leptospira borgpetersenii* serovar hardjo [CA Bolin et al], 995
Relationship between degree of viremia and disease manifestations in calves with experimentally induced bovine viral diarrhea virus infection [PH Walz et al], 1095
Cloning and characterization of a *Moraxella bovis* cytotoxin gene [JA Angelos et al], 1222
Detection of shared antigenic determinants on whole *Moraxella bovis* pili by use of antisera to cyanogen bromide-cleaved *M bovis* pilus protein [WH Greene et al], 1279
In vitro inhibition of *Salmonella* organisms isolated from reptiles by an inactivated culture of microcin-producing *Escherichia coli* [RE Wooley et al], 1399
Attenuation of a *Brucella abortus* mutant lacking a major 25kDa outer membrane protein in cattle [MD Edmonds et al], 1461
Involvement of microbial respiratory pathogens in acute interstitial pneumonia in feedlot cattle [GH Loneragan et al], 1519
Effect of a valine residue at codon 352 of the VP2 capsid protein on in vivo replication and pathogenesis of Aleutian disease parvovirus in mink [MAM Stevenson et al], 1658
Expression of CD3 and CD11b antigens on blood and mammary gland leukocytes and bacterial survival in milk of cows with experimentally induced *Staphylococcus aureus* mastitis [AL Rivas et al], 1840

**Microcin**
In vitro inhibition of *Salmonella* organisms isolated from reptiles by an inactivated culture of microcin-producing *Escherichia coli* [RE Wooley et al], 1399

**Milk**
Changes in protein and nutrient composition of milk throughout lactation in dogs [Y Adkins et al], 1266
Reliability of three bulk-tank antimicrobial residue detection assays used to test individual milk samples from cows with mild clinical mastitis [SN Gibbons-Burgener et al], 1716

**Milk Production**
Characteristics and management practices associated with milk production in dairy herds in Ohio enrolled in official Dairy Herd Improvement Association programs [MJ Khaitsa et al], 1262

**Miniature Schnauzers**
Comparison of urine composition of healthy Labrador Retrievers and Miniature Schnauzers [AE Stevenson et al], 1782

**Mink**
Effect of a valine residue at codon 352 of the VP2 capsid protein on in vivo replication and pathogenesis of Aleutian disease parvovirus in mink [MAM Stevenson et al], 1658

**Mites**
Characterization of house dust mite and scabies mite allergens by use of canine serum antibodies [RJ Schumann et al], 1344

**Mitoxantrone**
Establishment of two vaccine-associated feline sarcoma cell lines and determination of in vitro chemosensitivity to doxorubicin and mitoxantrone [LE Williams et al], 1354

**Molecular Biology**
Evaluation of the cardiac actin gene in Doberman Pinschers with dilated cardiomyopathy [KM Meurs et al], 33
Nucleotide and deduced amino acid sequence of equine retinal and pineal gland phosducin [C Keller et al], 61
Soluble scute proteins of healthy and ill desert tortoises (*Gopherus agassizii*) [BL Homer et al], 104
Polymerase chain reaction analysis for viruses in paraffin-embedded myocardium from dogs with dilated cardiomyopathy or myocarditis [TR Maxson et al], 130
Evaluation of glycoprotein Ib expression on feline platelets [F Tablin et al], 195
Quantitative assessment of mast cells and expression of IgE protein and mRNA for IgE and interleukin 4 in the gastrointestinal tract of healthy dogs and dogs with inflammatory bowel disease [C Locher et al], 211
Maternal expression of functional lipoprotein lipase and effects on body fat mass and body condition scores of mature cats with lipoprotein lipase deficiency [RC Backus et al], 264
Cytokeratins of the matrices of the chestnut (torus carpeus) and periople in horses with acute laminitis [OS Wattle], 425
In vitro characterization of FIV-pPPR, a pathogenic molecular clone of feline immunodeficiency virus, and two drug-resistant *pol* gene mutants [MA McCrackin Stevenson et al], 588
Use of a polymerase chain reaction assay to detect and differentiate two strains of *Haemobartonella felis* in naturally infected cats [WA Jensen et al], 604
Results of hyperamplification of centrosomes in naturally developing tumors of dogs [A Setoguchi et al], 1134
Cloning and characterization of a *Moraxella bovis* cytotoxin gene [JA Angelos et al], 1222
Nucleotide sequence of the canine αIIb gene from platelet-derived cDNA [DL Lipscomb et al], 1486
Effect of a valine residue at codon 352 of the VP2 capsid protein on in vivo replication and pathogenesis of Aleutian disease parvovirus in mink [MAM Stevenson et al], 1658
Investigation of mRNA expression of tumor necrosis factor-α interleukin-1β and cyclooxygenase-2 in cultured equine digital artery smooth muscle cells after exposure to endotoxin [DH Rodgerson et al], 1957

***Moraxella bovis***
Cloning and characterization of a *Moraxella bovis* cytotoxin gene [JA Angelos et al], 1222
Detection of shared antigenic determinants on whole *Moraxella bovis* pili by use of antisera to cyanogen bromide-cleaved *M bovis* pilus protein [WH Greene et al], 1279

**Morphine**
Effects of acetylpromazine or morphine on urine production in halothane-anesthetized dogs [SA Robertson et al], 1922

**Morphometry**
Morphometric and anatomic study of the hind limb of a dog [R Shahar et al], 928

**Moxidectin**
Activity of an injectable, sustained-release formulation of moxidectin administered prophylactically to mixed-breed dogs to prevent infection with *Dirofilaria immitis* [JB Lok et al], 1721

**Muscle**
Characterization of α-adrenoceptor subtypes in smooth muscle of equine ileum [G Re et al], 1370
Use of plasma creatine kinase pharmacokinetics to estimate the amount of exercise-induced muscle damage in Beagles [GP Chanoit et al], 1375
Calcium sensitivity of force production and myofibrillar ATPase activity in muscles from Thoroughbreds with recurrent exertional rhabdomyolysis [JA Mlekoday et al], 1647
Comparison of ultrasonography and pharmacokinetic analysis of creatine kinase release for quantitative assessment of postinjection muscle damage in sheep [PJ Ferré et al], 1698

In vitro responses of equine colonic arterial and venous rings to adenosine triphosphate [J Tetens et al], 1928
Investigation of mRNA expression of tumor necrosis factor-α interleukin-1β and cyclooxygenase-2 in cultured equine digital artery smooth muscle cells after exposure to endotoxin [DH Rodgerson et al], 1957

**Muscular Dystrophy**
Evaluation of a short interspersed nucleotide element in the 3' untranslated region of the defective dystrophin gene of dogs with muscular dystrophy [S Fletcher et al], 1964

**Musculoskeletal System**
Evaluation of an in-shoe pressure measurement system in horses [CE Judy et al], 23
Use of intraosseous blood for repeated hematologic and biochemical analyses in healthy pigs [SC Greco et al], 43
Locomotor characteristics of horses with navicular disease [GE Williams], 206
Methodology and validity of assessing kinematics of the thoracolumbar vertebral column in horses on the basis of skin-fixated markers [M Faber et al], 301
Detection of free radicals in ischemic and reperfused canine gracilis muscle flaps by use of spin-trapping electron paramagnetic resonance spectroscopy [BA Brisson et al], 384
Effect of contact stress in bones of the distal interphalangeal joint on microscopic changes in articular cartilage and ligaments [RM Bowker et al], 414
Influence of an interdental full pin on stability of an acrylic external fixator for rostral mandibular fractures in dogs [WT Cook et al], 576
Effects of enrofloxacin and ciprofloxacin hydrochloride on canine and equine chondrocytes in culture [M Egerbacher et al], 704
Biomechanical analysis of suture anchors and suture materials used for toggle pin stabilization of hip joint luxation in dogs [WI Baltzer et al], 721
Arthrocentesis of the temporomandibular joint in adult horses [DS Rosenstein et al], 729
Evaluation of dual energy x-ray absorptiometry for in situ measurement of bone mineral density of equine metacarpi [SR McClure et al], 752
Basic three-dimensional kinematics of the vertebral column of horses trotting on a treadmill [M Faber et al], 757
Site-specific adaptive remodeling of Greyhound metacarpal cortical bone subjected to asymmetrical cyclic loading [KA Johnson et al], 787
Myofibroblasts in the accessory ligament (distal check ligament) and the deep digital flexor tendon of foals [DK Hartzel et al], 823
Estimation of genetic population variables for six radiographic criteria of hip dysplasia in a colony of Labrador Retrievers [S Ohlerth et al], 846
Biochemical characterization of cartilage affected by osteochondritis dissecans in the humeral head of dogs [JL Tomlinson et al], 876
Morphometric and anatomic study of the hind limb of a dog [R Shahar et al], 928
Evaluation of a tapered-sleeve transcortical pin to reduce stress at the bone-pin interface in metacarpal bones obtained from horses [RA Nash et al], 955
Comparison of the radius of curvature of the ulnar trochlear notch of Rottweilers and Greyhounds [KE Collins et al], 968
Effects of ring diameter and wire tension on the axial biomechanics of four-ring circular external skeletal fixator constructs [AR Cross et al], 1025
Use of an antineoepitope antibody for identification of type-II collagen degradation in equine articular cartilage [RC Billinghurst et al], 1031
Changes in molecular expression of aggrecan and collagen types I, II, and X, insulin-like growth factor-I, and transforming growth factor-β1 in articular cartilage obtained from horses with naturally-acquired osteochondrosis [SA Semevolos et al], 1088
Efficacy of computerized discrimination between structure-related and non-structure-related echoes in ultrasonographic images for the quantitative evaluation of the structural integrity of superficial digital flexor tendons in horses [H TM van Schie et al], 1159
Long-term temporal evaluation of ground reaction forces during development of experimentally induced osteoarthritis in dogs [SC Budsberg], 1207
Metabolic alterations in dogs with osteosarcoma [EM Mazzaferro et al], 1234
Use of quantitative analysis of sonographic brightness for detection of early healing of tendon injury in horses [L Micklethwaite et al], 1320
Voluntary limb-load distribution in horses with acute and chronic laminitis [DM Hood et al], 1393
In vitro experimental study of the effect of radial shortening and ulnar ostectomy on contact patterns in the elbow joint of dogs [CA Preston et al], 1548
Effects of β-aminopropionitrile on equine tendon metabolism in vitro and on effects of insulin-like growth factor-I on matrix production by equine tenocytes [LA Dahlgren et al], 1557
Effects of exercise on the diameter of collagen fibrils in the central core and periphery of the superficial digital flexor tendon in foals [W Cherdchutham et al], 1563
Model formulation and determination of in vitro parameters of a noninvasive method to calculate flexor tendon forces in the equine forelimb [LS Meershoek et al], 1585
Sensitivity analysis and application to trotting of a noninvasive method to calculate flexor tendon forces in the equine forelimb [LS Meershoek et al], 1594
Calcium sensitivity of force production and myofibrillar ATPase activity in muscles from Thoroughbreds with recurrent exertional rhabdomyolysis [JA Mlekoday et al], 1647
Evaluation of a signal-adapted filter for processing of periodic electromyography signals in horses walking on a treadmill [C Peham et al], 1687
Comparison of ultrasonography and pharmacokinetic analysis of creatine kinase release for quantitative assessment of postinjection muscle damage in sheep [PJ Ferré et al], 1698
Repeatability of dorsolateral subluxation scores in dogs and correlation with macroscopic appearance of hip osteoarthritis [G Lust et al], 1711
Pressure profilometry of the lumbosacral disk in dogs [RAS Mitchell et al], 1734
Detailed ultrasonographic mapping of the pelvis in clinically normal horses and ponies [JE Tomlinson et al], 1768
Effects of exercise on biomechanical properties of the superficial digital flexor tendon in foals [W Cherdchutham et al], 1859
Evaluation of a short interspersed nucleotide element in the 3' untranslated region of the defective dystrophin gene of dogs with muscular dystrophy [S Fletcher et al], 1964

***Mycobacterium* spp**
Use of long-term vaccination with a killed vaccine to prevent fecal shedding of *Mycobacterium avium* subsp *paratuberculosis* in dairy herds [CHJ Kalis et al], 270
Experimental deer-to-deer transmission of *Mycobacterium bovis* [MV Palmer et al], 692

**Myocardium**
Polymerase chain reaction analysis for viruses in paraffin-embedded myocardium from dogs with dilated cardiomyopathy or myocarditis [TR Maxson et al], 130
Evaluation of ultrastructural changes associated with encephalomyocarditis virus in the myocardium of experimentally infected piglets [V Psychas et al], 1653

*Continued on next page.*

**Myofibrils**
Calcium sensitivity of force production and myofibrillar ATPase activity in muscles from Thoroughbreds with recurrent exertional rhabdomyolysis [JA Mlekoday et al], 1647

**Myofibroblasts**
Myofibroblasts in the accessory ligament (distal check ligament) and the deep digital flexor tendon of foals [DK Hartzel et al], 823

## N

**Narcolepsy**
Pharmacokinetics of imipramine in narcoleptic horses [KE Peck et al], 783

**Navicular Disease**
Locomotor characteristics of horses with navicular disease [GE Williams], 206

**Nervous System**
Nucleotide and deduced amino acid sequence of equine retinal and pineal gland phosducin [C Keller et al], 61
Electroacupuncture-induced neural activation detected by use of manganese-enhanced functional magnetic resonance imaging in rabbits [J-H Chiu et al], 178
Effects of changes in power setting of an ultrasonic aspirator on amount of damage to the cerebral cortex of healthy dogs [RS Bagley et al], 248
Effect of centrally administered opioid receptor agonists on CSF and plasma oxytocin concentrations in dogs [DC Brown et al], 496
Development of the refractive state in eyes of ostrich chicks (*Struthio camelus*) [R Ofri et al], 812
Evaluation of opioid receptors in synovial membranes of horses [JG Sheehy et al], 1408
Relationship of the degree of goniodysgenesis and other ocular measurements of glaucoma in Great Danes [JLN Wood et al], 1493
Development of a functional scoring system in dogs with acute spinal cord injuries [NJ Olby et al], 1624
Use of an intravitreal sustained-release cyclosporine delivery device for treatment of equine recurrent uveitis [BC Gilger et al], 1892
Effects of topical administration of 0.005% latanoprost solution on eyes of clinically normal horses [AM Willis et al], 1945

**Neurotransmitters**
Effects of intestinal ischemia on in vitro activity of adjacent jejunum in samples obtained from ponies [ED Malone et al], 1973

**Neutrophils**
Effects of *Mannheimia haemolytica* leukotoxin on apoptosis and oncosis of bovine neutrophils [LA Cudd et al], 136
Activation-induced mobilization of secretory vesicles in bovine neutrophils [SD Swain et al], 1776
Effects of vitamin E on urokinase-plasminogen activator receptor expression by bovine neutrophils [I Politis et al], 1934

**Nitric Oxide**
Evaluation of phagocytosis, bactericidal activity, and production of superoxide anion, nitric oxide, and tumor necrosis factor-α in Kupffer cells of neonatal pigs [JK Akunda et al], 1040
Plasma and bronchalveolar fluid concentrations of nitric oxide and localization of nitric oxide synthesis in the lungs of horses with summer pasture-associated obstructive pulmonary disease [LRR Costa et al], 1381

**Nitrogen Balance**
Nitrogen balance in clinically normal dogs receiving parenteral nutrition solutions [GE Mauldin et al], 912

**Nitrous Oxide**
Effects of nitrous oxide on mask induction of anesthesia with sevoflurane or isoflurane in dogs [T Mutoh et al], 1727

**Nucleotides**
Nucleotide sequence of the canine αIIb gene from platelet-derived cDNA [DL Lipscomb et al], 1486

**Nutrition**
Use of an orally administered combined sugar solution to evaluate intestinal absorption and permeability in cats [KL Johnston et al], 111
Role of excessive maternal iron in the pathogenesis of congenital leukoencephalomalacia in captive black rhinoceroses (*Diceros bicornis*) [DE Paglia et al], 343
Effect of increased dietary protein and decreased dietary carbohydrate on performance and body composition in racing Greyhounds [RC Hill et al], 440
Nitrogen balance in clinically normal dogs receiving parenteral nutrition solutions [GE Mauldin et al], 912
Effects of oral vitamin E supplementation during late gestation in beef cattle that calved in late winter and late summer [RT Bass II et al], 921
Changes in protein and nutrient composition of milk throughout lactation in dogs [Y Adkins et al], 1266
Effects of subclinical pregnancy toxemia on immune responses in sheep [N Lacetera et al], 1020
Correction, 1446
Effects of dietary fat and L-carnitine on plasma and whole blood taurine concentrations and cardiac function in healthy dogs fed protein-restricted diets [SL Sanderson et al], 1616
Correction, 1968

## O

**Ohio**
Characteristics and management practices associated with milk production in dairy herds in Ohio enrolled in official Dairy Herd Improvement Association programs [MJ Khaitsa et al], 1262

**Oncology**
Aberrations of the p53 tumor suppressor gene in various tumors in dogs [A Setoguchi et al], 433
Bovine papillomavirus DNA in neoplastic and nonneoplastic tissues obtained from horses with and without sarcoids in the western United States [EA Carr et al], 741
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for polyomavirus DNA and antigen [BA Kidney et al], 828
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for papillomavirus DNA and antigen [BA Kidney et al], 833
Use of a murine xenograft model for canine transmissible venereal tumor [A Harmelin et al], 907
Results of hyperamplification of centrosomes in naturally developing tumors of dogs [A Setoguchi et al], 1134
Expression of a transforming gene (E5) of bovine papillomavirus in sarcoids obtained from horses [EA Carr et al], 1212
Metabolic alterations in dogs with osteosarcoma [EM Mazzaferro et al], 1234
Establishment of two vaccine-associated feline sarcoma cell lines and determination of in vitro chemosensitivity to doxorubicin and mitoxantrone [LE Williams et al], 1354
Telomerase activity in clinically normal dogs and dogs with malignant lymphoma [LM Carioto et al], 1442
Telomere length and telomerase activity in canine mammary gland tumors [M Yazawa et al], 1539
Telomerase activity as a marker for malignancy in feline tissues [CD Cadile et al], 1578
In vitro efficacy of chemotherapeutics as determined by 50% inhibitory concentrations in cell cultures of mammary gland tumors obtained from dogs [D Simon et al], 1825

Comparison of endogenous feline leukemia virus RNA content in feline vaccine and nonvaccine site-associated sarcomas [BA Kidney et al], 1990

**Oncosis**
Effects of *Mannheimia haemolytica* leukotoxin on apoptosis and oncosis of bovine neutrophils [LA Cudd et al], 136

**Ophthalmology**
Density of corneal endothelial cells and corneal thickness in eyes of euthanatized horses [SE Andrew et al], 479
Effect of topical administration of 2% dorzlamide hydrochloride or 2% dorzlamide hydrochloride-0.5% timolol maleate on intraocular pressure in clinically normal horses [AM Willis et al], 709
Development of the refractive state in eyes of ostrich chicks (*Struthio camelus*) [R Ofri et al], 812
Fluorophotometric determination of aqueous humor flow rate in clinically normal dogs [DA Ward et al], 853
Effects of topical application of a 2% solution of dorzolamide on intraocular pressure and aqueous humor flow rate in clinically normal dogs [MA Cawrse et al], 859
Analysis of aqueous humor obtained from normal eyes of llamas and alpacas [ML Aubin et al], 1060
Relationship of the degree of goniodysgenesis and other ocular measurements of glaucoma in Great Danes [JLN Wood et al], 1493
Effects of antibiotics on morphologic characteristics and migration of canine corneal epithelial cells in tissue culture [DVH Hendrix et al], 1664
Use of an intravitreal sustained-release cyclosporine delivery device for treatment of equine recurrent uveitis [BC Gilger et al], 1892
Effects of topical administration of 0.005% latanoprost solution on eyes of clinically normal horses [AM Willis et al], 1945

**Opioids**
Effect of centrally administered opioid receptor agonists on CSF and plasma oxytocin concentrations in dogs [DC Brown et al], 496
Evaluation of opioid receptors in synovial membranes of horses [JG Sheehy et al], 1408

**Orthopedics**
Influence of an interdental full pin on stability of an acrylic external fixator for rostral mandibular fractures in dogs [WT Cook et al], 576
Concentrations of chondroitin sulfate epitopes 3B3 and 7D4 in synovial fluid after intra-articular and extracapsular reconstruction of the cranial cruciate ligament in dogs [KA Johnson et al], 581
Site-specific adaptive remodeling of Greyhound metacarpal cortical bone subjected to asymmetrical cyclic loading [KA Johnson et al], 787
Evaluation of a tapered-sleeve transcortical pin to reduce stress at the bone-pin interface in metacarpal bones obtained from horses [RA Nash et al], 955
Effects of ring diameter and wire tension on the axial biomechanics of four-ring circular external skeletal fixator constructs [AR Cross et al], 1025
Repeatability of dorsolateral subluxation scores in dogs and correlation with macroscopic appearance of hip osteoarthritis [G Lust et al], 1711

**Ostechondritis Dissecans**
Biochemical characterization of cartilage affected by osteochondritis dissecans in the humeral head of dogs [JL Tomlinson et al], 876

**Osteoarthritis**
Long-term temporal evaluation of ground reaction forces during development of experimentally induced osteoarthritis in dogs [SC Budsberg], 1207
Repeatability of dorsolateral subluxation scores in dogs and correlation with macroscopic appearance of hip osteoarthritis [G Lust et al], 1711

**Osteochondrosis**
Changes in molecular expression of aggrecan and collagen types I, II, and X, insulin-like growth factor-I, and transforming growth factor-β1 in articular cartilage obtained from horses with naturally-acquired osteochondrosis [SA Semevolos et al], 1088

**Osteosarcoma**
Metabolic alterations in dogs with osteosarcoma [EM Mazzaferro et al], 1234

**Ostriches**
Development of the refractive state in eyes of ostrich chicks (*Struthio camelus*) [R Ofri et al], 812

**Otterhounds**
Molecular and genetic basis for thrombasthenic thrombopathia in Otterhounds [MK Boudreaux et al], 1797

**Ovaries**
Uptake of β-carotene by ovarian and uterine tissues and effects on steroidogenesis during the estrous cycle in cats [BP Chew et al], 1063
Luteal and clinical response following administration of dinoprost tromethamine or cloprostenol at standard intramuscular sites or at the lumbosacral acupuncture point in mares [GJ Nie et al], 1285

**Oxygen**
Generation of reactive oxygen species by equine spermatozoa [BA Ball et al], 508
Blood oxygen binding in calves with naturally occurring diarrhea [C Cambier et al], 799

**Oxytocin**
Effect of centrally administered opioid receptor agonists on CSF and plasma oxytocin concentrations in dogs [DC Brown et al], 496

## P

**Pacu**
Comparative efficacy of tricaine methanesulfonate and clove oil for use as anesthetics in red pacu (*Piaractus brachypomus*) [KK Sladky et al], 337

**Pain**
Safety and efficacy of preoperative administration of meloxicam, compared with that of ketoprofen and butorphanol in dogs undergoing abdominal surgery [KA Mathews et al], 882

**Palate**
Spectrum analysis of respiratory sounds in exercising horses with experimentally induced laryngeal hemoplegia or dorsal displacement of the soft palate [FJ Derksen et al], 659

**Papillomavirus**
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for papillomavirus DNA and antigen [BA Kidney et al], 833
Expression of a transforming gene (E5) of bovine papillomavirus in sarcoids obtained from horses [EA Carr et al], 1212

**Parasitology**
Impact of doramectin treatment at the time of feedlot entry on the productivity of yearling steers with natural nematode infections [DS MacGregor et al], 622

Inoculation of two genotypes of *Hemobartonella felis* (California and Ohio variants) to induce infection in cats and the response to treatment with azithromycin [DS Westfall et al], 687
Experimental induction of chronic borreliosis in adult dogs exposed to *Borrelia burgdorferi*-infected ticks and treated with dexamethasone [Y-F Chang et al], 1104
Reactivity of serum samples of dogs and horses tested by use of class-specific recombinant-based enzyme-linked immunosorbent assays for detection of granulocytic ehrlichiosis [LA Magnarelli et al], 1365
Pathogenicity of four strains of entomopathogenic fungi against the bovine tick *Boophilus microplus* [SB Onofre et al], 1478
Number of *Cryptosporidium parvum* oocysts or *Giardia* spp cysts shed by dairy calves after natural infection [DV Nydam et al], 1612
Activity of an injectable, sustained-release formulation of moxidectin administered prophylactically to mixed-breed dogs to prevent infection with *Dirofilaria immitis* [JB Lok et al], 1721
Experimental infection of cats with *Tritrichomonas foetus* [JL Gookin et al], 1690
Correction, 1951

**Parathyroid Hormone**
Comparison of serum parathyroid hormone and ionized calcium and magnesium concentrations and fractional urinary clearance of calcium and phosphorus in healthy horses and horses with enterocolitis [RE Toribio et al], 938

**Paratuberculosis**
Use of long-term vaccination with a killed vaccine to prevent fecal shedding of *Mycobacterium avium* subsp *paratuberculosis* in dairy herds [CHJ Kalis et al], 270

**Parvovirus**
Effect of a valine residue at codon 352 of the VP2 capsid protein on in vivo replication and pathogenesis of Aleutian disease parvovirus in mink [MAM Stevenson et al], 1658

***Pasteurella multocida***
Effects of intranasal inoculation with *Bordetella bronchiseptica*, porcine reproductive and respiratory syndrome virus, or a combination of both organisms on subsequent infection with *Pasteurella multocida* in pigs [SL Brockmeier et al], 521
Intranasal vaccination of rabbits with *Pasteurella multocida* A:3 outer membranes that express iron-regulated proteins [AW Confer et al], 697

**Pasteurellosis**
Effects of the synthetic selectin inhibitor TBC1269 on tissue damage during acute *Mannheimia haemolytica*-induced pneumonia in neonatal calves [ZA Radi et al], 17
Effects of *Mannheimia haemolytica* leukotoxin on apoptosis and oncosis of bovine neutrophils [LA Cudd et al], 136
Comparison of bronchoalveolar lavage fluid obtained from *Mannheimia haemolytica*-inoculated calves with and without prior treatment with the selectin inhibitor TBC1269 [JM Caverly et al], 665
Development of an ex vivo model to study adherence of *Mannheimia haemolytica* serovar 1 to mucosal tissues of the respiratory tract of cattle [JM Clarke et al], 805

**Pathology**
Effects of intraluminal distention and decompression on microvascular permeability and hemodynamics of the equine jejunum [RM Dabareiner et al], 225
Comparative responses of bronchial rings to mediators of airway hyperreactivity in healthy horses and those affected with summer pasture-associated obstructive pulmonary disease [CS Venugopal et al], 259
Changes in molecular expression of aggrecan and collagen types I, II, and X, insulin-like growth factor-I, and transforming growth factor-β1 in articular cartilage obtained from horses with naturally-acquired osteochondrosis [SA Semevolos et al], 1088
Evaluation of ultrastructural changes associated with encephalomyocarditis virus in the myocardium of experimentally infected piglets [V Psychas et al], 1653
In vitro evaluation of a customized solution for use in attenuating effects of ischemia and reperfusion in the equine small intestine [LM Van Hoogmoed et al], 1679

**PCR**
Development and evaluation of a highly sensitive and specific blocking enzyme-linked immunosorbent assay and polymerase chain reaction assay for diagnosis of bovine leukemia virus infection in cattle [SE Gutiérrez et al], 1571

**Pelvis**
Detailed ultrasonographic mapping of the pelvis in clinically normal horses and ponies [JE Tomlinson et al], 1768

**Perfusion**
Evaluation of hoof wall surface temperature as an index of digital vascular perfusion during the prodromal and acute phases of carbohydrate-induced laminitis in horses [DM Hood et al], 1167

**pH**
Effect of orally administered cimetidine and ranitidine on abomasal luminal pH in clinically normal milk-fed calves [AF Ahmed et al], 1531

**Pharmacology**
Pharmacodynamics and pharmacokinetics of ketoprofen enantiomers in sheep [AK Arifah et al], 77
Pharmacokinetics and adverse effects of butorphanol administered by single intravenous injection or continuous intravenous infusion in horses [DC Sellon et al], 183
Estimation of the probability for exceeding a threshold concentration of furosemide at various intervals after intravenous administration in horses [ND Cohen et al], 320
Screening method for identification of β-lactams in bovine urine by use of liquid chromatography and a microbial inhibition test [JMB Musser et al], 326
Disposition, elimination, and bioavailability of phenytoin and its major metabolite in horses [LR Soma et al], 483
Pharmacokinetics of phenylbutazone and its metabolite oxyphenbutazone in miniature donkeys [NS Matthews et al], 673
Pharmacokinetics of imipramine in narcoleptic horses [KE Peck et al], 783
Effect of cimetidine on pharmacokinetics of orally administered cyclosporine in healthy dogs [JC Daigle et al], 1046
Estimation of the probability for exceeding thresholds of urine specific gravity and plasma concentration of furosemide at various intervals after intravenous administration of furosemide in horses [KK Chu et al], 1349
Use of plasma creatine kinase pharmacokinetics to estimate the amount of exercise-induced muscle damage in Beagles [GP Chanoit et al], 1375
Pharmacokinetics and toxic effects of lithium chloride after intravenous administration in conscious horses [CL Hatfield et al], 1387
Pharmacokinetics of fluconazole following intravenous and oral administration and body fluid concentrations of fluconazole following repeated oral dosing in horses [FG Latimer et al], 1606
Effect of carprofen on hemostatic variables in dogs [FH Hickford et al], 1642
Comparison of ultrasonography and pharmacokinetic analysis of creatine kinase release for quantitative assessment of postinjection muscle damage in sheep [PJ Ferré et al], 1698

Pharmacokinetics of azithromycin and concentration in body fluids and bronchoalveolar cells in foals [S Jacks et al], 1870
Pharmacokinetics and pharmacodynamics of danfloxacin in serum and tissue fluids of goats following intravenous and intramuscular administration [FS Aliabadi et al], 1979

**Phenylbutazone**
Pharmacokinetics of phenylbutazone and its metabolite oxyphenbutazone in miniature donkeys [NS Matthews et al], 673
Effects of oral administration of phenylbutazone to horses on in vitro articular cartilage metabolism [LA Beluche et al], 1916

**Phenytoin**
Disposition, elimination, and bioavailability of phenytoin and its major metabolite in horses [LR Soma et al], 483

**Phosducin**
Nucleotide and deduced amino acid sequence of equine retinal and pineal gland phosducin [C Keller et al], 61

**Phosphorus**
Seasonal changes in serum calcium, phosphorus, and vitamin D concentrations in llamas and alpacas [BB Smith et al], 1187

**Photoelastic Stress**
Photoelastic stress analysis of strain patterns in equine hooves after four-point trimming [LM Dejardin et al], 467

**Physiology**
In vitro pharmacologic effect of two endothelin-1 antagonists on equine colic arteries and veins [CS Venugopal et al], 154
Effects of enrofloxacin and magnesium deficiency on matrix metabolism in equine articular cartilage [CLM Davenport et al], 160
Effects of the angiotensin converting enzyme inhibitor benazepril in cats with induced renal insufficiency [SA Brown et al], 375
Usefulness of dobutamine stress tests for detection of cardiac abnormalities in dogs with experimentally induced early left ventricular dysfunction [K Mc Entee et al], 448
Effect of centrally administered opioid receptor agonists on CSF and plasma oxytocin concentrations in dogs [DC Brown et al], 496
Impact of environmental temperature on response of neonatal pigs to an endotoxin challenge [JA Carroll et al], 561
Comparison of bending modulus and yield strength between outer stratum medium and stratum medium zona alba in equine hooves [IP Wagner et al], 745
Blood oxygen binding in calves with naturally occurring diarrhea [C Cambier et al], 799
Barrier pressure at the gastroesophageal junction in anesthetized dogs [KM Pratschke et al], 1068
Metabolic changes and induction of hepatic lipidosis during feed restriction in llamas [SJ Tornquist et al], 1081
Metabolic alterations in dogs with osteosarcoma [EM Mazzaferro et al], 1234
Changes in protein and nutrient composition of milk throughout lactation in dogs [Y Adkins et al], 1266
Characterization of α-adrenoceptor subtypes in smooth muscle of equine ileum [G Re et al], 1370
Evaluation of accuracy and reliability of indirect calorimetry for the measurement of resting energy expenditure in healthy dogs [E O'Toole et al], 1761
Metabolism of amino acids in cats with severe cobalamin defiency [CG Ruaux et al], 1852
Computed tomographic study of the effect of a tongue-tie on hyoid apparatus position and nasopharyngeal dimensions in anesthetized horses [CJ Cornelisse et al], 1865
Effects of oral administration of phenylbutazone to horses on in vitro articular cartilage metabolism [LA Beluche et al], 1916
Effects of acetylpromazine or morphine on urine production in halothane-anesthetized dogs [SA Robertson et al], 1922
In vitro responses of equine colonic arterial and venous rings to adenosine triphosphate [J Tetens et al], 1928

**Pigs**
Use of intraosseous blood for repeated hematologic and biochemical analyses in healthy pigs [SC Greco et al], 43
Experimental infection of European wild boars and domestic pigs with pseudorabies viruses with differing virulence [TF Müller et al], 252
Contact transmission of vesicular stomatitis virus New Jersey in pigs [DE Stallknecht et al], 516
Effects of intranasal inoculation with *Bordetella bronchiseptica*, porcine reproductive and respiratory syndrome virus, or a combination of both organisms on subsequent infection with *Pasteurella multocida* in pigs [SL Brockmeier et al], 521
Impact of environmental temperature on response of neonatal pigs to an endotoxin challenge [JA Carroll et al], 561
Relationship between mean body surface temperature measured by use of infrared thermography and ambient temperature in clinically normal pigs and pigs inoculated with *Actinobacillus pleuropneumoniae* [JA Loughmiller et al], 676
Evaluation of phagocytosis, bactericidal activity, and production of superoxide anion, nitric oxide, and tumor necrosis factor-a in Kupffer cells of neonatal pigs [JK Akunda et al], 1040
Rapid infection in market-weight swine following exposure to a *Salmonella* Typhimurium-contaminated environment [HS Hurd et al], 1194
Effect of mammary secretions on functions of polymorphonuclear leukocytes in pigs [I Osterlundh et al], 1250
Oral vaccination of sexually mature pigs with *Brucella abortus* vaccine strain RB51 [MD Edmonds et al], 1328
Direct and indirect contact rates among beef, dairy, goat, sheep, and swine herds in three California counties, with reference to control of potential foot-and-mouth disease transmission [TW Bates et al], 1121
Correction, 1477
Evaluation of ultrastructural changes associated with encephalomyocarditis virus in the myocardium of experimentally infected piglets [V Psychas et al], 1653
Adsorption of colostral antibodies against classical swine fever, persistence of maternal antibodies, and effect on response to vaccination in pigs [J Vandeputte et al], 1805
Shedding of porcine reproductive and respiratory syndrome virus in mammary gland secretions of sows [EA Wagstrom et al], 1876

**Pili**
Detection of shared antigenic determinants on whole *Moraxella bovis* pili by use of antisera to cyanogen bromide-cleaved *M bovis* pilus protein [WH Greene et al], 1279

**Pineal Gland**
Nucleotide and deduced amino acid sequence of equine retinal and pineal gland phosducin [C Keller et al], 61

**Plasma**
Optimization of coagulometric tests that incorporate human plasma for determination of coagulation factor activities in canine plasma [R Mischke], 625
Effect of storage conditions on hemostatic parameters of canine plasma obtained for transfusion [C Iazbik et al], 734

**Plasminogen**
Effects of vitamin E on urokinase-plasminogen activator receptor expression by bovine neutrophils [I Politis et al], 1934

**Platelets**
Evaluation of glycoprotein Ib expression on feline platelets [F Tablin et al], 195
Effects of sodium citrate, low molecular weight heparin, and

prostaglandin E1 on aggregation, fibrinogen binding, and enumeration of equine platelets [JK Kingston et al], 547
Nucleotide sequence of the canine αIIb gene from platelet-derived cDNA [DL Lipscomb et al], 1486

**Playa**
Water quality in cattle feedyard playas in winter and summer [CW Purdy et al], 1402

**Plication**
Reduction of diameter of the left ventricle of dogs by plication of the left ventricular free wall [JNBM de Andrade et al], 297

**Pneumonia**
Evaluation of equine immunoglobulin specific for *Rhodococcus equi* virulence-associated proteins A and C for use in protecting foals against *Rhodococcus equi*-induced pneumonia [KE Hooper-McGrevy et al], 1307
Involvement of microbial respiratory pathogens in acute interstitial pneumonia in feedlot cattle [GH Loneragan et al], 1519
Association of 3-methyleneindolenine, a toxic metabolite of 3-methylindole, with acute interstitial pneumonia in feedlot cattle [GH Loneragan et al], 1525
Cytologic and biochemical changes associated with inoculation of amniotic fluid and meconium into lungs of neonatal rats [J Martínez-Burnes et al], 1636

**Pneumovirus**
Susceptibility of ducks to avian pneumovirus of turkey origin [H-J Shin et al], 991

**Polymyxin B**
Evaluation of polymyxin B in an ex vivo model of endotoxemia in horses [AK Parviainen et al], 72

**Polyomavirus**
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for polyomavirus DNA and antigen [BA Kidney et al], 828

**Ponies**
Infusion of a combination of propofol and medetomidine for long-term anesthesia in ponies [R Bettschart-Wolfensberger et al], 500
Cardiopulmonary effects of prolonged anesthesia via propofol-medetomidine infusion in ponies [R Bettschart-Wolfensberger et al], 1428
Detailed ultrasonographic mapping of the pelvis in clinically normal horses and ponies [JE Tomlinson et al], 1768
Effects of intestinal ischemia on in vitro activity of adjacent jejunum in samples obtained from ponies [ED Malone et al], 1973

**Porcine Reproductive and Respiratory Syndrome Virus (PRRSV)**
Effects of intranasal inoculation with *Bordetella bronchiseptica*, porcine reproductive and respiratory syndrome virus, or a combination of both organisms on subsequent infection with *Pasteurella multocida* in pigs [SL Brockmeier et al], 521
Shedding of porcine reproductive and respiratory syndrome virus in mammary gland secretions of sows [EA Wagstrom et al], 1876

**Poultry**
Epidemiologic features of *Campylobacter jejuni* isolated from poultry broiler houses and surrounding environments as determined by use of molecular strain typing [EG Nesbit et al], 190

**Pregnancy**
Effects of subclinical pregnancy toxemia on immune responses in sheep [N Lacetera et al], 1020
Correction, 1446

**Pressure Profilometry**
Pressure profilometry of the lumbosacral disk in dogs [RAS Mitchell et al], 1734

**Propofol**
Infusion of a combination of propofol and medetomidine for long-term anesthesia in ponies [R Bettschart-Wolfensberger et al], 500
Comparison of medetomidine and dexmedetomidine as premedicants in dogs undergoing propofol-isoflurane anesthesia [E Kuusela et al], 1073
Cardiopulmonary effects of prolonged anesthesia via propofol-medetomidine infusion in ponies [R Bettschart-Wolfensberger et al], 1428

**Prostaglandins**
Effects of sodium citrate, low molecular weight heparin, and prostaglandin E1 on aggregation, fibrinogen binding, and enumeration of equine platelets [JK Kingston et al], 547
Luteal and clinical response following administration of dinoprost tromethamine or cloprostenol at standard intramuscular sites or at the lumbosacral acupuncture point in mares [GJ Nie et al], 1285

**Protein**
Effect of increased dietary protein and decreased dietary carbohydrate on performance and body composition in racing Greyhounds [RC Hill et al], 440
Comparison of four methods for determination of total protein concentrations in pleural and peritoneal fluid from dogs [J-P Braun et al], 294
Letter [JW George], 648
Response, 648
Attenuation of a *Brucella abortus* mutant lacking a major 25kDa outer membrane protein in cattle [MD Edmonds et al], 1461
Effects of dietary fat and L-carnitine on plasma and whole blood taurine concentrations and cardiac function in healthy dogs fed protein-restricted diets [SL Sanderson et al], 1616
Correction, 1968

***Pseudomonas aeruginosa***
Molecular epidemiologic features and antimocrobial susceptibility profiles of various ribotypes of *Pseudomonas aeruginosa* isolated from humans and ruminants [AL Rivas et al], 864

**Pseudorabies Virus**
Experimental infection of European wild boars and domestic pigs with pseudorabies viruses with differing virulence [TF Müller et al], 252

## R

**Rabbits**
Electroacupuncture-induced neural activation detected by use of manganese-enhanced functional magnetic resonance imaging in rabbits [J-H Chiu et al], 178
Intranasal vaccination of rabbits with *Pasteurella multocida* A:3 outer membranes that express iron-regulated proteins [AW Confer et al], 697

**Rabies**
Effect of maternal immunity on the immune response to oral vaccination against rabies in young foxes [TF Müller et al], 1154
Correction, 1401

**Racing**
Estimation of the probability for exceeding thresholds of urine specific gravity and plasma concentration of furosemide at various intervals after intravenous administration of furosemide in horses [KK Chu et al], 1349
Training failure among yearling horses [J Hernandez et al], 1418

**Radioimmunoassay**
Validation of a novel high-sensitivity radioimmunoassay procedure for measurement of total thyroxine concentration in psittacine birds and snakes [CB Greenacre et al], 1750

**Radiology/Diagnostic Imaging**
Electroacupuncture-induced neural activation detected by use of manganese-enhanced functional magnetic resonance imaging in rabbits [J-H Chiu et al], 178
Evaluation of dual energy x-ray absorptiometry for in situ measurement of bone mineral density of equine metacarpi [SR McClure et al], 752
Estimation of genetic population variables for six radiographic criteria of hip dysplasia in a colony of Labrador Retrievers [S Ohlerth et al], 846
Efficacy of computerized discrimination between structure-related and non-structure-related echoes in ultrasonographic images for the quantitative evaluation of the structural integrity of superficial digital flexor tendons in horses [H TM van Schie et al], 1159
Use of quantitative analysis of sonographic brightness for detection of early healing of tendon injury in horses [L Micklethwaite et al], 1320
Effects of age, body weight, and heart rate on transmitral and pulmonary venous flow in clinically normal dogs [KE Schober et al], 1447
Comparison of ultrasonography and pharmacokinetic analysis of creatine kinase release for quantitative assessment of postinjection muscle damage in sheep [PJ Ferré et al], 1698
Detailed ultrasonographic mapping of the pelvis in clinically normal horses and ponies [JE Tomlinson et al], 1768
Use of dual energy x-ray absorptiometry for noninvasive body composition measurements in clinically normal dogs [SD Lauten et al], 1295
Correction, 1775
Computed tomographic study of the effect of a tongue-tie on hyoid apparatus position and nasopharyngeal dimensions in anesthetized horses [CJ Cornelisse et al], 1865
Comparison of deposition images obtained by use of an ultrafine 99m-technetium-labeled carbon dry aerosol with ventilation images obtained by use of 81m-krypton gas for evaluation of pulmonary dysfunction in calves [DM Votion et al], 1881
Computed tomography of the tarsal joint in clinically normal dogs [IM Gielen et al], 1911

**Radiometry**
Radiometric assessment of hexose monophosphate shunt capacity in erythrocytes of rhinoceroses [DE Paglia et al], 1113

**Radius**
In vitro experimental study of the effect of radial shortening and ulnar ostectomy on contact patterns in the elbow joint of dogs [CA Preston et al], 1548

**Ranitidine**
Effect of orally administered cimetidine and ranitidine on abomasal luminal pH in clinically normal milk-fed calves [AF Ahmed et al], 1531

**Rats**
Effect of chronic exposure to excess dietary copper and dietary selenium supplementation on liver specimens from rats [EM Aburto et al], 1423
Cytologic and biochemical changes associated with inoculation of amniotic fluid and meconium into lungs of neonatal rats [J Martínez-Burnes et al], 1636

**Receptors**
Effects of vitamin E on urokinase-plasminogen activator receptor expression by bovine neutrophils [I Politis et al], 1934

**Reindeer**
Determination of optimal immobilizing doses of a medetomidine hydrochloride and ketamine hydrochloride combination in captive reindeer [KA Ryeng et al], 119
Clinical evaluation of established optimal immobilizing doses of medetomidine-ketamine in captive reindeer (*Rangifer tarandus tarandus*) [KA Ryeng et al], 406

**Renin-Angiotensin-Aldosterone**
Effects of dilated cardiomyopathy on the renin-angiotensin-aldosterone system, atrial natriuretic peptide activity, and thyroid hormone concentrations in dogs [A Tidholm et al], 961

**Reperfusion**
In vitro evaluation of a customized solution for use in attenuating effects of ischemia and reperfusion in the equine small intestine [LM Van Hoogmoed et al], 1679

**Reproductive System**
Generation of reactive oxygen species by equine spermatozoa [BA Ball et al], 508
Microvascular development and growth of uterine tissue during the estrous cycle in mares [FM Gerreira-Dias et al], 526
Lectin binding patterns of uterine glands in mares with chronic endometrial degeneration [I Walter], 840
Uptake of β-carotene by ovarian and uterine tissues and effects on steroidogenesis during the estrous cycle in cats [BP Chew et al], 1063
Effect of mammary secretions on functions of polymorphonuclear leukocytes in pigs [I Osterlundh et al], 1250
Changes in protein and nutrient composition of milk throughout lactation in dogs [Y Adkins et al], 1266
Luteal and clinical response following administration of dinoprost tromethamine or cloprostenol at standard intramuscular sites or at the lumbosacral acupuncture point in mares [GJ Nie et al], 1285
Telomere length and telomerase activity in canine mammary gland tumors [M Yazawa et al], 1539
Reliability of three bulk-tank antimicrobial residue detection assays used to test individual milk samples from cows with mild clinical mastitis [SN Gibbons-Burgener et al], 1716
Expression of CD3 and CD11b antigens on blood and mammary gland leukocytes and bacterial survival in milk of cows with experimentally induced *Staphylococcus aureus* mastitis [AL Rivas et al], 1840
Shedding of porcine reproductive and respiratory syndrome virus in mammary gland secretions of sows [EA Wagstrom et al], 1876

**Reptiles**
In vitro inhibition of *Salmonella* organisms isolated from reptiles by an inactivated culture of microcin-producing *Escherichia coli* [RE Wooley et al], 1399

**Respiratory System**
Effect of repetitive bronchoalveolar lavage on cytologic findings in healthy dogs [MM Rajamäki et al], 13
Effects of the synthetic selectin inhibitor TBC1269 on tissue damage during acute *Mannheimia haemolytica*-induced pneumonia in neonatal calves [ZA Radi et al], 17
Comparative responses of bronchial rings to mediators of airway hyperreactivity in healthy horses and those affected with summer pasture-associated obstructive pulmonary disease [CS Venugopal et al], 259
Respiratory reflexes in spontaneously breathing anesthetized dogs in response to nasal administration of sevoflurane, isoflurane, or halothane [T Mutoh et al], 311
Results of intradermal tests in horses without atopy and horses with chronic obstructive pulmonary disease [G Lorch et al], 389

Effects of intranasal inoculation with *Bordetella bronchiseptica*, porcine reproductive and respiratory syndrome virus, or a combination of both organisms on subsequent infection with *Pasteurella multocida* in pigs [SL Brockmeier et al], 521
Neodymium:yttrium aluminum garnet laser ventriculocordectomy in standing horses [JF Hawkins et al], 531
Clinical signs, evaluation of bronchoalveolar lavage fluid, and assessment of pulmonary function in horses with inflammatory respiratory disease [LL Couëtil et al], 538
Spectrum analysis of respiratory sounds in exercising horses with experimentally induced laryngeal hemoplegia or dorsal displacement of the soft palate [FJ Derksen et al], 659
Comparison of bronchoalveolar lavage fluid obtained from *Mannheimia haemolytica*-inoculated calves with and without prior treatment with the selectin inhibitor TBC1269 [JM Caverly et al], 665
Effect of a tongue-tie on upper airway mechanics in horses during exercise [CJ Cornelisse et al], 775
Effect of a tongue-tie on upper airway mechanics during exercise following sternothyroid myectomy in clinically normal horses [WL Beard et al], 779
Development of an ex vivo model to study adherence of *Mannheimia haemolytica* serovar 1 to mucosal tissues of the respiratory tract of cattle [JM Clarke et al], 805
Analgesic, hemodynamic, and respiratory effects induced by caudal epidural administration of meperdine hydrochloride in mares [RT Skarda et al], 1001
Effects of enalaprilat on cardiorespiratory, hemodynamic, and hematologic variables in exercising horses [WW Muir, III et al], 1008
Evaluation of collagenase activity, matrix metalloproteinase-8, and matrix metalloproteinase-13 in horses with chronic obstructive pulmonary disease [SM Raulo et al], 1142
Derivation and characterization of a live attenuated equine influenza vaccine virus [JS Youngner et al], 1290
Plasma and bronchalveolar fluid concentrations of nitric oxide and localization of nitric oxide synthesis in the lungs of horses with summer pasture-associated obstructive pulmonary disease [LRR Costa et al], 1381
Cardiopulmonary effects of prolonged anesthesia via propofol-medetomidine infusion in ponies [R Bettschart-Wolfensberger et al], 1428
Evaluation of concurrent shedding of bovine coronavirus via the respiratory tract and enteric route in feedlot cattle [K-O Cho et al], 1436
Involvement of microbial respiratory pathogens in acute interstitial pneumonia in feedlot cattle [GH Loneragan et al], 1519
Association of 3-methyleneindolenine, a toxic metabolite of 3-methylindole, with acute interstitial pneumonia in feedlot cattle [GH Loneragan et al], 1525
Cytologic and biochemical changes associated with inoculation of amniotic fluid and meconium into lungs of neonatal rats [J Martínez-Burnes et al], 1636
Effect of topical anesthesia of the laryngeal mucosa on upper airway mechanics in exercising horses [SJ Holcombe et al], 1706
Cardiopulmonary evaluation of the use of medetomidine hydrochloride in cats [LA Lamont et al], 1745
Evaluation of accuracy and reliability of indirect calorimetry for the measurement of resting energy expenditure in healthy dogs [E O'Toole et al], 1761
Effects of aerosolized albuterol on physiologic responses to exercise in Standardbreds [MR Mazan et al], 1812
Computed tomographic study of the effect of a tongue-tie on hyoid apparatus position and nasopharyngeal dimensions in anesthetized horses [CJ Cornelisse et al], 1865
Pharmacokinetics of azithromycin and concentration in body fluids and bronchoalveolar cells in foals [S Jacks et al], 1870
Comparison of deposition images obtained by use of an ultrafine 99m-technetium-labeled carbon dry aerosol with ventilation images obtained by use of 81m-krypton gas for evaluation of pulmonary dysfunction in calves [DM Votion et al], 1881
Cardiopulmonary function in horses during anesthetic recovery in a hydropool [MC Richter et al], 1903

**Retina**
Nucleotide and deduced amino acid sequence of equine retinal and pineal gland phosducin [C Keller et al], 61

**Retroviruses**
Partial characterization of retroviruses from boid snakes with inclusion body disease [ER Jacobson et al], 217

**Rhabdomyolysis**
Calcium sensitivity of force production and myofibrillar ATPase activity in muscles from Thoroughbreds with recurrent exertional rhabdomyolysis [JA Mlekoday et al], 1647

**Rhinoceroses**
Role of excessive maternal iron in the pathogenesis of congenital leukoencephalomalacia in captive black rhinoceroses *(Diceros bicornis)* [DE Paglia et al], 343
Radiometric assessment of hexose monophosphate shunt capacity in erythrocytes of rhinoceroses [DE Paglia et al], 1113

***Rhodococcus equi***
Evaluation of equine immunoglobulin specific for *Rhodococcus equi* virulence-associated proteins A and C for use in protecting foals against *Rhodococcus equi*-induced pneumonia [KE Hooper-McGrevy et al], 1307

**RNA**
Comparison of endogenous feline leukemia virus RNA content in feline vaccine and nonvaccine site-associated sarcomas [BA Kidney et al], 1990

**Romifidine**
Comparison of detomidine and romifidine as premedicants before ketamine and halothane anesthesia in horses undergoing elective surgery [PM Taylor et al], 359
Cardiovascular effects of romifidine in dogs [BH Pypendop et al], 490

**Rottweilers**
Comparison of the radius of curvature of the ulnar trochlear notch of Rottweilers and Greyhounds [KE Collins et al], 968

## S

***Salmonella* spp**
Fecal shedding of *Giardia duodenalis*, *Cryptosporidium parvum*, *Salmonella* organisms, and *Escherichia coli* O157:H7 from llamas in California [FC Rulofson et al], 637
Rapid infection in market-weight swine following exposure to a *Salmonella* Typhimurium-contaminated environment [HS Hurd et al], 1194
In vitro inhibition of *Salmonella* organisms isolated from reptiles by an inactivated culture of microcin-producing *Escherichia coli* [RE Wooley et al], 1399
Evaluation of an autogenous *Salmonella* bacterin and a modified live *Salmonella* serotype Choleraesuis vaccine on a commercial dairy farm [JK House et al], 1897

**Sample Size**
Use of a sample size for estimating efficacy of a vaccine against an infectious disease [TE Carpenter], 1582
Correction, 1902

**α-Sarcoglycan**
Use of western immunoblot for evaluation of myocardial dystrophin, α-sarcoglycan, and β-dystroglycan in dogs with idiopathic dilated cardiomyopathy [AW Spier et al], 67

**Sarcoids**
Bovine papillomavirus DNA in neoplastic and nonneoplastic tissues obtained from horses with and without sarcoids in the western United States [EA Carr et al], 741
Expression of a transforming gene (E5) of bovine papillomavirus in sarcoids obtained from horses [EA Carr et al], 1212

**Sarcoma**
Comparison of endogenous feline leukemia virus RNA content in feline vaccine and nonvaccine site-associated sarcomas [BA Kidney et al], 1990

**Scabies**
Characterization of house dust mite and scabies mite allergens by use of canine serum antibodies [RJ Schumann et al], 1344

**Scintigraphy**
Comparison of deposition images obtained by use of an ultrafine 99m-technetium-labeled carbon dry aerosol with ventilation images obtained by use of 81m-krypton gas for evaluation of pulmonary dysfunction in calves [DM Votion et al], 1881

**Selectin**
Effects of the synthetic selectin inhibitor TBC1269 on tissue damage during acute *Mannheimia haemolytica*-induced pneumonia in neonatal calves [ZA Radi et al], 17

**Selenium**
Selenium status of cats in four regions of the world and comparison with reported incidence of hyperthyroidism in cats in those regions [DJ Foster et al], 934
Effect of chronic exposure to excess dietary copper and dietary selenium supplementation on liver specimens from rats [EM Aburto et al], 1423

**Semen Analysis**
Generation of reactive oxygen species by equine spermatozoa [BA Ball et al], 508

**Serology**
Characterization of house dust mite and scabies mite allergens by use of canine serum antibodies [RJ Schumann et al], 1344
Reactivity of serum samples of dogs and horses tested by use of class-specific recombinant-based enzyme-linked immunosorbent assays for detection of granulocytic ehrlichiosis [LA Magnarelli et al], 1365
Development and evaluation of a highly sensitive and specific blocking enzyme-linked immunosorbent assay and polymerase chain reaction assay for diagnosis of bovine leukemia virus infection in cattle [SE Gutiérrez et al], 1571
Spatial distribution of seropositivity to the causative agent of granulocytic ehrlichiosis in dogs in California [JE Foley et al], 1599

**Sevoflurane**
Respiratory reflexes in spontaneously breathing anesthetized dogs in response to nasal administration of sevoflurane, isoflurane, or halothane [T Mutoh et al], 311
Effects of nitrous oxide on mask induction of anesthesia with sevoflurane or isoflurane in dogs [T Mutoh et al], 1727

**Sheep**
Pharmacodynamics and pharmacokinetics of ketoprofen enantiomers in sheep [AK Arifah et al], 77
Effects of subclinical pregnancy toxemia on immune responses in sheep [N Lacetera et al], 1020
Correction, 1446
Direct and indirect contact rates among beef, dairy, goat, sheep, and swine herds in three California counties, with reference to control of potential foot-and-mouth disease transmission [TW Bates et al], 1121
Correction, 1477
Comparison of ultrasonography and pharmacokinetic analysis of creatine kinase release for quantitative assessment of postinjection muscle damage in sheep [PJ Ferré et al], 1698

**Shock**
Comparison of heartworm extract-induced shock and endotoxin-induced shock in dogs by determination of serum tumor necrosis factor concentrations [K Kitoh et al], 765
Role of histamine in heartworm extract-induced shock in dogs [K Kitoh et al], 770

**Signal-adapted Filter**
Evaluation of a signal-adapted filter for processing of periodic electromyography signals in horses walking on a treadmill [C Peham et al], 1687

**Small Intestine**
In vitro evaluation of a customized solution for use in attenuating effects of ischemia and reperfusion in the equine small intestine [LM Van Hoogmoed et al], 1679

**Snakes**
Partial characterization of retroviruses from boid snakes with inclusion body disease [ER Jacobson et al], 217
Validation of a novel high-sensitivity radioimmunoassay procedure for measurement of total thyroxine concentration in psittacine birds and snakes [CB Greenacre et al], 1750

**Sodium Chloride**
Additive effects of a sodium chloride restricted diet and furosemide administration in healthy dogs [CS Lovern et al], 1793

**Sodium Citrate**
Effects of sodium citrate, low molecular weight heparin, and prostaglandin E1 on aggregation, fibrinogen binding, and enumeration of equine platelets [JK Kingston et al], 547

**Specific Gravity**
Estimation of the probability for exceeding thresholds of urine specific gravity and plasma concentration of furosemide at various intervals after intravenous administration of furosemide in horses [KK Chu et al], 1349

**Spectroscopy**
Detection of free radicals in ischemic and reperfused canine gracilis muscle flaps by use of spin-trapping electron paramagnetic resonance spectroscopy [BA Brisson et al], 384

**Spectrum Analysis**
Spectrum analysis of respiratory sounds in exercising horses with experimentally induced laryngeal hemoplegia or dorsal displacement of the soft palate [FJ Derksen et al], 659

**Spermatozoa**
Generation of reactive oxygen species by equine spermatozoa [BA Ball et al], 508

**Spinal Cord**
Development of a functional scoring system in dogs with acute spinal cord injuries [NJ Olby et al], 1624

**Standardbreds**
Effects of aerosolized albuterol on physiologic responses to exercise in Standardbreds [MR Mazan et al], 1812

***Staphylococcus aureus***
Expression of CD3 and CD11b antigens on blood and mamma-

ry gland leukocytes and bacterial survival in milk of cows with experimentally induced *Staphylococcus aureus* mastitis [AL Rivas et al], 1840

**Statistics**
Use of a sample size for estimating efficacy of a vaccine against an infectious disease [TE Carpenter], 1582
Correction, 1902

**Sternothyroid Muscle**
Effect of a tongue-tie on upper airway mechanics during exercise following sternothyroid myectomy in clinically normal horses [WL Beard et al], 779

**Steroidogenesis**
Uptake of β-carotene by ovarian and uterine tissues and effects on steroidogenesis during the estrous cycle in cats [BP Chew et al], 1063

**Stomach**
A rapid and strong laparoscopic-assisted gastropexy in dogs [CA Rawlings et al], 871

***Streptococcus* spp**
Comparison of number of *Streptococcus uberis* calculated on a volume or weight basis in sand and sawdust bedding [MT Gabler et al], 171
Prevalence of *Streptococcus iniae* in tilapia, hybrid striped bass, and channel catfish on commercial fish farms in the United States [CA Shoemaker et al], 174

**Superoxide**
Evaluation of phagocytosis, bactericidal activity, and production of superoxide anion, nitric oxide, and tumor necrosis factor-α in Kupffer cells of neonatal pigs [JK Akunda et al], 1040
Serum lipid peroxide and α-tocopherol concentrations and superoxide dismutase activity in captive bottle-nosed dolphins [M Kasamatsu et al], 1952

**Surgery**
Prevalence and prognostic importance of hypomagnesemia and hypocalcemia in horses that have colic surgery [JM Garcia-Lopez et al], 7
Biomechanical properties of braided polyester tapes intended for use as intra-articular cranial cruciate ligament prostheses in dogs [H de Rooster et al], 48
Effects of changes in power setting of an ultrasonic aspirator on amount of damage to the cerebral cortex of healthy dogs [RS Bagley et al], 248
Reduction of diameter of the left ventricle of dogs by plication of the left ventricular free wall [JNBM de Andrade et al], 297
Neodymium:yttrium aluminum garnet laser ventriculocordectomy in standing horses [JF Hawkins et al], 531
Influence of an interdental full pin on stability of an acrylic external fixator for rostral mandibular fractures in dogs [WT Cook et al], 576
Effect of a tongue-tie on upper airway mechanics during exercise following sternothyroid myectomy in clinically normal horses [WL Beard et al], 779
A rapid and strong laparoscopic-assisted gastropexy in dogs [CA Rawlings et al], 871
Effects of ring diameter and wire tension on the axial biomechanics of four-ring circular external skeletal fixator constructs [AR Cross et al], 1025
Effects of a bioactive glass on healing of closed skin wounds in dogs [RL Gillette et al], 1149
Use of a hyaluronate membrane for jejunal anastomosis in horses [RB Eggleston et al], 1314

**Survival**
Evaluation of the survival prediction index as a model of risk stratification for clinical research in dogs admitted to intensive care units at four locations [LG King et al], 948

**Sutures**
Biomechanical analysis of suture anchors and suture materials used for toggle pin stabilization of hip joint luxation in dogs [WI Baltzer et al], 721

**Swine Fever**
Adsorption of colostral antibodies against classical swine fever, persistence of maternal antibodies, and effect on response to vaccination in pigs [J Vandeputte et al], 1805

**Synovial Fluid**
Concentrations of chondroitin sulfate epitopes 3B3 and 7D4 in synovial fluid after intra-articular and extracapsular reconstruction of the cranial cruciate ligament in dogs [KA Johnson et al], 581

**Synovial Membranes**
Evaluation of opioid receptors in synovial membranes of horses [JG Sheehy et al], 1408

## T

**Tachycardia**
Metabolic and structural abnormalities in dogs with early left ventricular dysfunction induced by incessant tachycardia [K Mc Entee et al], 889

**Taurine**
Effects of dietary fat and L-carnitine on plasma and whole blood taurine concentrations and cardiac function in healthy dogs fed protein-restricted diets [SL Sanderson et al], 1616
Correction, 1968

**TCB1269**
Comparison of bronchoalveolar lavage fluid obtained from *Mannheimia haemolytica*-inoculated calves with and without prior treatment with the selectin inhibitor TBC1269 [JM Caverly et al], 665

**T Cells**
Induction of specific cytotoxic T-cell activity against xenogeneic target cells in carp (*Cyprinus carpio*) [K Yamamoto et al], 599

**Telomerase**
Telomerase activity in clinically normal dogs and dogs with malignant lymphoma [LM Carioto et al], 1442
Telomere length and telomerase activity in canine mammary gland tumors [M Yazawa et al], 1539
Telomerase activity as a marker for malignancy in feline tissues [CD Cadile et al], 1578

**Temperature**
Impact of environmental temperature on response of neonatal pigs to an endotoxin challenge [JA Carroll et al], 561
Relationship between mean body surface temperature measured by use of infrared thermography and ambient temperature in clinically normal pigs and pigs inoculated with *Actinobacillus pleuropneumoniae* [JA Loughmiller et al], 676
Evaluation of hoof wall surface temperature as an index of digital vascular perfusion during the prodromal and acute phases of carbohydrate-induced laminitis in horses [DM Hood et al], 1167

**Tendons**
Myofibroblasts in the accessory ligament (distal check ligament) and the deep digital flexor tendon of foals [DK Hartzel et al], 823

Efficacy of computerized discrimination between structure-related and non-structure-related echoes in ultrasonographic images for the quantitative evaluation of the structural integrity of superficial digital flexor tendons in horses [H TM van Schie et al], 1159
Use of quantitative analysis of sonographic brightness for detection of early healing of tendon injury in horses [L Micklethwaite et al], 1320
Effects of β-aminopropionitrile on equine tendon metabolism in vitro and on effects of insulin-like growth factor-I on matrix production by equine tenocytes [LA Dahlgren et al], 1557
Model formulation and determination of in vitro parameters of a noninvasive method to calculate flexor tendon forces in the equine forelimb [LS Meershoek et al], 1585
Sensitivity analysis and application to trotting of a noninvasive method to calculate flexor tendon forces in the equine forelimb [LS Meershoek et al], 1594
Effects of exercise on biomechanical properties of the superficial digital flexor tendon in foals [W Cherdchutham et al], 1859

**Theriogenology**
Generation of reactive oxygen species by equine spermatozoa [BA Ball et al], 508
Microvascular development and growth of uterine tissue during the estrous cycle in mares [FM Gerreira-Dias et al], 526
Lectin binding patterns of uterine glands in mares with chronic endometrial degeneration [I Walter], 840
Uptake of β-carotene by ovarian and uterine tissues and effects on steroidogenesis during the estrous cycle in cats [BP Chew et al], 1063

**Thermodilution**
Assessment of lithium dilution cardiac output as a technique for measurement of cardiac output in dogs [DJ Mason et al], 1255
Correction, 1611

**Thermography**
Relationship between mean body surface temperature measured by use of infrared thermography and ambient temperature in clinically normal pigs and pigs inoculated with *Actinobacillus pleuropneumoniae* [JA Loughmiller et al], 676

**Thoroughbreds**
Calcium sensitivity of force production and myofibrillar ATPase activity in muscles from Thoroughbreds with recurrent exertional rhabdomyolysis [JA Mlekoday et al], 1647

**Thrombopathia**
Molecular and genetic basis for thrombasthenic thrombopathia in Otterhounds [MK Boudreaux et al], 1797

**Thyroid Gland**
Selenium status of cats in four regions of the world and comparison with reported incidence of hyperthyroidism in cats in those regions [DJ Foster et al], 934
Effects of dilated cardiomyopathy on the renin-angiotensin-aldosterone system, atrial natriuretic peptide activity, and thyroid hormone concentrations in dogs [A Tidholm et al], 961
Thyroid function testing in Greyhounds [KR Gaughan et al], 1130
Validation of a novel high-sensitivity radioimmunoassay procedure for measurement of total thyroxine concentration in psittacine birds and snakes [CB Greenacre et al], 1750
Effects of racing and training on serum thyroid hormone concentrations in racing Greyhounds [RC Hill et al], 1969

**Ticks**
Experimental induction of chronic borreliosis in adult dogs exposed to *Borrelia burgdorferi*-infected ticks and treated with dexamethasone [Y-F Chang et al], 1104
Pathogenicity of four strains of entomopathogenic fungi against the bovine tick *Boophilus microplus* [SB Onofre et al], 1478

**Tilapia**
Prevalence of *Streptococcus iniae* in tilapia, hybrid striped bass, and channel catfish on commercial fish farms in the United States [CA Shoemaker et al], 174

**Timolol Maleate**
Effect of topical administration of 2% dorzlamide hydrochloride or 2% dorzlamide hydrochloride-0.5% timolol maleate on intraocular pressure in clinically normal horses [AM Willis et al], 709

**α-Tocopherol**
Serum lipid peroxide and α-tocopherol concentrations and superoxide dismutase activity in captive bottle-nosed dolphins [M Kasamatsu et al], 1952

**α-Tocopheryl**
Effect of α-tocopheryl acetate supplementation on vitamin E concentrations in Greyhounds before and after a race [KC Scott et al], 1118

**Toggle Pins**
Biomechanical analysis of suture anchors and suture materials used for toggle pin stabilization of hip joint luxation in dogs [WI Baltzer et al], 721

**Tongue-Ties**
Effect of a tongue-tie on upper airway mechanics in horses during exercise [CJ Cornelisse et al], 775
Effect of a tongue-tie on upper airway mechanics during exercise following sternothyroid myectomy in clinically normal horses [WL Beard et al], 779
Computed tomographic study of the effect of a tongue-tie on hyoid apparatus position and nasopharyngeal dimensions in anesthetized horses [CJ Cornelisse et al], 1865

**Tortoises**
Soluble scute proteins of healthy and ill desert tortoises (*Gopherus agassizii*) [BL Homer et al], 104

**Toxemia**
Effects of subclinical pregnancy toxemia on immune responses in sheep [N Lacetera et al], 1020
Correction, 1446

**Toxicology**
Pharmacokinetics and toxic effects of lithium chloride after intravenous administration in conscious horses [CL Hatfield et al], 1387
Effect of chronic exposure to excess dietary copper and dietary selenium supplementation on liver specimens from rats [EM Aburto et al], 1423

**Training**
Training failure among yearling horses [J Hernandez et al], 1418

**Transfusion**
Effect of storage conditions on hemostatic parameters of canine plasma obtained for transfusion [C Iazbik et al], 734

**Transmissible Venereal Tumors**
Use of a murine xenograft model for canine transmissible venereal tumor [A Harmelin et al], 907

***Tritrichomonas foetus***
Experimental infection of cats with *Tritrichomonas foetus* [JL Gookin et al], 1690
Correction, 1951

**Tuberculosis**
Experimental deer-to-deer transmission of *Mycobacterium bovis* [MV Palmer et al], 692

**Tumor Necrosis Factor**
Comparison of heartworm extract-induced shock and endotoxin-induced shock in dogs by determination of serum tumor necrosis factor concentrations [K Kitoh et al], 765
Effects of long-term administration of recombinant bovine tumor necrosis factor-α on glucose metabolism and growth hormone secretion in steers [S Kushibiki et al], 794
Evaluation of phagocytosis, bactericidal activity, and production of superoxide anion, nitric oxide, and tumor necrosis factor-α in Kupffer cells of neonatal pigs [JK Akunda et al], 1040
Investigation of mRNA expression of tumor necrosis factor-α interleukin-1β and cyclooxygenase-2 in cultured equine digital artery smooth muscle cells after exposure to endotoxin [DH Rodgerson et al], 1957

## U

**Ulna**
Comparison of the radius of curvature of the ulnar trochlear notch of Rottweilers and Greyhounds [KE Collins et al], 968
In vitro experimental study of the effect of radial shortening and ulnar ostectomy on contact patterns in the elbow joint of dogs [CA Preston et al], 1548

**Ultrasonography**
Efficacy of computerized discrimination between structure-related and non-structure-related echoes in ultrasonographic images for the quantitative evaluation of the structural integrity of superficial digital flexor tendons in horses [H TM van Schie et al], 1159
Use of quantitative analysis of sonographic brightness for detection of early healing of tendon injury in horses [L Micklethwaite et al], 1320
Comparison of ultrasonography and pharmacokinetic analysis of creatine kinase release for quantitative assessment of postinjection muscle damage in sheep [PJ Ferré et al], 1698
Detailed ultrasonographic mapping of the pelvis in clinically normal horses and ponies [JE Tomlinson et al], 1768

**Urinary System**
Results of cystometry and urethral pressure profilometry in dogs sedated with medetomidine or xylazine [CA Rawlings et al], 167
Ultrastructure of selected calcium oxalate-containing urinary calculi from dogs [RA Domingo-Neumann et al], 237
Effects of the angiotensin converting enzyme inhibitor benazepril in cats with induced renal insufficiency [SA Brown et al], 375
Use of plasma clearance of iohexol for estimating glomerular filtration rate in cats [K Miyamoto], 572
Effects of dilated cardiomyopathy on the renin-angiotensin-aldosterone system, atrial natriuretic peptide activity, and thyroid hormone concentrations in dogs [A Tidholm et al], 961
Use of a monovalent leptospiral vaccine to prevent renal colonization and urinary shedding in cattle exposed to *Leptospira borgpetersenii* serovar hardjo [CA Bolin et al], 995
Use of capillary electrophoresis to quantitate carbamylated hemoglobin concentrations in dogs with renal failure [R Heiene et al], 1302
Evaluation of plasma clearance of inulin in clinically normal and partially nephrectomized cats [K Miyamoto], 1332
Chronic ingestion of high concentrations of cholecalciferol in cats [TR Sih et al], 1500
Comparison of urine composition of healthy Labrador Retrievers and Miniature Schnauzers [AE Stevenson et al], 1782
Effects of acetylpromazine or morphine on urine production in halothane-anesthetized dogs [SA Robertson et al], 1922

**Urokinase**
Effects of vitamin E on urokinase-plasminogen activator receptor expression by bovine neutrophils [I Politis et al], 1934

**Urticaria**
Results of intradermal tests in horses without atopy and horses with atopic dermatitis or recurrent urticaria [G Lorch et al], 1051

**Uterus**
Microvascular development and growth of uterine tissue during the estrous cycle in mares [FM Gerreira-Dias et al], 526
Lectin binding patterns of uterine glands in mares with chronic endometrial degeneration [I Walter], 840
Uptake of β-carotene by ovarian and uterine tissues and effects on steroidogenesis during the estrous cycle in cats [BP Chew et al], 1063

**Uveitis**
Use of an intravitreal sustained-release cyclosporine delivery device for treatment of equine recurrent uveitis [BC Gilger et al], 1892

## V

**Vaccination**
Use of long-term vaccination with a killed vaccine to prevent fecal shedding of *Mycobacterium avium* subsp *paratuberculosis* in dairy herds [CHJ Kalis et al], 270
Evaluation of effectiveness of a vaccination program against an infectious disease at the population level [TE Carpenter], 202
Letter [PS Morley et al], 648
Intranasal vaccination of rabbits with *Pasteurella multocida* A:3 outer membranes that express iron-regulated proteins [AW Confer et al], 697
Serologic evaluation, efficacy, and safety of a commercial modified-live canine distemper vaccine in domestic ferrets [J Wimsatt et al], 736
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for polyomavirus DNA and antigen [BA Kidney et al], 828
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for papillomavirus DNA and antigen [BA Kidney et al], 833
Use of a monovalent leptospiral vaccine to prevent renal colonization and urinary shedding in cattle exposed to *Leptospira borgpetersenii* serovar hardjo [CA Bolin et al], 995
Detection of shared antigenic determinants on whole *Moraxella bovis* pili by use of antisera to cyanogen bromide-cleaved *M bovis* pilus protein [WH Greene et al], 1279
Derivation and characterization of a live attenuated equine influenza vaccine virus [JS Youngner et al], 1290
Oral vaccination of sexually mature pigs with *Brucella abortus* vaccine strain RB51 [MD Edmonds et al], 1328
Establishment of two vaccine-associated feline sarcoma cell lines and determination of in vitro chemosensitivity to doxorubicin and mitoxantrone [LE Williams et al], 1354
Effect of maternal immunity on the immune response to oral vaccination against rabies in young foxes [TF Müller et al], 1154
Correction, 1401
Adsorption of colostral antibodies against classical swine fever, persistence of maternal antibodies, and effect on response to vaccination in pigs [J Vandeputte et al], 1805
Evaluation of an autogenous *Salmonella* bacterin and a modified live *Salmonella* serotype Choleraesuis vaccine on a commercial dairy farm [JK House et al], 1897
Use of a sample size for estimating efficacy of a vaccine against an infectious disease [TE Carpenter], 1582
Correction, 1902

**Vaccination Site-associated Sarcoma**
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for polyomavirus DNA and antigen [BA Kidney et al], 828
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for papillomavirus DNA and antigen [BA Kidney et al], 833
Establishment of two vaccine-associated feline sarcoma cell lines and determination of in vitro chemosensitivity to doxorubicin and mitoxantrone [LE Williams et al], 1354
Comparison of endogenous feline leukemia virus RNA content in feline vaccine and nonvaccine site-associated sarcomas [BA Kidney et al], 1990

**Valine**
Effect of a valine residue at codon 352 of the VP2 capsid protein on in vivo replication and pathogenesis of Aleutian disease parvovirus in mink [MAM Stevenson et al], 1658

**Ventricles**
Metabolic and structural abnormalities in dogs with early left ventricular dysfunction induced by incessant tachycardia [K Mc Entee et al], 889

**Vertebral Column**
Methodology and validity of assessing kinematics of the thoracolumbar vertebral column in horses on the basis of skin-fixated markers [M Faber et al], 301
Basic three-dimensional kinematics of the vertebral column of horses trotting on a treadmill [M Faber et al], 757
Pressure profilometry of the lumbosacral disk in dogs [RAS Mitchell et al], 1734

**Vesicles**
Activation-induced mobilization of secretory vesicles in bovine neutrophils [SD Swain et al], 1776

**Vesicular Stomatitis Virus (VSV)**
Contact transmission of vesicular stomatitis virus New Jersey in pigs [DE Stallknecht et al], 516

**Virology**
Polymerase chain reaction analysis for viruses in paraffin-embedded myocardium from dogs with dilated cardiomyopathy or myocarditis [TR Maxson et al], 130
Partial characterization of retroviruses from boid snakes with inclusion body disease [ER Jacobson et al], 217
Experimental infection of European wild boars and domestic pigs with pseudorabies viruses with differing virulence [TF Müller et al], 252
Contact transmission of vesicular stomatitis virus New Jersey in pigs [DE Stallknecht et al], 516
Effects of intranasal inoculation with *Bordetella bronchiseptica*, porcine reproductive and respiratory syndrome virus, or a combination of both organisms on subsequent infection with *Pasteurella multocida* in pigs [SL Brockmeier et al], 521
In vitro characterization of FIV-pPPR, a pathogenic molecular clone of feline immunodeficiency virus, and two drug-resistant *pol* gene mutants [MA McCrackin Stevenson et al], 588
Bovine papillomavirus DNA in neoplastic and nonneoplastic tissues obtained from horses with and without sarcoids in the western United States [EA Carr et al], 741
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for polyomavirus DNA and antigen [BA Kidney et al], 828
Evaluation of formalin-fixed paraffin-embedded tissues from vaccine site-associated sarcomas of cats for papillomavirus DNA and antigen [BA Kidney et al], 833
Susceptibility of ducks to avian pneumovirus of turkey origin [H-J Shin et al], 991
Relationship between degree of viremia and disease manifestations in calves with experimentally induced bovine viral diarrhea virus infection [PH Walz et al], 1095
Expression of a transforming gene (E5) of bovine papillomavirus in sarcoids obtained from horses [EA Carr et al], 1212
Derivation and characterization of a live attenuated equine influenza vaccine virus [JS Youngner et al], 1290
Evaluation of concurrent shedding of bovine coronavirus via the respiratory tract and enteric route in feedlot cattle [K-O Cho et al], 1436
Development and evaluation of a highly sensitive and specific blocking enzyme-linked immunosorbent assay and polymerase chain reaction assay for diagnosis of bovine leukemia virus infection in cattle [SE Gutiérrez et al], 1571
Evaluation of ultrastructural changes associated with encephalomyocarditis virus in the myocardium of experimentally infected piglets [V Psychas et al], 1653
Effect of a valine residue at codon 352 of the VP2 capsid protein on in vivo replication and pathogenesis of Aleutian disease parvovirus in mink [MAM Stevenson et al], 1658
Adsorption of colostral antibodies against classical swine fever, persistence of maternal antibodies, and effect on response to vaccination in pigs [J Vandeputte et al], 1805
Shedding of porcine reproductive and respiratory syndrome virus in mammary gland secretions of sows [EA Wagstrom et al], 1876
Comparison of endogenous feline leukemia virus RNA content in feline vaccine and nonvaccine site-associated sarcomas [BA Kidney et al], 1990

**Vitamins**
Effects of oral vitamin E supplementation during late gestation in beef cattle that calved in late winter and late summer [RT Bass II et al], 921
Effect of α-tocopheryl acetate supplementation on vitamin E concentrations in Greyhounds before and after a race [KC Scott et al], 1118
Seasonal changes in serum calcium, phosphorus, and vitamin D concentrations in llamas and alpacas [BB Smith et al], 1187
Chronic ingestion of high concentrations of cholecalciferol in cats [TR Sih et al], 1500
Metabolism of amino acids in cats with severe cobalamin defiency [CG Ruaux et al], 1852
Effects of vitamin E on urokinase-plasminogen activator receptor expression by bovine neutrophils [I Politis et al], 1934

**von Willebrand Disease**
von Willebrand disease phenotype and von Willebrand factor marker genotype in Doberman Pinschers [MB Brooks et al], 364

## W

**Water**
Water quality in cattle feedyard playas in winter and summer [CW Purdy et al], 1402

**Weight**
Effects of age, body weight, and heart rate on transmitral and pulmonary venous flow in clinically normal dogs [KE Schober et al], 1447
Effect of age and body weight on neurohumoral variables in healthy Cavalier King Charles Spaniels [AS Eriksson et al], 1818

**Wildlife/Zoo Animals**
Determination of optimal immobilizing doses of a medetomidine hydrochloride and ketamine hydrochloride combination in captive reindeer [KA Ryeng et al], 119
Role of excessive maternal iron in the pathogenesis of congenital leukoencephalomalacia in captive black rhinoceroses (*Diceros bicornis*) [DE Paglia et al], 343

Clinical evaluation of established optimal immobilizing doses of medetomidine-ketamine in captive reindeer (*Rangifer tarandus tarandus*) [KA Ryeng et al], 406
Experimental deer-to-deer transmission of *Mycobacterium bovis* [MV Palmer et al], 692

## X

**X-Ray Absorptiometry**
Evaluation of dual energy x-ray absorptiometry for in situ measurement of bone mineral density of equine metacarpi [SR McClure et al], 752
Use of dual energy x-ray absorptiometry for noninvasive body composition measurements in clinically normal dogs [SD Lauten et al], 1295
Correction, 1775

**Xylazine**
Effects of dexamethasone on emesis in cats sedated with xylazine hydrochloride [C-M Ho et al], 1218
